Basic principles and considerations of rational chemotherapy

Biologic and pharmacologic basis of cancer chemotherapy and biotherapy p. 1

Systemic assessment of the patient with cancer and long-term consequences of treatment p. 32

Selection of treatment for the patient with cancer p. 47

Chemotherapeutic and biotherapeutic agents and their use p. 53

Antineoplastic drugs and biologic response modifiers: classification, use, and toxicity of clinically useful agents p. 169

High-dose chemotherapy and hematopoietic stem cell transplantation in hematologic malignancies

Chemotherapy of human cancer

Carcinomas of the head and neck p. 213

Carcinoma of the lung p. 236

Carcinomas of the gastrointestinal tract p. 257

Carcinomas of the pancreas, liver, gallbladder, and bile ducts p. 285

Carcinoma of the breast p. 298

Gynecologic cancer p. 322

Urologic and male genital cancers p. 352

Kidney cancer p. 367

Thyroid and adrenal carcinomas p. 372

Melanomas and other skin malignancies p. 391

Primary and metastatic brain tumors p. 409

Soft tissue sarcomas p. 420

Bone sarcomas p. 433

Acute leukemias p. 446

Chronic leukemias p. 497

Myeloproliferative diseases and myelodysplastic syndromes p. 517

Hodgkin's lymphoma p. 533

Non-Hodgkin's lymphoma p. 548

Multiple myeloma, other plasma cell disorders, and primary amyloidosis p. 572

Metastatic cancer of unknown origin p. 592

Human immunodeficiency virus p. 600

Selected aspects of supportive care of patients with cancer

Side effects of cancer chemotherapy p. 615

Infections: etiology, treatment, and prevention p. 639

Transfusion therapy, bleeding, and clotting p. 666

Oncology emergencies and critical care issues - anaphylaxis, spinal cord compression, cerebral edema, superior vena cava syndrome, hypercalcemia, tumor lysis syndrome, and respiratory failure p. 686

Malignant pleural, peritoneal, and pericardial effusions and meningeal infiltrates p. 704

Cancer pain p. 716

Emotional and psychiatric problems in patients with cancer p. 740
Nomogram for determining body surface area of adults from height and mass p. 759
Nomogram for determining body surface area of children from height and mass p. 760
Cancer screening recommendations for average-risk asymptomatic people by the American Cancer Society p. 761
Selected oncology web sites p. 764
