

List of Instances and Applications
List of Figures and Tables
Acknowledgments
Introduction
Local Computation
Valuation Algebras
Operations and Axioms
First Examples
Conclusion
Inference Problems
Graphs, Trees and Hypergraphs
Knowledgebases and their Representation
The Inference Problem
Conclusion
Computing Single Queries
Valuation Algebras with Variable Elimination
Fusion and Bucker Elimination
Valuation Algebras with Neutral Elements
Valuation Algebras with Null Elements
Local Computation as Message Passing Scheme
Covering Join Trees
Join Tree Construction
The Collect Algorithm
Adjoining an Identity Element
The Generalized Collect Algorithm
An Application: The Fast Fourier Transform
Conclusion
Computing Multiple Queries
The Shenoy Shafer
Valuation Algebras with Inverse Elements
The Lauritzen Spiegelhalter Architecture
The HUGIN Architecture
The Idempotent Architecture
Answering Uncovered Queries
Scaling and Normalization
Local Computation with Scaling
Conclusion
Generic Constructions
Semiring Valuation Algebras
Semirings
Semirings and Order

Semiring Valuation Algebras
Examples of Semiring Valuation Algebras
Properties of Semiring Valuation Algebras
Some Computational Aspects
Set Based Semiring Valuation Algebras
Properties of Set Based Semiring Valuation Algebras
Conclusion
Valuation Algebras for Path Problems
Some Path Problem Examples
The Algebraic Path Problem
Quasi Regular Semirings
Quasi Regular Valuation Algebras
Properties of Quasi Regular Valuation Algebras
Kleene Algebras
Kleene Valuation Algebras
Properties of Kleene Valuation Algebras
Further Path Problems
Conclusion
Language and Information
Propositional Logic
Linear Equations
Information in Context
Conclusion
Applications
Dynamic Programming
Solutions and Solution Extensions
Computing Solutions
Optimization and Constraint Problems
Computing Solutions of Optimization Problems
Conclusion
Sparse Matrix Techniques
Systems of Linear Equations
Symmetric, Positive Definite Matrices
Semiring Fixpoint Equation Systems
Conclusion
Gaussian Information
Gaussian Systems and Potentials
Generalized Gaussian Potentials
Gaussian Information and Gaussian Potentials
Valuation Algebra of Gaussian Potentials
An Application: Gaussian Dynamic Systems

An Application: Gaussian Bayesian Networks

Conclusion

Appendix
