FOREWORD ix
PREFACE x
ACKNOWLEDGMENTS xii

1PART
NEGOtiATING A COmMON UNDERSTANDING 1

CHAPTER 1 THE GLOBAL MARKET FOR HEALTH CARE TECHNOLOGY 3
Technology and the Health Care Delivery System 3
Industry and the Global Market 4
Industry Composition 5
Industry and Regulation 7

AUSTRALIA 9

2PART
THE THERAPEUTIC GOODS ACT OF AUSTRALIA 11

CHAPTER 2 THE THERAPEUTIC GOODS ACT OF AUSTRALIA 11
Background and General Intent of the Law 12
The Scope of TGA Regulations 13
The Regulations 13
Labels and Labeling 13
Labeling and Advertising 14
Adulteration and Misbranding 14
False or Misleading Labeling 15
Advertising and Promotion 15
Bringing Devices to Market in Australia 16
Export of Therapeutic Devices 22
Import of Therapeutic Devices 22
Standards for Therapeutic Devices 22
Exemptions for Special and Experimental Uses 23
Things to Remember 24

CHAPTER 3 GENERAL THERAPEUTIC DEVICE LABELING IN AUSTRALIA 27

Misbranding 27
Adequate Directions for Use 27
General Requirements for Labels for Therapeutic Devices 28
In Vitro Diagnostic Goods 34
Application of the Registration Number 35
Labeling of Components and Kits 36
Information to Be Supplied for Specific Registrable Devices 36
Things to Remember 38
# CANADA AND MEXICO

## CHAPTER 4 THE FOOD AND DRUGS ACT OF CANADA

- Background and General Intent of the Law 41
- The Scope of MDB Regulations 43
- The Regulations 43
- Labels and Labeling 44
- Labeling and Advertising 44
- Adulteration and Misbranding 44
- False or Misleading Labeling 45
- Advertising and Promotion 45
- Bringing Devices to Market in Canada 47
- Import of Medical Devices 51
- Standards for Medical Devices 51
- Investigational Device Exemption 51
- Sale of Devices on Compassionate Grounds 51
- Things to Remember 52

## CHAPTER 5 GENERAL MEDICAL DEVICE LABELING IN CANADA

- Misbranding 55
- General Labeling Provisions 55
- Labeling Requirements for Devices in Pressurized Containers 57
- *In Vitro* Diagnostic Devices 70
- Labeling Requirements for Home Use Devices 72
- Special Labeling Requirements for Specific Devices 73
- Labeling for Medical Electrical Equipment 83
- Labeling for Investigational Devices 90
- Import of Medical Devices 91
- Things to Remember 91

## CHAPTER 6 MEXICO

- Bringing Devices to Market in Mexico 93
- Minimum Labeling Requirements 97
- Things to Remember 98

## EUROPEAN COMMUNITY

## CHAPTER 7 THE EUROPEAN MEDICAL DEVICE DIRECTIVES

- Background and General Intent of the Law 102
- The Scope of EU Regulation 104
- Labels and Labeling 106
- Language Requirements 106
- Standards 107
- Bringing a Device to Market in the European Union 108
- Postmarket Surveillance and Vigilance 114
- CE Conformity Marking 117
- Investigational Devices Marking 120
- Custom-made Device Marking 120
- Other Directives of Interest 121
- Local Requirements 123
- Things to Remember 123
CHAPTER 8 THE MEDICAL DEVICE DIRECTIVE (MDD) 125

Device Classification 127
Misbranding 129
General Labeling Provisions 130
Devices with a Measuring Function 132
Particulars on the Label 132
Instructions for Use 136
Patient Information 138
Special Labeling Requirements for Specific Devices 139
Things to Remember 148

CHAPTER 9 THE ACTIVE IMPLANTABLE MEDICAL DEVICE DIRECTIVE (AIMDD) 149

Misbranding 150
General Labeling Provisions 151
Particulars on the Sterile Package Label 152
Particulars on the Sales Package Label 154
Instructions for Use 157
Patient Information 160
Things to Remember 161

CHAPTER 10 THE IN VITRO DIAGNOSTIC MEDICAL DEVICE DIRECTIVE (IVMDD) 163

Improper Labeling 163
General Labeling Provisions 164
Devices With a Measuring Function 165
Particulars on the Label of Reagents 165
Particulars on the Label of IVD Instruments and Equipment 169
Instructions for Use 171
Devices Incorporating Dangerous Substances 178
Things to Remember 182

JAPAN 183

CHAPTER 11 THE PHARMACEUTICAL AFFAIRS LAW OF JAPAN 185

1994 Revision to The PAL 186
The Regulations 187
Adulteration and Misbranding 188
False or Misleading Labeling 189
Advertising and Promotion 189
In Vitro Diagnostic Products 191
Bring Devices to Market in Japan 192
Medical Device Vigilance 196
Things to Remember 196
Import of Medical Devices (ERPALs Articles 53-2, Item 1, and 60-2, Item 2) 208
Testing of Medical Devices (ERPALs Article 47) 208
Clinical Trials (ERPALs Articles 67, 68, 69-2, and 70) 209
Warnings and Directions for Use by Device Category (PAL Article 52, Item 3) 210
Labeling Requirements for In Vitro Diagnostic Products 218
Labeling Requirements for Metals for Dental Use (ERPALs Article 60-3) 222
Labeling Requirements for Household Use Devices 223
Things to Remember 224

UNITED STATES 225

CHAPTER 13 THE FEDERAL FOOD, DRUG, AND COSMETIC ACT 227

Background and General Intent of the Law 228
Related Laws 232
The Scope of FDA Regulations 232
The Regulations 233
Labels and Labeling 234
Labeling and Advertising 234
Adulteration and Misbranding 235
False or Misleading Labeling 237
Advertising and Promotion 238
Things to Remember 241

CHAPTER 14 GENERAL DEVICE LABELING IN THE U.S. 243

Misbranding 244
General Labeling Provisions 245
Exemptions from Adequate Directions for Use 261
Other Exemptions 266
Sterile Devices 267
Special Requirements for Specific Devices 268
Export of Medical Devices 269
Import of Medical Devices 271
Banned Devices 273
Things to Remember 275

CHAPTER 15 IN VITRO DIAGNOSTIC PRODUCT LABELING 277

General IVD Labeling Provisions 278
Special Cases 284
Product Class Models for IVD Products 287
Home Use IVD Products 289
Hazardous Substances 291
Storage Instructions and Expiration Dates 293
Things to Remember 294
CHAPTER 16 RADIATION-EMITTING DEVICE LABELING

General Labeling Requirements for Electronic Products
Ionizing Radiation-Emitting Products
Microwave and Radio Frequency Emitting Products
Light-Emitting Products
Sonic, Infrasonic, and Ultrasonic Radiation-Emitting Products
Discovery of a Product Defect or Failure to Comply
Radio Frequency Emitting Devices
Things to Remember

CHAPTER 17 BRINGING DEVICES TO MARKET IN THE UNITED STATES

Premarket Notification [510(k)]
Premarket Notification Review Program
Premarket Approval (PMA)
Investigational Device Exemptions (IDE)
Investigational Exemption for Intraocular Lenses
Things to Remember

CHAPTER 18 GOOD MANUFACTURING PRACTICE IN LABELING

GMP Applications
GMP Labeling Controls
Over-Labeling
Shipping for Processing
Things to Remember

CHAPTER 19 SPECIAL LABELING REQUIREMENTS FOR SPECIFIC DEVICES IN THE UNITED STATES

Labeling for Contact Lens Solutions and Tablets (§ 800.12(c))
Recommended Warnings and Caution Statements (§ 801.403)
Things to Remember

DEVELOPMENT OF DEVICE LABELING

Consider the Audience
Organize the Information
Write to the Reader
Choose Words Carefully
Avoid Clutter
Readability—Short and to the Point
CHAPTER 21 DESIGNING GOOD LABELING 389
  Conditions for Use 389
  Layout 390
  Physical Attributes 391
  Type Fonts and Size 393
  Highlighting 393
  White Space 393
  Illustrations and Graphics 394
  Color 395
  Things to Remember 395
