Fetal and Neonatal Neurology
Fetal neurology
Neurological diseases in the perinatal period
CNS Malformations, Chromosomal Abnormalities, Neurocutaneous Syndromes and Skull Malformations
Malformations of the CNS
Neurocutaneous diseases and syndromes
Neurological aspects of chromosomal anomalies and dysmorphic syndromes
Osseous malformations of the skull and cervical vertebrae
Neurological Consequences of Prenatal, Perinatal and Early Postnatal Interference with Brain Development: Hydrocephalus, Cerebral Palsy
Hydrocephalus and non-traumatic pericerebral collections
Cerebral palsy J. Aicardi and M. Bax
Metabolic and Heredodegenerative Disorders of the CNS
Metabolic diseases H. Ogier and J. Aicardi
Heredodegenerative disorders
Postnatal Extrinsic Aggressions
Infectious diseases
Para-infectious and other inflammatory disorders of immunological origin
Accidental and non-accidental injuries by physical agents and toxic agents
Tumours and Vascular Disorders
Tumours of the CNS and other space-occupying lesions
Cerebrovascular disorders
Paroxysmal Disorders
Epilepsy and other seizure disorders
Paroxysmal disorders other than epilepsy
Disorders of the Ocular, Visual, Auditory and Vestibular Systems
Disorders of the ocular motor and visual systems
Disorders of hearing and vestibular function
Neuromuscular Diseases
Diseases of the motoneuron
Disorders of the peripheral nerves
Primary muscle disease
Neurological Manifestations of Systemic Diseases
Electrolyte and acid-base metabolism disturbances, nutritional disorders and other systemic diseases
Developmental and Neuropsychiatric Disorders of Childhood
Normal mental and behavioural development
Mental retardation
Autism and autistic-like conditions
Attention deficits and specific learning disorders
Tics, Tourette syndrome and obsessive-compulsive disorders
Other neuropsychiatric syndromes

Psychiatric and behavioural problems in epilepsy, hydrocephalus and cerebral palsy
