Contents

Chairman's introduction
A. MASERI .............................. 1

Nitrates in myocardial ischaemia; what is the mode of action?
P. A. POOLE-WILSON .................. 3

Nitrate delivery systems — a contemporary perspective
J. ABRAMS .............................. 13

Scintigraphic studies on the in vivo dissolution of a buccal tablet

The speed of onset of haemodynamic changes following administration of buccal nitroglycerin: a comparison with sublingual nitroglycerin in patients with coronary artery disease

Acute haemodynamic and pharmacokinetic effects of buccal nitroglycerin
N. REIFART, W. KROMM, H. LEUNG FUNG and W.-D. BUSSMANN .......... 69
The effect of buccal nitroglycerin on exercise-induced left ventricular dysfunction in patients with chronic stable angina: objective assessment by means of a non-imaging nuclear probe

A. LAHIRI, M. J. BOWLES, R. JONES, J. C. W. CRAWLEY, T. N. SONECHA, W. D. COOPER and E. B. RAFTERY 79

The use of buccal nitroglycerin in patients with angina pectoris: exercise testing and clinical evaluation

E. LICHSTEIN, A. GREENGART, S. BOLTON, G. HOLLANDER and M. SANDERS 99

Improvement in congestive cardiac failure after treatment with sustained-release buccal nitroglycerin assessed with radionuclide angiography and exercise testing

A. LAHIRI, T. N. SONECHA, J. C. W. CRAWLEY, J. D. SPENCER and E. B. RAFTERY 117

The effect of buccal nitroglycerin on lung function in chronic obstructive lung disease and coronary heart disease

B. NIEHUES and R. THOMA 131

Comparison of time of onset of haemodynamic effects of sustained-release buccal nitroglycerin and sublingual nitroglycerin

N. REICHEK, C. PRIEST, T. CHANDLER, S. BOLTON, W. LASKEY and M. StJ. SUTTON 143

Patient acceptability of buccal nitroglycerin—a multicentre study

J. ABRAMS 151

Buccal nitroglycerin in routine clinical practice: interim report of a multicentre study

A. A. J. GOLDBERG, D. G. PARSONS and P. EDGAR 161

Panel discussion 177
