

Foundations of Confocal Scanned Imaging in Light Microscopy

Fundamental Limits in Confocal Microscopy

Quantitative Fluorescence Confocal Laser Scanning Microscopy (CLSM) The Pixilated Image

Laser Sources for Confocal Microscopy

Nonlaser Light Sources: Not Using Laser Light for Confocal Microscopy and How to Use Laser Light When It's All You Have

Objective Lenses for Confocal Microscopy

The Specimen Illumination Path and Its Effect on Image Quality

The Intermediate Optical System of Laserscanning Confocal Microscopes

Intermediate Optics in Nipkow Disk Microscopes

The Role of the Pinhole in Confocal Imaging System Photon Detectors for Confocal Microscopy

The Collection, Processing, and Display of Digital Threedimensional Images of Biological Specimens

Visualization Systems for Multidimensional CLSM Images

Mapping and Measuring Surfaces Using Relection Confocal Microscopy.- 22 additional articles
