Troll Phase I Offshore Pipelines: A Project Overview

Troll Phase I: Large-Diameter Pipeline Pull-In and Curve Lay-Away

Troll Phase I: Large-Diameter Pipeline Design/Installation on an Uneven Seabed

Troll Phase I: Design and Execution of Large Scale Rockdumping on a Soft Uneven Seabed

Troll Phase I: Installation of Large Spools Before Pipelay

Troll Phase I: Pipeline/Cable J-Tube Pull-In and Trenching

Troll Oil Pipeline: A Step Further in Pipeline Technology

Troll Oil Pipeline: Assessment of Slope and Gravel Sleeper Stability in Steep Fjord Areas

Troll Oil Pipeline: Seabed Surveying and Pipeline Routing in Critical Areas

Troll Oil Pipeline: Design Solutions for Crossing Very Uneven Seabed

Troll Oil Pipeline: High Precision Seabed Preparation Down to 540m Water Depth

Troll Oil Pipeline: Advanced Landfall Solution at Mongstad

Troll Oil Pipeline: Pipelaying at the Limits of Today’s Technology

The Superb Project: Wall Thickness Design Guideline for Pressure Containment of Offshore Pipelines

Trawl Board Impacts on Pipelines

GL Rules for Subsea Pipelines and Risers

The Superb Project: A New Safety Philosophy for Submarine Pipeline Design

Interaction Between Vessel, Stinger, and Pipeline During Laying Operations in High Seas

Correlation Between Analytical and Experimental Results for Propagation Buckling

Gibraltar Strait Crossing: Free Span Analysis Optimizes Subsea Pipeline

Reducing Intervention Works by Installing Prebent Sections

Large Diameter, Deep Water Pipelay Zeepipe IIA Project

Experience With Corrosion Resistant Pipelines

Materials Selection for Offshore Pipelines

Laboratory Testing on Welded Duplex Stainless Steel Line Pipe Internal Corrosion Resistance

Corrosion Resistance Evaluation of 22Cr Duplex Stainless Steel Weldments

High Chromium Martensitic Stainless Linepipes

Strategic Alliances - They Do Work

Arctic Applications of Flexible Pipe for Production Pipelines and Infield Fluid Transport Systems

Alternative Methods for C.R.A. Pipeline Welding

Application of Advanced Fracture Mechanics to the Assessment of Linepipe Defects

Effects of High Pressure Testing Technique on Pipelines

Assessment of Girth Weld Defects in Transmission Pipelines in the Ductile to Brittle Transition Region

34" Onshore Gasline: Integrity Assessment and Rehabilitation Costs

Lateral Snaking of Hot Pressurized Pipelines Mitigation for Troll Oil Pipeline

Expansion Control Design of Large Diameter Pipelines

Pressure Gradient Phenomena During Horizontal Oil-Water Flow
Wet Gas Metering Performance p. [s.n.]
Minimising Environmental Impact During Gas Pipeline Blowdowns p. 305
An Experimental Investigation Into Lateral Pipeline/Soil Interaction p. 313
Recent Advances in the Modeling of Longitudinal Pipeline/Soil Interaction for Cohesive Soils p. 325
Finite Element Modeling of Lateral Pipeline-Soil Interaction p. 333
Pipelines Subject to Slow Landslide Movements: Structural Modelling vs Field Measurement p. 343
Phenomenological Models to Predict Rainfall-Induced Ground Movements p. 355
Slow Movements of Slopes Interfering With Pipelines: Modelling and Monitoring p. 363
Critical Length for Upheaval Buckling of Straight Pipelines Buried in Ice Rich Soils p. 373
Decision and Risk Assessment in Natural Gas Pipeline Planning p. 377
Simulations for Buried Pipeline Deformations Beneath Ice Scour p. 383
Considerations for the Planning of Pipeline Water Crossings p. 393
Seismic Qualification of Existing Pipeline Systems p. 415
Structural Integrity of Offshore Pipelines in Seismic Conditions p. 421
Stability of Submerged Gas Pipelines in Regions of Eroded Ground p. 431
Tidal Currents in the Gulf of Paria (Venezuela) and Their Effects on the Morphology of the Bottom p. 443
Current Data for the Design of Multispanning Pipelines p. 451
On Current Induced In-Line Oscillation of Pipelines in Free Spans p. 459
Lateral Instability of High Temperature Pipelines: The 20" Sleipner Vest Pipeline p. 471
Scour Around Pipelines in Combined Waves and Current p. 595
North Sea Pipeline and Riser Loss of Containment Study: Continuing Improvements p. 481
Reliability Prediction of Corroding Pipelines p. 495
Pipe Freezing Operations Offshore: Some Safety Considerations p. 511
Industry Standards for Design, Manufacture and In-Service Monitoring of Unbonded Flexible Pipe p. 517
Author Index p. 603
