

Phylogeny: Introduction

Late Triassic and Jurassic amphibians

The Lepidosauromorpha

Late Triassic-Early Jurassic sphenodontians from China and the phylogeny of the Sphenodontia

Marine members of the Sphenodontia

Patterns of evolution in Mesozoic Crocodyliformes

Sister-group relationships of mammals and transformations of diagnostic mammalian characters

Faunal Assemblages: Introduction

A review of the British Middle Triassic tetrapod assemblages

Small tetrapods from the Upper Triassic of the Richmond Basin, Virginia

Microvertebrates from the Placerias Quarry

Late Triassic microvertebrates from central Europe

Assemblages of small tetrapods from British Late Triassic fissure deposits

Ornithiscian dinosaurs from the Upper Triassic of the United States

Early Jurassic small tetrapods from the McCoy Brook formation of Nova Scotia

The small tetrapods of the Lower Lufeng Formation, Yunnan, China

Assemblages of small tetrapods from the Early Jurassic of Britain

A review of the Early Jurassic tetrapods from the Glen Canyon Group of the American Southwest

An Early or Middle Jurassic tetrapod assemblage from the La Boca Formation, northeastern Mexico

Middle Jurassic microvertebrate assemblages from the British Isles

A new Bathonian microvertebrate locality in the English Midlands

Faunal Change: Introduction

The chronology and biogeography of mammalian origins

Biotic and climatic changes in the Carnian (Triassic) of Europe and adjacent areas

Late Triassic to Middle Jurassic extinctions among continental tetrapods

Comments on 'Late Triassic to Middle Jurassic extinctions among continental tetrapods'

What was the tempo and mode of evolutionary change in the Late Triassic to Middle Jurassic?

Field trip guide: field guide to three late Triassic tetrapod sites in Virginia and North Carolina.
