| List of Figures   | p. xi   |
| List of Tables  | p. xiii |
| Acknowledgements  | p. xv   |
| Introduction  | p. 1    |
| The puzzle: Expansionary fiscal consolidations  | p. 2    |
| Scope of the book   | p. 3    |
| Why a comparative political economy approach?   | p. 7    |
| Sources and data  | p. 8    |
| Structure of the book   | p. 9    |
| A Critical Assessment of the Concept of Non-Keynesian Effects   |         |
| Stylized Facts of EU Countries' Major Fiscal Episodes   | p. 15   |
| Identifying exceptional fiscal episodes   | p. 17   |
| Macroeconomic consequences I: Permanent consolidations  | p. 22   |
| Macroeconomic consequences II: Economic growth  | p. 25   |
| Summary   | p. 29   |
| An Expectational View of Fiscal Policy: A Non-Linear Approach to Fiscal Consolidation                       | p. 31   |
| The traditional Keynesian view  | p. 32   |
| The concept of a negative fiscal multiplier   | p. 34   |
| Three explanations of non-Keynesian effects   | p. 42   |
| Blanchard and his deterministic model   | p. 42   |
| Sutherland's stochastic model   | p. 44   |
| A neoclassical formulation of non-Keynesian effects in the model of Bertola and Drazen                      | p. 45   |
| Testing for non-linearity in demand   | p. 48   |
| Descriptive analysis of the EU-14   | p. 51   |
| Intertemporal decisions-the modern theory of consumption  | p. 57   |
| Non-Keynesian effects and the criticism of Hall's stochastic model-the importance of liquidity constraints  | p. 60   |
| Measuring liquidity constraint in developed economies   | p. 66   |
| Summary   | p. 72   |
| The Composition of Adjustment and the Structure of Labor Markets: A Linear Approach to Fiscal Consolidation | p. 75   |
| Linear effects on the supply side   | p. 76   |
| The first step: Composition matters-restoring fiscal balance  | p. 81   |
| Composition matters-in general  | p. 83   |
| The composition of fiscal adjustment-some evidence from the EU-14   | p. 86   |
| Country experiences   | p. 91   |
| Ireland (1987-1989)   | p. 93   |
| Denmark (1983-1984)   | p. 96   |
| The Netherlands (1993 and 1996)   | p. 97   |
| The UK (1997-1998)  | p. 99   |
| And the others  | p. 101  |

|  |        |
|--|--------|
| Summary  | p. 102 |
| The supply-side channel: Non-competitive labor market structures   | p. 103 |
| The changing characteristics of the European labor market and wage bargaining system in the Maastricht process-the revival of social pacts | p. 107 |
