# Obstetric Physiology and Pharmacology

- Maternal Physiologic Alterations During Pregnancy p. 3
- Uteroplacental Circulation and Respiratory Gas Exchange p. 19
- Obstetric Anesthesia and Uterine Blood Flow p. 29
- Effects of Anesthesia on Uterine Activity and Labor p. 53
- Perinatal Pharmacology p. 71

## Anesthesia for Vaginal Delivery

- Choice of Local Anesthetics in Obstetrics p. 83
- Psychologic and Alternative Techniques for Obstetric Anesthesia p. 103
- Systemic Medication for Labor and Delivery p. 115
- Regional Anesthesia for Labor and Delivery p. 135
- Intraspinal Opiates in Obstetrics p. 157
- Inhalation Analgesia and Anesthesia for Vaginal Delivery p. 193

## Obstetric Complications

- Anesthesia for Cesarean Section p. 211
- Anesthesia for Postpartum Sterilization Surgery p. 247
- Anesthesia for Surgery During Pregnancy p. 259
- Anesthesia for Fetal Procedures and Surgery p. 281
- Anesthesia for Abnormal Positions and Presentations and Multiple Births p. 297
- Anesthetic Considerations in Preeclampsia-Eclampsia p. 305
- Anesthesia for Preterm Labor and Delivery p. 337
- Coagulation Disorders and Hemoglobinopathies in the Obstetric and Surgical Patient p. 365

- Amniotic Fluid Embolism p. 377
- Antepartum and Postpartum Hemorrhage p. 385

## Anesthetic Complications

- Hypotension and Regional Anesthesia in Obstetrics p. 397
- Pulmonary Aspiration of Gastric Contents p. 407
- Neurologic Complications of Regional Anesthesia for Obstetrics p. 433
- Anesthesia-Related Maternal Mortality p. 455
- Obstetric Anesthesia and Lawsuits

## General Considerations and Recommendations

- Review of Obstetric Anesthesia Closed Claims p. 475

## Nonobstetric Disorders During Pregnancy

- Anesthesia for the Pregnant Cardiac Patient p. 485
- Anesthesia for the Pregnant Patient with Asthma p. 525
- Anesthesia for the Pregnant Diabetic Patient p. 539
- Anesthesia for Neurosurgery During Pregnancy p. 551
- Anesthesia for the Pregnant Patient with Neuromuscular Disorders p. 563
