How Did Transition Economies Perform?	p. 3
Output Fell Sharply	p. 3
Industry Shrank--Services Grew	p. 5
Private Enterprises Overtook the State Sector	p. 6
Exports Rose--Moving Toward Industrial Countries	p. 6
Poverty Increased Sharply	p. 6
Explaining Variation in Output Performance	p. 11
Did Initial Conditions Affect Performance?	p. 11
External Economic Shocks Delayed Recovery	p. 13
Policies--Do They Matter?	p. 13
What Initial Conditions Matter and When Do They Matter?	p. 15
What If Policies Themselves Are Endogenous?	p. 16
Does the Speed of Reform Matter?	p. 16
Summary of Cross-Country Empirical Literature on Growth in Transition Economies	p. 16
Additional Empirical Analysis	p. 19
Policy and Institutional Challenges Ahead	p. 21
The Quest for Growth	p. 23
A Tale of Two Approaches	p. 26
The Associated Fiscal Adjustment	p. 29
...And the Role of Labor Markets	p. 30
Discipline and Encouragement	p. 33
New Enterprises Drive the Transition	p. 39
A Small Number of High-Productivity Small Enterprises Is Not Enough	p. 41
Can We Have It Both Ways, That Is, Protecting Old Inherited Enterprises and Encouraging New Enterprises?	p. 45

Assumptions for Small and New Enterprises	p. 48
Implications of the Higher Productivity of SMEs	p. 50
Imposing Discipline	p. 53
Soft Budget Constraints Can Create Macroeconomic Crises	p. 53
Nonpayments Weaken the Incentives for Efficiency and Restructuring	p. 54
Exit Mechanisms--Implement Now, Revise Later	p. 56
Competition Is Linked to Innovation and Growth	p. 56
Extending Encouragement	p. 59
Corruption and Anticompetitive Practices Mar the Investment Climate	p. 59
Enterprises Lack Confidence in Legal and Judicial Institutions	p. 61
Financial Deepening Is Slow but Progressing	p. 62
Privatization Attracts Foreign Direct Investment, and Positive Spillovers Follow	p. 67
Tax Reform: Broadening the Base and Lowering Rates	p. 67
Intergovernmental Fiscal Relations Supporting Discipline and Encouragement	p. 68
Privatization: Lessons and Agenda for the Future	p. 71
Traditional Privatization or Rapid Privatization?	p. 73
Why Countries Did What They Did	p. 73
Were Vouchers a Mistake and Other "What Ifs"	p. 78
Summarizing Lessons	p. 79
Supportive Social Policies	p. 81
Reforming Pension Systems	p. 81
Social Assistance Should Protect Children and the Most Destitute, Adding More as Budgets Allow	p. 83
Severe Cuts Have Compromised the Quality of Education	p. 84
Containing Costs Will Make Health Care Affordable for Those Who Need It Most	p. 86
The Political Economy of Discipline and Encouragement	p. 89
The Winners and Losers from Discipline and Encouragement	p. 91
Who Wins and Who Loses?	p. 92
The Government Must Be Credible and Able to Constrain Oligarchs and Insiders	p. 94
Classifying Political Systems in Transition	p. 97
Competitive Democracies Have High Political Contestability	p. 99
...and High Government Turnover	p. 101
Political Systems Influence the Choice of Economic Reforms	p. 103
Political Systems Create Rent-Seeking Opportunities	p. 105
How Do Political Systems Affect Economic Reform?	p. 107
Confronting the Political Challenge	p. 111
For Concentrated Political Regimes, Mobilizing Potential Winners	p. 112
For War-Torn Political Systems, Restoring Stability and Reducing Uncertainty	p. 114
For Noncompetitive Political Systems, Taking Advantage of State Capacity	p. 115
For Competitive Democracies, Using Momentum to Build Coalitions for Reform	p. 115
Conclusion	p. 116
Selected Bibliographic Guide to the Political Economy of Transition	p. 117
