

Preface	p. ix
List of Abbreviations	p. xii
List of Symbols	p. xiii
Introduction	p. 1
What is welfare economics?	p. 2
Is welfare economics a positive or normative study?	p. 5
Welfare versus utility	p. 6
Utility measurability and interpersonal comparability	p. 16
The organisation of the book	p. 18
Summary	p. 19
Basic Value Judgments and Subjective Judgments of Fact	p. 19
Pareto Optimality	p. 26
The Pareto principle	p. 26
The conditions for Pareto optimality	p. 28
The attainment of Pareto optimality	p. 38
Summary	p. 42
The First-Order Conditions for Pareto Optimality	p. 43
The Direction of Welfare Change: Welfare Criteria	p. 47
The debate on compensation tests	p. 47
Taking distribution into account: Little's criterion	p. 52
The inadequacy of purely distributional rankings	p. 57
Retreat to purely efficiency comparisons	p. 61
Quasi-Pareto improvements	p. 62
Conclusions	p. 64
Summary	p. 64
The Magnitude of Welfare Change: Consumer Surplus	p. 65
The origin of the concept: Dupuit and Marshall	p. 65
Hicks' four measures and the average cost difference	p. 66
Which measure?	p. 70
Aggregation over commodities: the issue of path dependency	p. 72
Aggregation over individuals: the Boadway paradox	p. 76
The approximate nature of surplus measurement	p. 78
Consumer surplus of diamond goods	p. 80
Some uses of surplus measurement	p. 82
Summary	p. 85
CV, EV or Marginal Dollar Equivalent?	p. 86
Acceptability of the Marshallian Measure--The Benchmark Case of a Cobb--Douglas Utility Function	p. 90
Social Choice	p. 92
Arrow's impossibility theorem	p. 92
The impossibility propositions by Kemp--Ng and Parks	p. 98
Can the paradox of social choice be resolved?	p. 101

Revealing the intensity of preferences	p. 107
A dollar is a dollar: a 90 per cent solution to the paradox of interpersonal cardinal utility	p. 115
The possibility of a Paretian liberal	p. 119
Summary	p. 120
The Incompatibility of Individualism and Ordinalism	p. 121
The Optimal Distribution of Income	p. 127
Conceptual determination of optimal distribution	p. 127
Utility illusion	p. 129
Theories of optimal income distribution and taxation: Lerner and Mirrlees	p. 131
Discussion	p. 135
Concluding remarks	p. 141
Summary	p. 143
Externality	p. 144
The concept and classification of externalities	p. 144
Divergence from optimality and the tax/subsidy solution	p. 147
Other solutions	p. 152
The conscience effect	p. 154
The Coase theorem and liability rules	p. 158
Summary	p. 162
Public Goods	p. 164
Basic characteristics of public goods	p. 164
Optimality conditions and the financing of public goods	p. 167
An incentive-compatible mechanism for preference revelation	p. 174
Income distribution as a peculiar public good: the paradox of redistribution	p. 180
Economic theories of clubs	p. 182
Summary	p. 183
The Paradox of Redistribution and the Paradox of Universal Externality	p. 184
First, Second or Third Best?	p. 187
The theory of second best	p. 188
Softening the blow of second best	p. 193
A theory of third best	p. 196
Towards a third-best policy	p. 203
Summary	p. 208
A Dollar is a Dollar--Efficiency, Equity and Third-Best Policy	p. 208
Beyond Marginal Analysis: Perspectives from an Inframarginal Analysis of the Division of Labour	p. 230
Towards a more complete welfare economics	p. 230
Marginal versus inframarginal analysis	p. 231
Basic inframarginal analysis of the division of labour	p. 232
The devastating implications of increasing returns on some traditional conclusions	p. 234

The Smith dilemma and its resolution	p. 240
The Pareto optimality of general equilibrium in the new framework--the role of entrepreneurs	p. 243
Welfare economic issues and the division of labour	p. 246
Implications	p. 250
Summary	p. 253
A Simple Model of the Yang--Ng Framework of Specialisation	p. 254
From Preference to Happiness	p. 257
Preference economics or welfare economics?	p. 257
Developments that have prompted a reconsideration	p. 261
A simplified analysis of welfare	p. 275
Implications and concluding remarks	p. 277
Summary	p. 282
Conclusion: Towards an Interdisciplinary Study of Welfare?	p. 284
Further considerations	p. 287
Towards an interdisciplinary study of welfare	p. 293
Summary	p. 296
Notes and References on Some Advanced and Applied Topics	p. 297
References and Author Index	p. 306
Subject Index	p. 351
