

Clinical Presentation, Clinical Epidemiology, Natural History

The Epidemiology of LAV/HTLV-III Infections in Europe

HTLV-III Infection: Clinical and Epidemiological Experience in the Turin Area

Epidemiological and Clinical Aspects of HTLV-III/LAV in Milan

Seropidemiological Studies in Healthy Homosexual Men in the Munich Area: A Combined Biological and Psychological Approach

AIDS in Two Dutch University Hospitals

Clinico-pathological Study of 203 Intravenous Drug Abusers from North East Italy

Detection of anti-HTLV-III/LAV Antibody by Commercial ELISA in 775 Serum Samples of High Risk Individuals Collected Over a Period of Twelve Years in Switzerland

AIDS and Related Disease in Newborn and Infants

Serological Evidence of LAV/HTLV-III Infection in Greek Female Prostitutes

The Spread of the HTLV-III/LAV Infection in a Population of Hemophiliacs Treated Exclusively with Commercial Concentrates

Atopic Manifestations in the Acquired Immune Deficiency Syndrome

Clinical and Biological Profile of African AIDS: A Study of 42 Patients

Infections

Infectious Complications of AIDS

Fungal Infections in AIDS

Aspects of Mycobacterial Infections in AIDS in the UK

Proposal and Preliminary Results of a Treatment Regimen with Pyrimethamine, Clindamycine, and Spiramycine in Toxoplasmosis of the Central Nervous System

Clinical Management of Cryptosporitosis in AIDS Patients by Interferon Alpha-A and Recombinant Interleukin-2

Clinical Immunology, Laboratory Tests, Diagnostics

Prognostic and Diagnostic Value of Lymph Node Biopsy in AIDS and Persistent Generalized Lymphadenopathy

Longitudinal Immunology Studies on Male Homosexuals in London with Respect to HTLV-III/LAV Infection

Comparison of Four Commercial EIA Tests in the Detection of Anti-HTLV-III/LAV Antibody in Patients and High Risk Subjects

In vivo Skin Testing in Healthy Homosexual Men and IV Drug Abusers

Viral Protein Recognition Patterns in Subclinical and Clinical LAV/HTLV-III Infection

Treatment

A Preliminary Report of the Use of Interferon-gamma in Patients with the Acquired Immune Deficiency Syndrome

Experience with Recombinant Interleukin-2 in AIDS/ARC Patients

Suramin Treatment in Patients with AIDS or AIDS-related Complex: Preliminary Results

An Open Trial of Suramin in AIDS Patients: Suppression of HTLV-III/LAV Replication and Clinical Outcome

Preliminary Report of a Trial with DHPG (RS21592) for Cytomegalovirus Infection in Patients with the Acquired Immune Deficiency Syndrome
