Introduction 1
C. Wood

### OVERVIEWS

**Histamine and antihistamines in allergic disease** 3
M. Emanuel

**Histamine and antihistamines in asthma: a review** 19
R. Pauwels

**Therapeutic value of astemizole in asthma. A review of pharmacological and clinical studies** 25
M. M-L. Janssens, N. E. I. Rombaut and G. Vanden Bussche

### CHALLENGE STUDIES

**Antihistaminic properties of astemizole during histamine challenge in asymptomatic asthmatic subjects** 45
R. Marcelle and J. Lecomte

**Histamine challenge in asthmatic children before and during astemizole treatment** 49
P. De Bode

**Effects of two-week astemizole treatment on histamine-induced bronchoconstriction** 53
O. Löwhagen, B. Balder and E. Millqvist

**Effect of astemizole on histamine- and methacholine-induced bronchoconstriction** 57
P. H. Howarth

**Duration of the effect of astemizole on histamine- and methacholine inhalation tests** 67
J.-L. Malo, C. LiYiFu, J. L’Archevêque, H. Ghezzo, and A. Cartier

**Astemizole in asthmatic patients. Effect on histamine and allergen challenge** 75
R. Vanderschueren, R. Van Nierop and G. Vanden Bussche
Contents

Effect of astemizole on airways response to inhaled allergen  81
P. H. Howarth

The blocking effect of astemizole on hyperventilation challenge in bronchial asthma  87
E. Stevens

Astemizole in exercise-induced asthma in children. An open pilot study  91
P. Van Durme and J. Streumer

Effect of astemizole on exercise-induced asthma  93
M. D. Clee, C. G. Ingram, P. C. Reid and A. S. Robertson

CHALLENGE AND CLINICAL STUDIES

Effects of astemizole on histamine- and exercise-challenge in asthmatic children  97

Astemizole in the treatment of asthmatic children: effects on exercise tolerance and clinical symptoms  101
M. Samanek

CLINICAL STUDIES

Astemizole in patients with resistant asthma  105
E. Stevens

Treatment of hyperergic reactions of the respiratory tract with astemizole  111
A. Flecker

Astemizole in children presenting with respiratory symptoms  121
F. De Loore

Astemizole, a new symptomatic treatment in allergic forms of oculorhinitis and bronchial asthma  127
M. Serembe and S. Durigato

Prophylactic effects of astemizole on seasonal allergic exacerbations of asthma in children  133
M. Götz, J. Zarkovich, M. Zach and P. Mileder

CONCLUSION

Is there a place for astemizole in the treatment of asthma?  141
S. T. Holgate
