Introduction to historical changes in large river fish assemblages of the Americas
Stability, change, and species composition of fish assemblages in the lower Mackenzie River: a pristine large river
Composition and changes to the fish assemblage in a large sub-Arctic drainage: the lower Slave River
Historical and current perspectives on fish assemblages of the Snake River, Idaho and Wyoming
Changes in fish assemblage structure in the main-stem Willamette River, Oregon
Native fishes of the Sacramento-San Joaquin Drainage, California: a history of decline
Historical changes in fishes of the Virgin-Moapa River system: continuing decline of a unique native fauna
Changes in fish assemblages, Verde River, Arizona, 1974-2003
Changes in hydrology and fish fauna in the Gila River, Arizona-New Mexico: epitaph for a native fish fauna?
A legacy of change: the lower Colorado River, Arizona-California-Nevada, USA, and Sonora-Baja California Norte, Mexico
Ecology and conservation of native fishes in the upper Colorado River Basin
Historic changes in the Rio Grande fish fauna: status, threats, and management of native species
Historical changes in the index of biological integrity for the lower Rio Nazas, Durango, Mexico
Historical changes in fish distribution and abundance in the Platte River in Nebraska
Spatiotemporal patterns and changes in Missouri River fishes
Changes in fish assemblage structure of the Red River of the north
A comparison of the pre- and postimpoundment fish assemblage of the upper Mississippi River (pools 4-13) with an emphasis on centrarchids
Fish assemblage structure, composition, and biotic integrity of the Wisconsin River
Wabash River fishes from 1800 to 2000
Changes in the biological integrity of fish assemblages in the Patoka River drainage as a result of anthropogenic disturbance from 1888 to 2001
Changes in fish assemblage status in Ohio's nonwadeable rivers and streams over two decades
Detection of temporal trends in Ohio River fish assemblages based on lockchamber surveys (1957-2001)
The Susquehanna River fish assemblage: surveys, composition, and changes
Changes in fish assemblages in the Tidal Hudson River, New York
Fish assemblage structure in relation to multiple stressors along the Saint John River, New Brunswick, Canada
Changes in the fish fauna of the Kissimmee River Basin, Peninsular Florida: nonnative additions
Status and conservation of the fish fauna of the Alabama River system
Historical changes in the Rio das Velhas fish fauna - Brazil
Historical changes in large river fish assemblages of the Americas: a synthesis
