Introduction
Foundations Of Object-Oriented Programming And Squeak
Objects, Smalltalk, Dynabooks, and Squeak: Where the Objects Come From
Object-Oriented Programming
Birth of Objects
A Personal Computer for Children of All Ages
Back to the Future
Common Ancestry of Other Object-Oriented Languages
A Tour of Squeak
Basic Rules of Smalltalk
Doing Normal Things in Squeak
Doing Object Things in Squeak
Using Squeak
Tools and Strategies: Finding More in Squeak
How Do You Make an Application in Squeak?
Your First Program: Joe the Box
Adele Goldberg's Joe the Box
Tools and Strategies: Filling in New Code
Playing with Boxes
Creating the Box Class and Box Instances
Basics of Drawing
Extending Box to Create NamedBox
Tools and Strategies: How to Go from Sample Code to Reuse
Improving Boxes: Efficiency, Animation, and Design
Designing Object Systems
The Object-Oriented Design Process
Your First Design: A Clock
Specializing Clock as an AlarmClock
Reusing the Clock and AlarmClock
Implementing Models
Rules of Thumb for Good Object-Oriented Designs
Tools and Strategies: Programming in Groups
Building User Interfaces in Squeak
Issues in Building a Use Interface
Developing Model-View-Controller
Building Pluggable User Interfaces in Squeak
Building Morphic User Interfaces
Tools and Strategies: Using Morphs That You Haven't Met Yet
Designing User Interfaces in Squeak
Know Thy Users for They Are Not You
Understanding the User
Matching Users to Interface: Avoiding User Error
A User-Interface Design Process
Critiquing Our Clock Interface
Evaluation of User Interfaces
Multimedia Nuts-and-Bolts
Text
Graphics and Animation
Sound
New Media in Squeak
Making the Dynabook in Squeak
Case Studies
Case Study: Audio Notes
Motivation for Audio Notes
Using Audio Notes
Details on Use
Object-Oriented Design and Programming of Audio Notes
Evaluating the Design and Interface
Case Study: Pluggable Web Server and Swiki
Networking Support of Squeak
Swiki as a PWS Application
Case Study: MAT (Multimedia Authoring Tool)
Motivation for and Use of MAT
Object Design and Programming in MAT
User Evaluation of MAT
Case Study: Prototyping a Playwriting Workbench
Motivation and Setting the Goal
Object Analysis of the Workbench
Implementation of the Play Workbench
Iterating on the PlayBench
Evaluating the PlayBench: Expert Evaluation and Observation
A Quick-Start Guide of Squeak Examples
Constants
Control Structure Expressions Involving Blocks
Testing Objects
Basic Object Behavior
Boolean Operations
Magnitude and Number Operations
Character Operations
Collection Operations
String Operations
Index
