Clinical Drug Therapy

Rationales for Nursing Practice

Anne Collins Abrams, R.N., M.S.N.
Associate Professor
Department of Baccalaureate Nursing
College of Allied Health and Nursing
Eastern Kentucky University
Richmond, Kentucky

CONSULTANT
Tracey L. Goldsmith, Pharm. D.
Clinical Manager
Department of Pharmacy Services
Hermann Hospital
Houston, Texas

J. B. Lippincott Company
Philadelphia

## Contents

### CHAPTER 7
Sedative-Hypnotics
- Description 81
- Sleep 81
- Sedative-Hypnotic Drugs 81
- Mechanism of Action 84
- Indications for Use 84
- Contraindications for Use 84
- Principles of Therapy 85

### CHAPTER 8
Antianxiety Drugs
- Anxiety 89
- Benzodiazepines 89
- Individual Antianxiety Drugs 90
- Principles of Therapy 93

### CHAPTER 9
Antipsychotic Drugs
- Psychosis 99
- Antipsychotic Drugs 100
- Individual Antipsychotic Drugs 100
- Principles of Therapy 105

### CHAPTER 10
Antidepressants
- Depression 113
- Antidepressant Drugs 116
- Individual Antidepressants 116
- Principles of Therapy 118

### CHAPTER 11
Anticonvulsants
- Seizure Disorders 125
- Anticonvulsant Drugs 126
- Individual Anticonvulsant Drugs 126
- Principles of Therapy 130

### CHAPTER 12
Antiparkinson Drugs
- Parkinson's Disease 136
- Antiparkinson Drugs 136
- Individual Antiparkinson Drugs 137
- Principles of Therapy 140

### CHAPTER 13
Skeletal Muscle Relaxants
- Skeletal Muscle Relaxants 145
- Principles of Therapy 147

### CHAPTER 14
Anesthetics
- General Anesthesia 150
- Regional Anesthesia 150
- Adjuncts to Anesthesia 151

### CHAPTER 15
Alcohol and Other Drug Abuse
- Abuse and Dependence 163
- Types of Drug Dependence 164
- Selected Individual Drugs of Abuse 166
- Principles of Therapy 171

### CHAPTER 16
Central Nervous System Stimulants
- Uses 176
- Types of Stimulants 176
- Individual CNS Stimulants 177
- Principles of Therapy 178

### SECTION III
Drugs Affecting the Autonomic Nervous System

### CHAPTER 17
Physiology of the Autonomic Nervous System
- The Autonomic Nervous System 183
- Characteristics of Autonomic Drugs 185

### CHAPTER 18
Adrenergic Drugs
- Description and Uses 186
- Individual Adrenergic Drugs 187
- Principles of Therapy 190

### CHAPTER 19
Antiadrenergic Drugs
- Description 196
- Individual Antiadrenergic Drugs 198
- Principles of Therapy 201

### CHAPTER 20
Cholinergic Drugs
- Description 207
- Individual Cholinergic Drugs 208
- Principles of Therapy 209

### CHAPTER 21
Anticholinergic Drugs
- Description 213
- Individual Anticholinergic Drugs 215
- Principles of Therapy 217
CHAPTER 34
Penicillins
Subgroups and Individual Penicillins 381
Principles of Therapy 384

CHAPTER 35
Cephalosporins
Individual Cephalosporins 389
Principles of Therapy 389

CHAPTER 36
Aminoglycosides
Individual Aminoglycosides 397
Principles of Therapy 399

CHAPTER 37
Tetracyclines
Principles of Therapy 404

CHAPTER 38
Macrolides
Individual Macrolides 408
Principles of Therapy 408

CHAPTER 39
Miscellaneous Anti-Infectives
Beta-lactams 411
Quinolones 411
Polymyxins 412
Principles of Therapy 414

CHAPTER 40
Sulfonamides and Urinary Antiseptics
Sulfonamides 418
Urinary Antiseptics 418
Individual Drugs 421
Principles of Therapy 422

CHAPTER 41
Antitubercular Drugs
Tuberculosis 427
Treatment Regimens for Tuberculosis 427
Characteristics of Antitubercular Drugs 428
Individual Antitubercular Drugs 428
Principles of Therapy 430

CHAPTER 42
Antiviral Drugs
General Characteristics of Viruses and Viral Infections 434
Antiviral Drugs 435
Individual Antiviral Drugs 435
Principles of Therapy 438

CHAPTER 43
Antifungal Drugs
Fungi and Fungal Infections 442
Antifungal Drugs 443
Individual Antifungal Drugs 443
Principles of Therapy 443

CHAPTER 44
Antiparasitics
Protozoal Infections 448
Helminthiasis 449
Scabies and Pediculosis 450
Individual Antiparasitic Drugs 450
Principles of Therapy 456

SECTION VII
Drugs Affecting the Immune System

CHAPTER 45
Physiology of the Immune System 463
Overview of Body Defense Mechanisms 463
Immunity 463
Immune Cells 465
Patient-Related Factors That Influence Immune Function 469
Immune Disorders 470
Immunotherapy 471

CHAPTER 46
Immunizing Agents 472
Immunization 472
Agents for Active Immunity 472
Agents for Passive Immunity 478
Individual Immunizing Agents 478
Principles of Therapy 481

CHAPTER 47
Immunostimulants 486
Description 486
Individual Immunostimulants 488
Principles of Therapy 490

CHAPTER 48
Immunosuppressants 496
Description 496
Autoimmune Disorders 496
Tissue and Organ Transplants 497
Bone Marrow and Graft-Versus-Host Disease 498
Corticosteroids 498
Cytotoxic Agents 498
Principles of Therapy 501
SECTION VIII
Drugs Affecting the Respiratory System

CHAPTER 49
Physiology of the Respiratory System 511
The Respiratory System 511
Disorders of the Respiratory System 512
Drug Therapy 513

CHAPTER 50
Bronchodilating and Antiasthmatic Drugs 514
Respiratory Disorders 514
Drug Therapy 514
Individual Bronchodilating and Antiasthmatic Drugs 515
Principles of Therapy 520

CHAPTER 51
Antihistamines 525
Individual Antihistamines 526
Principles of Therapy 529

CHAPTER 52
Nasal Decongestants, Antitussives, Mucolytics, and Cold Remedies 533
Description 533
Nasal Decongestants 534
Antitussives 534
Expectorants 534
Mucolytics 534
Cold Remedies 534
Individual Drugs 534
Principles of Therapy 538

SECTION IX
Drugs Affecting the Cardiovascular System

CHAPTER 53
Physiology of the Cardiovascular System 545
Heart 545
Blood Vessels 546
Blood 546
Drug Therapy in Cardiovascular Disorders 547

CHAPTER 54
Cardiotonic-Inotrope Agents Used in Congestive Heart Failure 548
Congestive Heart Failure 548
Digitalis Glycosides 549
Indications for Use 550

CHAPTER 55
Antiarrhythmic Drugs 560
Description 560
Cardiac Electrophysiology 560
Cardiac Arrhythmias 561
Antiarrhythmic Drugs 562
Classifications and Individual Drugs 562
Principles of Therapy 567

CHAPTER 56
Antiangular Drugs 572
Angina Pectoris 572
Antiangular Drugs 572
Individual Antiangular Drugs 574
Principles of Therapy 577

CHAPTER 57
Drugs Used in Hypotension and Shock 581
Hypotension and Shock 581
Antishock Drugs 581
Individual Drugs Used in Hypotension and Shock 582
Principles of Therapy 584

CHAPTER 58
Antihypertensive Drugs 588
Regulation of Arterial Blood Pressure 588
Hypertension 589
Antihypertensive Drugs 589
Individual Drugs 590
Principles of Therapy 595

CHAPTER 59
Diuretics 601
Description 601
Renal Physiology 601
Alterations in Renal Function 604
Diuretic Drugs 604
Principles of Therapy 607

CHAPTER 60
Anticoagulant, Antiplatelet, and Thrombolytic Agents 613
Description 613
Blood Coagulation 613
Thrombotic and Thromboembolic Disorders 614
Individual Drugs 615
Principles of Therapy 619
CHAPTER 61
Antilipemics and Peripheral Vasodilators 626
Antilipemic Drugs and Peripheral Vasodilators 626
Atherosclerosis 626
Individual Drugs 627
Principles of Therapy 629

SECTION X
Drugs Affecting the Digestive System

CHAPTER 62
Physiology of the Digestive System 635
The Digestive System 635
Organs of the Digestive System 635
Secretions of the Digestive System 636
Effects of Drugs on the Digestive System 637

CHAPTER 63
Drugs Used in Peptic Ulcer Disease 638
Peptic Ulcer Disease 638
Types of Antiulcer Drugs 639
Individual Drugs 640
Principles of Therapy 644

CHAPTER 64
Laxatives and Cathartics 651
Description 651
Defecation 651
Laxatives and Cathartics 651
Principles of Therapy 655

CHAPTER 65
Antidiarrheals 659
Description 659
Antidiarrheal Drugs 660
Principles of Therapy 664

CHAPTER 66
Antiemetics 668
Nausea and Vomiting 668
Antiemetic Drugs 668
Principles of Therapy 672

SECTION XI
Drugs Used in Special Conditions

CHAPTER 67
Antineoplastic Drugs 679
Characteristics of Normal Cells 679
Characteristics of Malignant Neoplasms 679
Characteristics of Antineoplastic Drugs 683
Individual Drugs 685
Principles of Therapy 692

CHAPTER 68
Drugs Used In Ophthalmic Conditions 699
Structures of the Eye 699
Disorders of the Eye 700
Ophthalmic Drugs 700
Individual Drugs 701
Principles of Therapy 706

CHAPTER 69
Drugs Used In Dermatologic Conditions 712
Functions of the Skin 712
Disorders of the Skin 713
Types of Dermatologic Drugs 714
Individual Drugs 715
Principles of Therapy 721

CHAPTER 70
Drug Use During Pregnancy and Lactation 726
Pregnancy and Lactation 726
Maternal-Placental-Fetal Circulation 726
Drug Effects on the Fetus 727
Fetal Therapeutics 728
Maternal Therapeutics 728
Abortifacients 734
Tocolytics 734
Drugs Used During Labor and Delivery at Term 734
Neonatal Therapeutics 736
Principles of Therapy 739

APPENDIX A
Miscellaneous Drugs 743
APPENDIX B
The International System of Units 745
APPENDIX C
Therapeutic Serum Drug Concentrations for Selected Drugs 746
APPENDIX D
Canadian Drug Laws and Standards 747
APPENDIX E
Canadian Drug Names 748

INDEX 755
