Introduction

Africa’s climate in the Holocene
The climatic and vegetational history of the equatorial regions of Africa during the upper Quaternary
The tropical African cereals
The spread of domestic animals in Africa
Ethnographic and linguistic evidence for the prehistory of African ruminant livestock, horses and ponies
Nilo-Saharan and the Saharo-Sudanese Neolithic
Recent developments in African language classification and their implications for prehistory
Linguistic evidence for the use of some tree and tuber food plants in southern Nigeria

Examination of botanical remains from early neolithic houses at Nabta Playa, Western Desert, Egypt, with special reference to sorghum grains
Foraging and farming in Egypt: the transition from hunting and gathering to horticulture in the Nile valley
The emergence of a food-producing economy in the Sahara
Identifying early farming traditions of west Africa
The Kintampo complex: a case study of early sedentism and food production in sub-Saharan west Africa
Intensification in the west African Late Stone Age: a view from central Ghana
Agriculture and settlement among the Tiv of Nigeria: some ethno-archaeological observations
Central Africa and the archaeology of the equatorial rainforest: reflections on some major topics
Transition from Late Stone Age to Iron Age in the Sudano-Sahelian zone: a case study from the Perichadian plain
The antiquity of cultivation and herding in Ethiopia
The beginnings of food production in southwestern Kenya
The rise and fall of nomadic pastoralism in the central Namib desert
The iron age peoples of east-central Botswana
Iron age settlement and subsistence patterns in southern Malawi
A question of identities: an anthropological enquiry and a historical narrative
A perspective on archaeological research in Mozambique
New evidence on early iron-smelting from southeastern Nigeria
Changing perspectives on traditional iron production in west Africa
Iron technology in the middle Sahel/Savanna: with emphasis on central Darfur
Iron-making techniques in the Kivu region of Zaire: some of the differences between the South Maniema region and north Kivu
Ancient iron-working in Madagascar
The iron-using communities in Kenya  p. 484
Metaphors and representations associated with precolonial iron-smelting in eastern and southern Africa  p. 499
The magical production of iron in the Cameroon Grassfields  p. 512
Town and village in ancient Egypt: ecology, society and urbanization  p. 551
Urbanism in bronze age Egypt and northeast Africa  p. 570
The land of Punt  p. 587
State development and urbanism in northern Ethiopia  p. 609
Cities without citadels: understanding urban origins along the middle Niger  p. 622
Urbanization and state formation in Ghana during the Iron Age  p. 642
The salt industries of west Africa: a preliminary study  p. 652
Trade and politics on the eastern littoral of Africa, AD 800-1300  p. 658
Exploitation of marine resources: evidence for the origin of the Swahili communities of east Africa  p. 673
Coast-interior settlements and social relations in the Kenya coastal hinterland  p. 694
Urban trajectories on the Zimbabwean plateau  p. 705
Settlement area and communication in African towns and cities  p. 732
References  p. 750
Index  p. 835
