Contents

Preface iii

In-vitro concentration of azithromycin in human phagocytic cells
  G. Panteix, B. Guillaumond, R. Harf, A. Desbos, V. Sapin, M. Leclercq and M. Perrin-Fayolle 1

Preferential concentration of azithromycin in an infected mouse thigh model
  J. A. Restema, J. M. Bergeron, D. Girard, W. B. Milisen and A. E. Girard 5

Comparison of azithromycin, roxithromycin, and cephalexin penetration kinetics in early
  and mature abscesses
  D. Girad, J. M. Bergeron, W. B. Milisen and J. A. Retsema 17

The comparative activity of azithromycin, macrolides and amoxycillin against
  streptococci in experimental infections
  A. E. Girard, C. R. Cimochowski and J. A. Faiella 29

Selection of dose regimens of azithromycin
  G. Foulds and R. B. Johnson 39

Comparison of the pharmacokinetics of three-day and five-day regimens of azithromycin
  in plasma and urine
  A. Wildfeuer, H. Laufen, M. Leitold and T. Zimmermann 51

Pharmacokinetics of azithromycin in patients with impaired hepatic function
  T. Mazzei, C. Surrenti, A. Novelli, A. Crispo, S. Fallani, V. Carlà, E. Surrenti and
  P. Periti 57

Comparison of azithromycin and co-amoxiclav in the treatment of otitis media in children
  R. R. Daniel 65

A comparative study of azithromycin and amoxycillin in paediatric patients with acute
  otitis media
  E. Mohs, A. Rodriguez-Solares, E. Rivas and Z. El Hoshy 73

Multicentre evaluation of azithromycin in comparison with co-amoxiclav for the treatment
  of acute otitis media in children
  U. B. Schaad 81

Multicentre evaluation of azithromycin and penicillin V in the treatment of acute
  streptococcal pharyngitis and tonsillitis in children
  J. Hamill 89

Multicentre comparison of azithromycin versus erythromycin in the treatment of
  paediatric pharyngitis or tonsillitis caused by group A streptococci
  G. Weippl 95

A comparative study of the efficacy, safety and tolerance of azithromycin, dicloxacillin and
  flucloxacillin in the treatment of children with acute skin and skin-structure infections
  A. Rodriguez-Solares, F. Pérez-Gutiérrez, J. Prosperi, E. Milgram and A. Martin 103
Clinical safety and toleration of azithromycin in children
S. Hopkins 111

Efficacy of azithromycin compared with spiramycin in the treatment of odontogenic infections
A. M. Lo Bue, R. Sammartino, G. Chisari, M. R. Gismondo and G. Nicoletti 119

Once-daily azithromycin in the treatment of adult skin and skin-structure infections

Comparison of azithromycin versus clarithromycin in the treatment of patients with upper respiratory tract infections
O. Müller 137

A single-blind comparison of a three-day azithromycin and ten-day co-amoxiclav treatment of acute and lower respiratory tract infections
A. I. M. Hoepelman, A. P. Sips, J. L. M. van Helmond, P. W. C. van Barneveld, A. J. Neve, M. Zwinkels, M. Rozenberg-Arsk and J. Verhoef 147

Comparison of azithromycin versus clarithromycin in the treatment of patients with lower respiratory tract infections
F. Bradbury 153

The efficacy and tolerance of a three-day course of azithromycin in the treatment of community-acquired pneumonia
J. Myburgh, G. J. Nagel and E. Petschel 163

A comparison of the efficacy of azithromycin and clarithromycin in oral therapy of experimental airborne legionnaires’ disease
R. B. Fitzgeorge, S. Lever and A. Baskerville 171

Single-dose oral azithromycin versus seven-day doxycycline in the treatment of non-gonococcal urethritis in males
J. Lauharanta, K. Saarinen, M.-T. Mustonen and H.-P. Happonen 177

Comparison of azithromycin and doxycycline in the treatment of non-gonococcal urethritis in men
P. J. Lister, T. Balechandran, G. L. Ridgway and A. J. Robinson 185

Open study of the safety and efficacy of a single oral dose of azithromycin for the treatment of uncomplicated gonorrhoea in men and women
M. A. Waugh 193
