Contents

DEDICATION
PREFACE
INTRODUCTION

1 Pharmacokinetics, Metabolism, and Disposition of Cocaine
   Louis Shuster

2 Cocaine-Induced Hepatotoxicity
   Raymond D. Harbison, Robert C. James, and Stephen M. Roberts

3 Metabolic Mapping of the Effects of Cocaine in the Brain
   Linda J. Porrino

4 Brain-Stimulation Reward as a Model of Drug-Induced Euphoria:
   Comparison of Cocaine and Opiates
   David Huston-Lyons and Conan Kornetsky

5 Neural Substrates Mediating Cocaine Reinforcement: The Role of
   Monoamine Systems
   David C.S. Roberts

6 Neurobiological Mechanisms of the Reinforcing and Discriminative
   Stimulus Properties of Cocaine
   Kathryn A. Cunningham, Steven I. Dworkin, and James E. Smith

7 Sensitization and Kindling Effects of Chronic Cocaine
   Administration
   Robert M. Post, Susan R.B. Weiss, and Agu Pert

8 Neurochemical Modulation of Monoamines by Cocaine
   Matthew P. Galloway

9 A Cocaine Receptor Associated with Dopamine Transport and Drug
   Self-Administration
   Michael J. Kuhar, Mary C. Ritz, John Sharkey, Dimitri Grigoriadis,
   and Robert Lew

10 Central and Peripheral Cocaine Binding Sites
    Maarten E.A. Reith

11 Neurochemical Mechanisms of Cocaine-Induced Sensitization
    Nancy R. Zahniser and Joanna Peris
12 Electrophysiologic Effects of Cocaine within the Mesoaccumbens and Mesocortical Dopamine Systems
Francis J. White, Douglas J. Henry, Michael Jezioriski, and Janice M. Ackerman

13 Electrophysiological Effects of Cocaine on Serotonin Neuronal Systems
Joan M. Lakoski, Eric W. Black, and Heather J. Moday

14 In Vitro Approaches to Characterizing the Electrophysiological Effects of Cocaine upon the Central Nervous System
Thomas V. Dunwiddie, John T. Williams, Daniel H. Bobker, Zhi-Zhong Pan, Greg A. Gerhardt, and Mark S. Brodie

15 Neuroendocrine Effects of Cocaine
Louis D. Van de Kar

16 Effects of Cocaine and other Drugs of Abuse on Immune Responses
Henry U. Bryant, Kathryn A. Cunningham, and Thomas R. Jerrells

17 Underlying Mechanisms Responsible for Cardiovascular Disorders Associated with Cocaine Abuse
Richard A. Gillis, John A. Quest, and R. Douglas Wilkerson

18 Perinatal Exposure to Cocaine: Human Studies
Loretta P. Finnegan, Jonel M. Mellot, Lynn M. Ryan, and Ronald J. Wapner

19 Treatment Strategies for Cocaine Detoxification
Charles A. Dackis and Mark S. Gold

Index
