Introduction xvii

Part I. Overview

Chapter 1. The History of Medical Device Regulation 3
BEFORE 1938 3
FEDERAL FOOD, DRUG, AND COSMETIC ACT OF 1938 4
RADIATION EMITTING DEVICES 5
THE COOPER COMMITTEE AND THE 1976 AMENDMENTS 5
THE 1980s 7
GENERIC DRUG SCANDAL 8
SAFE MEDICAL DEVICES ACT OF 1990 9
BREAST IMPLANTS AND HEART VALVES 10
THE 1990s—ENFORCEMENT AND REVIEW DELAYS 10
Chapter 2. How to Find and Understand Device Law 13
SOURCES OF LAW 13
FREEDOM OF INFORMATION ACT 15
OTHER WAYS OF GETTING MEDICAL DEVICE REGULATORY INFORMATION 19
CONCLUSION 20

Chapter 3. The Rule-Making Process—How to Participate 21
ADMINISTRATIVE PROCEDURES ACT 21
STRUCTURE OF THE FOOD AND DRUG ADMINISTRATION 23
CONCLUSION 24

Part II. Devices: Definition and Classification

Chapter 4. The Scope of Device Regulation 29
STATUTORY DEFINITION OF A DEVICE 29
INTERPRETATIONS OF THE DEVICE DEFINITION 31
- Diagnostic Devices
- Components and Accessories
- Computer Products
- Production Equipment
- Transitional Devices
- Combination Products
- Veterinary Devices
- Miscellaneous Devices
CONCLUSION 39

Chapter 5. Device Classification and Reclassification 41
DEVICE CLASSIFICATION 41
PROBLEMS WITH THE CLASSIFICATION SCHEME 43
RECLASSIFICATION 43
Chapter 6. Premarket Notification

APPLICABILITY OF PREMARKET NOTIFICATION PROCEDURES

Exemptions
Device Modifications
Transferability
Who Needs to File the 510(k)

SUBSTANTIAL EQUIVALENCE

Intended Use
Technological Features
Performance Data

THE 510(k) PROCESS

Writing a 510(k)
The Notice Contents
Confidentiality
FDA Review
Expedited Review
Communication Policy
The Decision
Agency and Judicial Review

SPECIAL RULES

Product-Specific Rules
Class III Devices
Chapter 8. Premarket Approval

SCOPE OF THE PMA PROCESS

THE PMA APPLICATION

Contents
Environmental Assessments
Accessing Data in Other Files
Confidentiality
Foreign Data

FDA REVIEW PROCESS

Filing
Procedures for Review
Panel Review
Expedited Review
Standard for Review
The Decision
Agency and Judicial Review
Permanent and Temporary Suspension of PMA
Postapproval Requirements
Amendments, Supplements, and Reports

CONCLUSION

Chapter 9. Product Development Protocol

PMA AND PDP PROCEDURES COMPARED

The PDP Procedure under Section 515(f)
The FDA's Guideline on the PDP Procedure
The PMA and PDP Compared

EXPERIENCE WITH THE PDP PROCEDURE

BENEFITS AND PROBLEMS

NEEDED IMPROVEMENTS TO THE PDP PROCEDURE
Expanded Scope
Flexibility
Confidentiality

CONCLUSION 175

Part IV. Postmarket Controls

Chapter 10. Registration and Listing 179

REGISTRATION 179
Activities That Trigger the Registration Requirement
Exemptions
The Registration Process

LISTING 184
Who Must List?
What Devices Are Subject to the Listing Requirement?
When Is Listing Required?
How and Where Is the Listing Completed?
What Information Is Required?
Listing Updates
Historical File

CONCLUSION 186

Chapter 11. Good Manufacturing Practices 189

APPLICABILITY OF GMP REQUIREMENTS 189
Applicability
General Exemptions
Component Manufacturers
Service Firms
Custom Device Manufacturing
Contract Manufacturer
Contract Testing Laboratory
Repackager or Relabeler
Contents ix

Imported Products
Special Exemptions or Variances

OVERVIEW OF THE GMP REQUIREMENTS 193
Quality Assurance System
Preproduction Quality Assurance
Buildings and Sanitation
Equipment and Calibration
Device Master Records
Change Control
Components
Production
Finished Device Evaluation
Labeling
Packaging
Distribution
Complaint and Failure Investigations
Quality Assurance Audit

PROPOSED CHANGES TO THE GMP REGULATIONS 214

SPECIAL RULES FOR PARTICULAR MEDICAL DEVICES 216
In Vitro Diagnostics
Computerized Medical Devices

CONCLUSION 218

Chapter 12. Device Labeling, Advertising, and Promotion 219

AN OVERVIEW OF THE REGULATORY SCHEME 219
LABELING REQUIREMENTS 221
EXEMPTIONS FROM LABELING REQUIREMENTS 222
  Blanket Exemptions
  Exemptions from Requirement for Adequate Directions for Use

SPECIAL CASES 224
In Vitro Diagnostic Devices
General Purpose Laboratory Reagents and Equipment
Investigational Devices
Devices Subject to Premarket Review
Restricted Devices
Radiation-Emitting Devices

TIPS FOR WRITING LABELING  228
ADVERTISING  229
PROMOTION  229
CONCLUSION  232

Chapter 13. Device Adulteration  233
QUALITY STANDARDS  233
PERFORMANCE STANDARDS  234
  Procedures for Adopting Performance Standards
  Voluntary Standards
COLOR ADDITIVES  237
  What Is Color Additive?
  When Do Color Additives Require Approval?
  How to Obtain Premarket Clearance for Color Additives
CONCLUSION  239

Chapter 14. Tracking and Postmarket Surveillance  241
MEDICAL DEVICE TRACKING  241
  Statutory Basis
  Original Proposal
  Reproposal
  Final Rule
  An Improvement
POSTMARKET SURVEILLANCE  250
  Types of Devices
  PMS Requirements
  Enforcement and Experience
CONCLUSION  257
Chapter 15. Reporting Obligations

OVERVIEW OF REPORTING OBLIGATIONS
MANUFACTURING REPORTING OBLIGATIONS
   The 1984 Regulation
   Changes to the MDR Regulation
   Current Status of the Law
DISTRIBUTOR REPORTING OBLIGATIONS
USER FACILITY REQUIREMENTS
COMPLETING THE MEDWATCH FORM
CERTIFICATIONS
REPORTING CORRECTIONS AND PRODUCT REMOVALS
CONCLUSION

Chapter 16. Exporting and Importing Devices

FDA EXPORT REQUIREMENTS
   Exports of Adulterated or Misbranded Devices
   Exports of Certain High Risk Devices
   Certificates of Products for Export
MEDICAL DEVICE IMPORT PROCEDURES
   General Regulatory Requirements
   Registration and Listing
   Border Procedures
CONCLUSION

Part V. Enforcement

Chapter 17. FDA Inspections

FDA INSPECTION PROCEDURES
A MANUFACTURER'S RIGHTS
SAMPLE INSPECTION PLAN
   Greeter
   Notice of Inspection
   Host
Preinspection Meeting
Cameras and Recorders
Timing
Inspection Conduct
Records
Samples
Exit Interview and FDA 483
Establishment Inspection Report
Warning Letter
CONCLUSION  308

Chapter 18. FDA Enforcement  309

PROHIBITED ACTS  309
FDA DISCRETION  310
AGENCY REMEDIES  313
  Civil Penalties
  Recalls
  Administrative Detention
  Banning Devices
  Notification and Repair, Replacement, or Refund
  Publicity
  Revocation of Approvals
JUDICIAL ENFORCEMENT  320
  Criminal Penalties
  Seizure and Condemnation
  Injunction
  The FDA's Choice of Remedies
OTHER ENFORCEMENT ACTIVITIES  324
  Other Federal Criminal Statutes
  Private Lawsuits
  States
PREVENTIVE MEASURES  325
CONCLUSION  326
Part VI. The Interplay between Device Regulation and Other Regulatory Requirements

Chapter 19. State Regulation of Medical Devices 329
WHAT STATE LAWS CAN BE PREEMPTED 330
EXEMPTION FROM PREEMPTION 331
IMPACT OF PREEMPTION ON PRODUCT LIABILITY 332
CONCLUSION 334

Chapter 20. Other Federal Regulatory Schemes 335
RADIATION-EMITTING PRODUCTS 335
MEDICARE REIMBURSEMENT 339
REGULATION OF CLINICAL LABORATORIES 340
ENVIRONMENTAL REGULATION 342
CONCLUSION 344

Part VII. Conclusion

Chapter 21. Future Projections 347
ENFORCEMENT 347
PREMARKET CLEARANCES 347
RULE MAKING 348
CONCLUSION 349

Appendices

A. Sample Premarket Notification Letters 353

B. Instructions for Premarket Submission Cover Sheet 365

C. PMA Cover Letters 381

D. IDE Refuse to Accept Criteria 387
E. PMA Refuse to File Criteria 393

F. Declaration of Helsinki 403

G. Engineering Change Procedure 407

H. Drafting and Approval of Labeling Procedure 421

I. Complaint Processing Procedure 427

J. MedWatch: Instructions for Completing FDA Form 3500A 439

K. Export Approval Letters 457

L. CDRH Foreign Liaison Listing 463

M. Certificate for Products for Export 479

Indexes

Case Law Index 489

Subject Index 491
