Medicinal Resources of the Tropical Forest

Biodiversity and Its Importance to Human Health

Edited by Michael J. Balick
Elaine Elisabetsky
and Sarah A. Laird

Columbia University Press
New York
## Contents

*Foreword by Norman R. Farnsworth*  
ix  
*Preface*  
xi  
*Acknowledgments*

**PART ONE  Biodiversity Prospecting, Drug Development, and Conservation**  

1. Natural Products and Medicine: An Overview  
   *Varro E. Tyler*  
   3  
2. Biological Diversity, Chemical Diversity, and the Search for New Pharmaceuticals  
   *James D. McChesney*  
   11  
3. Development of Pharmaceutical Companies Based on Plant Products: Suggested Approaches  
   *Douglas Davidson, Peter J. Hylands, William Rod Sharp, and Roy W. Stahlhut*  
   19  
4. Chemical Approaches to the Study of Ethnomedicines  
   *Domingos Sávio Nunes*  
   41  
5. The Contribution of the Physician to Medicinal Plant Research  
   *Douglas C. Daly and Charles F. Limbach*  
   48  
6. Conservation and Tropical Medicinal Plant Research  
   *Steven R. King*  
   63  
7. Higher Plants Versus Microorganisms: Their Future in Pharmaceutical Research  
   *Georg Albers-Schönberg*  
   75  
8. Topotecan Development: An Example of the Evolution of Natural Product Drug Discovery Research  
   *Brad K. Carté and Randall K. Johnson*  
   78
Contents

9. Shaman Pharmaceuticals' Approach to Drug Development  
Lisa A. Conte  
94

10. Drug Discovery and Development at the National Cancer Institute:  
The Role of Natural Products of Plant Origin  
Gordon M. Cragg and Michael R. Boyd  
101

11. The Merck/INBio Agreement: A Pharmaceutical  
Company Perspective  
Lynn Helena Caporale  
137

12. Biodiversity Prospecting  
Walter V. Reid, Sarah A. Laird, Carrie A. Meyer, Rodrigo Gámez,  
Ana Sittenfeld, Daniel Janzen, Michael A. Gollin,  
and Calestous Juma  
142

13. Property Rights and Genetic Resources: A Framework  
for Analysis  
Jack R. Kloppenburg Jr. and Michael J. Balick  
174

14. Monetizing the Pharmacological Benefits of Plants  
Peter P. Principe  
191

15. Capturing the Pharmaceutical Value of Species Information:  
Opportunities for Developing Countries  
Bruce A. Aylward  
219

Part Two  Country and Regional Programs in Medicinal Plant  
Research and Health Care  
231

16. Resource Utilization and Conservation of Biodiversity in Africa  
Maurice M. Iwu  
233

17. The Economic Value and Potential for Plant-Derived  
Pharmaceuticals from Ghana  
G. T. Odamtten, E. Laing, and D. K. Abbìw  
251

18. The Rwanda Experience in Enhancing and  
Commercializing the Use of Traditional  
Medicinal Plants  
Luc Van Puyvelde  
261

19. The Role of Medicinal Plants in Health Care in India  
James A. Duke  
266

20. A Standardized Commiphora wightii Preparation for Management  
of Hyperlipidemic Disorders  
B. N. Dhawan  
278

21. Plant Explorations in Asia Under the Sponsorship of the National  
Cancer Institute, 1986–1991: An Overview  
Djaja Doel Soejarto, Charlotte Gyllenhaal, Peter S. Ashton,  
and S. H. Sohmer  
284
Contents vii

22. Medicinal Plants of Mexico: A Program for Their Scientific Validation
   Xavier Lozoya, M.D. 311

23. TRAMIL: A Research Project on the Medicinal Plant Resources of the Caribbean
   Lionel Robineau and Djaja Doel Soejarto 317

24. Ethnopharmacological Studies and Biological Conservation in Belize
   Michael J. Balick, Rosita Arvigo, Gregory Shropshire, and Robert Mendelsohn 326

25. Tropical Medicinal Plant Conservation and Development Projects: The Case of the Costa Rican National Institute of Biodiversity (INBio)
   Ana Sittenfeld 334

26. FENAMAD’s Program in Traditional Medicine: An Integrated Approach to Health Care in the Peruvian Amazon
   Miguel N. Alexiades and Didier Lacaze D. 341

27. Environment, Society, and Disease: The Response of Phytotherapy to Disease Among the Warao Indians of the Orinoco Delta
   Werner Wilbert 366

28. Medicinal Plant Research in Brazil: Data from Regional and National Meetings
   Alba R. M. Souza Brito and Antonio A. Souza Brito 386

29. Community Ethnobotany: Setting Foundations for an Informed Decision on Trading Rain Forest Resources
   Elaine Elisabethsky 402

   Appendix: Manual for Plant Collections
   Elaine Elisabethsky, Rachel Trajber, and Lin Chao Ming 409

   Epilogue
   Richard Deertrack 421
