Symbols
Introduction
The Syntactic and Semantic Background
The syntactic framework
The Split-Infl hypothesis
Chomsky's minimalist approach
A few words on phrase structure
Syncretic categories and the Feature Scattering Principle
The semantic representation
Tenses as sentential operators
Temporal entities
Events
On the Italian, Latin, and Portuguese Temporal Systems
The temporal projection
The Italian system
The Latin system
The Portuguese system
On nominative case assignment
On the etymology of the Latin pluperfect and future perfect
The Present Perfect in Germanic and Romance
The morphosyntactic properties of the Germanic verbal systems
The morphosyntax of the English verbal system
Other Germanic languages
The position of negation
English modals again
On the present perfect puzzle
The simple past and the present perfect in Italian
The semantics of the present perfect
On the notion of consequent state
Some tentative speculations on the semantics of the present perfect and the simple past
A revision of the notion of consequent state
A compositional semantics for synthetic and analytic perfects
On the argumental status of temporal adverbials
The present perfect in English and MSc and temporal localizations
Toward an account of the present perfect puzzle
More on the present perfect in Italian-like languages
A note on Icelandic
The interpretation of the present perfect in Spanish and Catalan
The analysis of the Portuguese periphrastic present perfect
Some observations on the temporal and aspectual properties of the Italian present perfect
The present perfect in Catanese and Vicentino p. 133
The Present and Imperfect in Germanic and Romance p. 151
The present tense p. 152
Crosslinguistic evidence p. 152
The structure of events p. 154
Punctuality and the properties of the speech event p. 157
A revised notion of punctuality p. 158
The present tense and perfectivity p. 160
On the present-in-the-past interpretation of embedded events in Germanic and Romance p. 173

The Italian imperfect: a characterisation p. 173
Comparative evidence p. 181
On the Semantics and Morphosyntax of the Italian Subjective p. 193
Toward a semantics of the subjunctive p. 193
The data p. 194
Previous accounts p. 201
Mood and modality p. 205
Mood in subordinate clauses p. 211
Factive predicates p. 218
Dream and its companions p. 220
Intralinguistic variations in mood choice p. 223
Other factors affecting mood choice p. 224
Concluding remarks p. 228
The morphosyntax of the Italian subjunctive p. 230
Syncretic categories and the Feature Scattering Principle p. 230
Subject-Verb inversion phenomena in Italian p. 232
The V-to-C solution p. 236
The syncretic category solution p. 239
Extraction from subjunctive clauses p. 247
Conclusions p. 256
Conditionals and counterfactuals p. 256
The Double Accessibility Reading in Italian and English p. 280
The Double Accessibility Reading p. 280
The Italian data p. 282
The English data p. 285
Conclusions p. 289
References p. 293
Author Index p. 304
Subject Index p. 308
