The Challenges of User-Centred Design  p. 1
Model-Driven Engineering of Workflow User Interfaces  p. 9
User Interface Development Life Cycle for Business-Driven Enterprise Applications  p. 23
Using Profiles to Support Model Transformations in the Model-Driven Development of User Interfaces  p. 35
Translating Museum Visual Contents into Descriptions for Blind Users: A Multidisciplinary Approach  p. 47
A Location-Aware Guide Based on Active RFIDs in Multi-Device Environments  p. 59
Design of Adaptative Video Game Interfaces: A Practical Case of Use in Special Education  p. 71
A Preliminary Study of Two-Handed Manipulation for Spatial Input Tasks in a 3D Modeling Application  p. 77
Design of a Model of Human Interaction in Virtual Environments  p. 89
A Space Model for 3D User Interface Development  p. 103
Evaluation and Optimization of Word Disambiguation for Text-Entry Methods  p. 115
Integrating Usability Methods into Model-Based Software Development  p. 125
Supporting the Design of Mobile Artefacts for Paper-Based Activities  p. 137
Integrating Dialog Modeling and Domain Modeling: The Case of Diamodl and the Eclipse Modeling Framework  p. 151
Inspector: Interactive UI Specification Tool  p. 163
Creating Multi-platform User Interfaces with RenderXML  p. 177
Analysis Models for User Interface Development in Collaborative Systems  p. 189
CIAT, A Model-Based Tool for Designing Groupware User Interfaces Using CIAM  p. 201
Towards a Methodological Framework to Implement Model-Based Tools for Collaborative Environments  p. 213
Towards a Formal Task-Based Specification Framework for Collaborative Environments  p. 221
Task-Driven Composition of Web User Interfaces  p. 233
Collaborative Modelling of Tasks with CTT: Tools and a Study  p. 245
A Generic and Configurable Electronic Informer to Assist the Evaluation of Agent-Based Interactive Systems  p. 251
Quality of Adaptation: User Cognitive Models in Adaptation Quality Assessment  p. 265
Design by Example of Graphical User Interfaces Adapting to Available Screen Size  p. 277
A Method to Design Information Security Feedback Using Patterns and HCI-Security Criteria  p. 283
Domain-Specific Model for Designing Rich Internet Application User Interfaces  p. 295
Design Patterns for User Interface for Mobile Applications  p. 307
On the Reusability of User Interface Declarative Models  p. 313
Index  p. 319
