Behavioural Strategies Of Predators And Prey
Costs And Benefits Of Fishing By A Semi-Aquatic Carnivore Behavioural
Responses Of Arctic Skuas To Changes In Sandeel
Availability Foraging Behaviour Of Grey And Harbour Seals Cetacean
Strategies For Reducing Foraging Costs Fish Depth
Distribution And Predation Risk- Patterns Of Movement And Habitat
Use By Pike The Role Of Parasites In The Predation Of Freshwater Crustaceans By Fish

The Role Of Predators In Ecosystem Structure
Modelling The Response Of Mussels And Oystercatchers To Environmental
Change Population Rise Of Lake Victoria "Sardine", Following Intensified Predation

The Response Of Atlantic Salmon Populations To Predation
Hunting Techniques And Habitat Use Of Killer
Whales Feeding On Herring Modelling
The Ecological Impacts Of Predators Multispecies
Interactions Food Web Analysis And Marine
Mammals In The Barents Sea Influences Of Large
Mobile Predators In Aquatic Food
Webs Between Year Variations
In The Diet And Behaviour Of Moray
Firth Seals Changes In The Reproduction
Performance Of Seabirds Dippers As Predators In Upland Streams
Predators, Prey And Man
Seals And Fishery Interactions Scavenging
Behaviour In Recently Trawled Areas
How Much Water Does An Aquatic Predator Need
Killing Sawbill Ducks To Improve Salmon Fisheries
The Impact Of Deliberate
Introduction Of New Fish Species On Predator-Prey
Relationship Manipulating
The Fish Zooplankton Interactions In Shallow Lakes
Possible Interactions Between Sandeel Fisheries And Sandeel Predators
Is There A Conflict Between Sandeel Fisheries And Seabirds?
Response Of Seabirds To Natural And Fisheries Induced
Changes In Food Supply
