Sustainable Construction: Use of Recycled Concrete Aggregate

Proceedings of the International Symposium organised by the Concrete Technology Unit, University of Dundee and held at the Department of Trade and Industry Conference Centre, London, UK on 11 - 12 November 1998

Edited by

Ravindra K. Dhir
Director, Concrete Technology Unit
University of Dundee

Neil A. Henderson
CPD/Consultancy Manager, Concrete Technology Unit
University of Dundee

Mukesh C. Limbachiya
Research/Teaching Fellow, Concrete Technology Unit
University of Dundee
# CONTENTS

Preface iii  
Contents v

## OPENING KEYNOTE PAPER

Concrete: Durable, But Also Sustainable?  
*Professor Ch. F. Hendriks, and Dr H. S. Pietersen*

## PART ONE: PRODUCTION PROCESSING AND PROPERTIES

Properties of Concretes with Recycled Aggregates:  
Influence of Properties of the Aggregates and Their Interpretation  
*Barra, M. and Vázquez, E.*

Recycled Concrete Aggregates: An Alternative Concept  
*Johnston, A. G., Dawson, A. R., and Brown, G. J.*

alljig® - Technology for Separation of Building Rubble  
*Jungmann, A. and Quindt, J.*

Application of Recycled Aggregate Concrete for Structural Concrete. Part 1-  
Experimental Study on the Quality of Recycled Aggregate and  
Recycled Aggregate Concrete  
*Kikuchi, M., Dosho, Y., Narikawa, M. and Miura, T.*

Optimising the Use of RCA  
*Kohler, G. and Kurkowski, H.*

Closing the Concrete Loop- From Reuse to Recycling  
*Loo, van W.*

Properties of Large-Scale Processed Building Rubble with Respect  
to the Reuse as Aggregate in Concrete  
*Maultzsch, M. and Mellmann, G.*

Characteristics of Processed Concrete Rubble  
*Müeller, A. and Winkler, A.*

Variation in Particle Size Distribution from Primary Crushing of  
Demolition Waste  
*Ogwuda, O. I., Fordyce, D. and Underwood, J.*
Bonding Surface Between Recycled Aggregate and New Cement Paste
Sciotti, M., Dolara, E., Cairns, R. and Di Niro, G.
135

Application of Recycled Aggregate Concrete for Structure Concrete. Part 3-
Production of Recycled Aggregate by Real-Scale Plant and
Quality of Recycled Concrete Aggregate
Teranishi, K., Dosho, Y., Narikawa, M. and Kikuchi, M.
143

Recycling of Fine Processed Building Rubble Materials
Winkler, A. and Müller, A.
157

PART TWO: GENERAL CONSTRUCTION ISSUES

Recycled Aggregate - Application and Control Issues
Collins, R. J.
169

Properties of Hardened RAC for Structural Purposes
Di Niro, G., Cairns, R., and Dolara, E.
177

Properties and Frost Durability of Recycled Aggregate From Oslo, Norway
Jacobsen, S., Rommetvedt, O-E., and Gjengstø, K. T.
189

Reactivity in Mortar Phase in Recycled Concrete Aggregate
Karlsson, M.
197

PART THREE: CONCRETE CONSTRUCTION ISSUES

Recycling of Demolition Waste to Produce Durable Concrete
- Experimentation in Order to Diffuse Use
D’Amico, C. and Gargano, C.
205

Shrinkage and Creep of Concrete with Recycled Materials as Coarse Aggregates
De Pauw, P., Thomas, P., Vyncke, J. and Desmyter, J.
213

RCA Concrete: A Study of Properties in the Fresh State, Strength Development
and Durability
Limbachiya, M. C., Leelawat, T. and Dhir, R. K.
227

Concrete with Recycled Concrete Aggregates
Dillmann, R.
239

RAC Prestressed Beams
Dolara, E., Cairns, R. and Di Niro, G.
255
Future Aspects for the Use of Recycled Concrete Aggregate in Denmark
Glavind, M. and Haugaard, M. 401

German Committee for Reinforced Concrete (DAfStb) - Code: Concrete with Recycled Aggregates
Grubl, P. and Rühl, M. 409

Recycling of Building and Demolition Waste - An Integrated Approach
Hendriks, Ch. F., Pietersen, H. S. and Fraay, A. F. A. 419

Barriers to the Reuse of Construction By-Products and the Use of Recycled Aggregate Concrete in Japan
Kasai, Y. 433

Requirements on Concrete for Future Recycling
Müller, C. 445

Using RCA as Part of an Overall Approach to Sustainable Construction
O'Brien, K. 459

Disposal of Concrete Offshore Platforms - Are Recycling of Materials an Acceptable Option?
Olsen, T. O. and Hoyland, K. 471

Reuse of Building Rubble in Cement Manufacturing
Sánchez, J. A. and Tudanca, S. 481

Recycled Aggregate Markets: Where to Start?
Trevorrow, A. and Lyne, T. 493

CLOSING KEYNOTE PAPER
The Global Challenge of Recycling Concrete
E. K. Lauritzen 505

Index of Authors 521

Subject Index 523
