Preface
Acknowledgements

Neural Networks for Business: An Introduction p. 1
Predicting Consumer Retail Sales Using Neural Networks p. 26
Using Neural Networks to Model Premium Price Sensitivity of Automobile Insurance Customer p. 41
A Neural Network Application to Identify High-Value Customers for a Large Retail Store in Japan p. 55
Segmentation of the Portuguese Clients of Pousadas de Portugal p. 70
Neural Networks for Target Selection in Direct Marketing p. 89
Prediction of Survival and Attrition of Click-and-Mortar Corporations p. 112
Corporate Strategy and Wealth Creation: An Application of Neural Network Analysis p. 124
Credit Rating Classification Using Self-Organizing Maps p. 140
Credit Scoring Using Supervised and Unsupervised Neural Networks p. 154
Predicting Automobile Insurance Losses Using Artificial Neural Networks p. 167
Neural Networks for Technical Forecasting of Foreign Exchange Rates p. 189
Using Neural Networks to Discover Patterns in International Equity Markets: A Case Study p. 205
Comparing Conventional and Artificial Neural Network Models for the Pricing of Options p. 220
Combining Supervised and Unsupervised Neural Networks for Improved Cash Flow Forecasting p. 236
About the Authors p. 245
Index p. 255
