Preface p. v
Virtual Reality and Telexistence p. 1
What is Telexistence and What is Virtual Reality p. 1
Telexistence in the Real World and in Virtual Worlds p. 2
Telexistence in the Real World p. 3
Telexistence in Virtual Worlds p. 5
Applications of Telexistence p. 6
Organization of Telexistence and/or Virtual Reality Systems p. 7
Virtual Reality as a Human Tool for 3Cs and 3Es p. 9
Control p. 9
Communication p. 10
Creation p. 11
Experience/Education p. 11
Elucidation p. 11
Entertainment p. 11
Virtual Reality Convergence p. 12
Generations and Design Philosophies of Robots p. 15
Generations of Robots p. 15
Design Philosophies in Robotics p. 19
Telexistence p. 24
Short History of Telexistence p. 24
Augmented Telexistence p. 29
R-Cubed p. 31
Humanoid Robotics Project: HRP p. 34
Fundamental Technologies for Telexistence p. 42
Telexistence Visual Display p. 42
Design Concept of Telexistence Visual Display p. 42
Design Method and Procedures of Telexistence Visual Display p. 45
Visual Display Prototypes p. 49
Visual Display Unit p. 49
Experimental Visual Display System p. 49
Evaluation of the Visual Display p. 53
Horopters and Their Expression p. 53
Experiment p. 57
Summary p. 61
Mobile Telexistence System p. 61
System Configuration p. 62
Experiments p. 64
Summary p. 70
Design and Quantitative Evaluation of Telexistence Manipulation System p. 70
Telexistence Manipulation System p. 70
