Care of the Extremely Low-Birthweight Infant p. 390
Care of the Late Preterm Infant p. 405
Pharmacokinetics, Pharmacodynamics, and Pharmacogenetics p. 417
Neonatal Pain and Stress: Assessment and Management p. 429
Immunology and Infections
Immunology of the Fetus and Newborn p. 445
Viral Infections of the Fetus and Newborn and Human Immunodeficiency Virus Infection During Pregnancy p. 468
Toxoplasmosis, Syphilis, Malaria, and Tuberculosis p. 513
Neonatal Bacterial Sepsis p. 538
Health Care - Acquired Infections in the Nursery p. 551
Fungal Infections in the Neonatal Intensive Care Unit p. 565
Respiratory System
Lung Development: Embryology, Growth, Maturation, and Developmental Biology p. 571
Control of Breathing p. 584
Pulmonary Physiology of the Newborn p. 598
Principles of Respiratory Monitoring and Therapy p. 612
Respiratory Distress in the Preterm Infant p. 633
Respiratory Failure in the Term Newborn p. 647
Bronchopulmonary Dysplasia p. 658
Surgical Disorders of the Chest and Airways p. 672
Cardiovascular System
Embryology and Physiology of the Cardiovascular System p. 699
Cardiovascular Compromise in the Newborn Infant p. 714
Persistent Pulmonary Hypertension p. 732
Fetal and Neonatal Echocardiography p. 741
Patent Ductus Arteriosus in the Preterm Infant p. 751
Congenital Heart Disease p. 762
Arrhythmias in the Fetus and Newborn p. 789
Neurodevelopmental Outcomes in Children with Congenital Heart Disease p. 801
Neurologic System
Developmental Physiology of the Central Nervous System p. 811
Neonatal Neuroimaging p. 816
Congenital Malformations of the Central Nervous System p. 844
Central Nervous System Injury and Neuroprotection p. 869
Neonatal Neuromuscular Disorders p. 892
Neonatal Seizures p. 901
Risk Assessment and Neurodevelopmental Outcomes p. 920
Nutrition
Breastfeeding p. 937
Enteral Nutrition for the High-Risk Neonate p. 952
Parenteral Nutrition p. 963
