ADVANCES IN LIMNOLOGY 57

Biology and Management of Coregonid Fishes – 1999

Proceedings of the Seventh International Symposium on the Biology and Management of Coregonid Fishes held in Ann Arbor, Michigan, U.S.A.

edited by Thomas Todd and Guy Fleischer

with 260 figures, 142 tables and 2 appendices

E. Schweizerbart'sche Verlagsbuchhandlung (Nägele u. Obermiller) • Stuttgart 2002
Contents

Preface ......................................................................................................................... IX
Acknowledgements ..................................................................................................... XIII

Section I: Genetics

BRZUZAN, P., KOZLOWSKI, J. & FOPP, D.: Genetic structure of Polish populations of vendace (*Coregonus albula* L.) inferred from mitochondrial DNA (with 4 figures and 4 tables) ................................................................. 1-10

BRZUZAN, P. & CIESIELSKI, S.: Sequence and structural characteristics of mtDNA control regions of three coregonine species (*Coregonus albula*, *C. lavaretus*, and *C. peled*) (with 3 figures and 2 tables) ............................................................... 11-20

POLITOV, D.V., GORDON, N.Y. & MAKHROV, A.A.: Genetic identification and taxonomic relationships of six Siberian species of *Coregonus* (with 6 figures and 4 tables) ...................................................................................... 21-34

SENDER, D.S.: Electrophoretic studies of Coregonid fishes from across Russia (with 4 figures, 3 tables, and 1 appendix) ....................................................................................................................... 35-55

YAKHNENKO, V.M. & MAMONTOV, A.M.: The genetic differentiation of the least cisco (*Coregonus sardinella* Valenciennes, 1848) from Lake Baunt and the Lena River (with 1 figure and 3 tables) ........................................................................................................ 57-64

Section II: Lake Baikal

SMIRNOV, V.V. & SMIRNOVA-ZALUMI, N.S.: Factors determining year-class strength in populations of the Lake Baikal omul, *Coregonus autumnalis migratorius* (Georgi) (with 4 figures and 1 table) ................................................................................................................ 65-75

MAISTRENKO, S.G. & MAISTRENKO, M.A.: Stock structure and abundance of spawning stocks of Baikal omul, *Coregonus autumnalis migratorius* (Georgi), from the Barguzin River (with 4 figures and 2 tables) ...................................................................................... 77-84

SOUKHANOVA, L.V., SMIRNOV, V.V., SMIRNOVA-ZALUMI, N.S., KIRIL’CHIK, S.V., GRIFFITHS, D. & BELIKOV, S.I.: The taxonomic position of the Lake Baikal omul, *Coregonus autumnalis migratorius* (Georgi), as revealed by sequence analysis of the mtDNA cytochrome b gene and control region (with 3 figures and 2 tables) .................................................................................................................. 97-106
SMIRNOVA-ZALUMI, N.S., SMIRNOV, V.V. & TOLSTIKOVA, L.I. Infestation of the parasite Contracaecum in various morphotypes of the Lake Baikal omul, Coregonus autumnalis migratorius (Georgi) (with 5 figures and 4 tables) .................................................. 107-118

Section III: Stocking

LESKELÄ, A., JOKIKOKKO, E. & HUHMARNIEMI, A.: Sea migration patterns of stocked anadromous European whitefish, (Coregonus lavaretus (L.)) fingerlings (with 3 figures and 2 tables) ........................................................................................................ 119-128

WOLOS, A., LEOPOLD, M. & BNINSKA, M.: Analysis of vendace (Coregonus albula L.) and European whitefish (Coregonus lavaretus L.) fisheries in Polish lakes (with 8 figures and 1 table) .............................................................. 129-142

TURKOWSKI, K.: Economic aspects of vendace and whitefish management in four lakes in northern Poland (with 8 figures and 5 tables) ................................................................. 143-156

MAMCARZ, A. & SKRZYPCZAK, A.: Coregonids in the Great Masurian Lakes (with 8 figures and 1 table) .................................................................................................................. 157-169

MUKHACHEV, I.S. & GUNIN, A.P.: A review of the production of cultivated whitefishes (Coregonus spp.) in the Urals and West Siberia (with 7 figures) ....................... 171-181

Section IV: Biology

BOHN, T., AMUNDSEN, P.-A., POPOVA, O., RESHETNIKOV, YU.S. & STALDIVK, F.J.: Predator avoidance by coregonids: Can habitat choice be explained by size-related prey vulnerability? (with 6 figures and 2 tables) .................................................. 183-197

GERDEAUX, D., BERGERET, S., FORTIN, J. & BARONNET, T.: Diet and seasonal patterns of food composition of Coregonus lavaretus in Lake Annecy: comparison with the diet of the other species of the fish community (with 3 figures and 2 tables) ...... 199-207

MILLS, K.H., CHALANCHUK, S.M., ALLAN, D.J. & BODALY, R.A.: Abundance, survival, condition, and recruitment of lake whitefish (Coregonus clupeaformis) in a lake subjected to winter drawdown (with 5 figures) .................................................. 209-219

RESHETNIKOV, YU.S., POPOVA, O.A., KASHULIN, N.A., LUKIN, A.A. & AMUNDSEN, P.-A.: Development of an index to assess the effect of heavy metal pollution on fish populations (with 2 figures and 4 tables) .................................................. 221-231

KRAUSE, A.E., ESHENRODER, R.L. & BENOCHER, L.J.: Buoyancy differences among two deepwater ciscoes from the Great Lakes and their putative ancestor (with 3 figures and 1 table) ........................................................................................................ 233-242

BOGDANOVA, V.A.: Ontogenesis of gonads in Coregonus peled (Gmelin) x Coregonus nasus (Pallas) hybrids (with 5 figures and 4 tables) .................................................. 243-252
HOWLAND, K.L., TONN, W.M. & TALLMAN, R.F.: The influence of genetic and environmental factors on egg development and juvenile growth in two life history forms of inconnu (Stenodus leucichthys) (with 2 figures and 3 tables) ........................................ 253-264

MAYR, C.: The effect of water turbidity on distribution and feeding success of European whitefish (Coregonus lavaretus L.) (with 6 figures and 1 table) .............. 265-275

KAHILAINEN, K. & LEHTONEN, H.: Habitat use and growth of three sympatric forms of European whitefish, Coregonus lavaretus (L.), in subarctic Lake Muddusjärvi (with 5 figures and 4 tables) ......................................................... 277-290

CHUDOBIAK, D.H., TALLMAN, R.F. & ABRAHAMS, M.V.: Variation in the morphology of two populations of arctic broad whitefish, Coregonus nasus (Pallas), in the Mackenzie River, Northwest Territories, Canada (with 3 figures and 5 tables) ... 291-305

BOLOTOVA, N.L. & BOLOTOV, O.V.: Anthropogenic impacts on the landlocked coregonids of Kubenskoe Lake: Coregonus lavaretus nelmuschka (Pravdin) and Stenodus leucichthys nelma (Pallas) (with 8 figures and 1 table) ................................................................. 321-333

EDSALL, T.A. & DESORCIE, T.J.: The growth-temperature relation and preferred temperatures of juvenile lake herring (with 3 figures and 2 tables) ...................... 335-342

ENZ, C.A., MÜLLER, R., BIA, M.M. & HEEB, J.: A population dynamics model for evaluating mortality factors in whitefish (Coregonus sildteri) larvae in Lake Hallwil (with 5 figures and 1 table) ......................................................... 343-358

ILMAST, N.V. & STERLIGOVA, O.P.: Biological characteristics of European whitefish in Lake Pulmankijärvi, northern Finland (with 3 figures and 2 tables) ............ 359-366

LEHTONEN, H. & KAHILAINEN, K.: Food composition and diet overlap of three sympatric forms of European whitefish, Coregonus lavaretus (L.) in a subarctic lake (with 8 figures and 2 tables). ................................................................. 383-395

MAMCARZ, A., LORO, R., LUCZYNSKI, M., BORTOT, N., FURGALA-SELEZNIOV, G., GRAVA, B., KUCHARCZYK, D., KUJAWA, R., SKRZYPCZAK, A. & ZANETTI, M.: Biology and status of whitefishes from Lake Santa Croce (Dolomites, Italy) (with 3 figures and 7 tables) ......................................................................................................................... 397-409
MORSCHEID, H. & MAYR, C.: Supply and demand – the interplay of vertical distribution of European whitefish (*Coregonus lavaretus* L.) and zooplankton in Lake Ammersee (with 6 figures) ................................................................. 411-421

NOVOSELOV, A.P.: Whitefishes in the lakes of north-eastern European Russia (with 4 figures and 2 tables) ......................................................................................................................... 435-446

JONAS, J.L., SCHNEEBERGER, P.J., CLAPP, D.F., WOLGAMOOD, M., WRIGHT, G. & LASSEE, B.: Presence of the BKD-causing bacterium *Renibacterium salmoninarum* in lake whitefish and bloaters in the Laurentian Great Lakes (with 2 figures and 1 table) ................................................................. 447-452

JOUKHADOR, Z., PATTERSON, W.P., TODD, T.N. & SMITH, G.R.: Temperature history of *Coregonus artedi* in the St. Marys River, Laurentian Great Lakes, inferred from oxygen isotopes in otoliths (with 4 figures and 1 table) ................................................................. 453-461

STEINHILBER, M., NELSON, J.S. & REIST, J.D.: A morphological and genetic re-examination of sympatric shortjaw cisco (*Coregonus zenithicus*) and lake cisco (*C. artedi*) in Barrow Lake, Alberta, Canada (with 6 figures, 3 tables, and 1 appendix) .... 463-478

STERLIGOVA, O.P., ILMAST, N.V., PEROVOZVANSKY, V.Y. & KITAEV, S.P.: Coregonid fishes of Lake Tulos (with 3 figures and 4 tables) ......................................................................................................................... 479-485

SUTELA, T., HUUSKO, A., KARJALAINEN, J., AUVINEN, H. & VILJANEN, M.: Feeding success of vendace (*Coregonus albula* (L.)) larvae in littoral and pelagic zones (with 3 figures and 3 tables) ................................................................. 487-495

TALLMAN, R.F.: Genetic differences in growth between lacustrine and anadromous populations of broad whitefish, *Coregonus nasus,* of the lower Mackenzie River (with 4 figures and 8 tables) ......................................................................................................................... 497-506

LANGE, M. & TALLMAN, R.F.: Life history variation in two populations of migratory lake whitefish (*Coregonus clupeaformis*) in the western Northwest Territories, Canada (with 6 figures) ......................................................................................................................... 507-515

TODD, T.N. & STEINHILBER, M.: Diversity in shortjaw cisco (*Coregonus zenithicus*) in North America (with 4 figures and 3 tables) ......................................................................................................................... 517-525

TOLONEN, A., PAALAVUO, M., MUJE, P. & RITA, H.: Energy density and fecundity in subarctic European whitefish (*Coregonus lavaretus* (L.)), infected by *Diphyllobothrium ditremum* pleurocercoids (with 4 figures and 1 table) ......................................................................................................................... 527-535
Section V: Lake Femund

SAKSgåRD, R., Næsje, T.F., Sandlund, O.T. & Ugedal, O.: The effect of fish predators on European whitefish (Coregonus lavaretus L.) habitat use in Lake Femund, a deep Norwegian lake (with 6 figures and 5 tables) ........................................ 537-552

Sandlund, O.T., Næsje, T.F., Saksgård, R. & Østbye, K.: Gillraker development in juvenile polymorphic European whitefish (Coregonus lavaretus L.) in Lake Femund, Norway (with 5 figures and 3 tables) .................................................. 553-562

Section VI: Fisheries

Sipponen, M. & Valkeajärvi, P.: The manageability of inland fisheries for Lake Päijänne, Finland: the case of co-management and self-regulation (with 5 figures and 2 tables) ........................................ 589-600

Heikinheimo, O., Valkeajärvi, P. & Helminen, H.: Interactions between brown trout, vendace, and the fishery in Lake Päijänne (with 6 figures and 2 tables) .... 601-613

Müller, R., Meng, H.J., Enz, C., Bia, M.M. & Schäffer, E.: Forecasting year-class strength and yield of Lake Hallwil whitefish in an eutrophic lake (with 5 figures and 1 table) ........................................... 615-625

Harrod, C., Griffiths, D., Rosell, R. & McCarthy, T.K.: Current status of the pollan (Coregonus autumnalis Pallas 1776) in Ireland (with 2 figures and 4 tables) ... 627-638

Alt, K. & Taube, T.: Abundance and composition of inconnu spawners from the Kobuk River, Alaska (with 1 figure and 2 tables) ........................................... 639-645

Helminen, H., Sarvala, J. & Ennola, K.: Individual based model for population dynamics of vendace (Coregonus albula) in Lake Pyhäjärvi, southwest Finland (with 6 figures and 1 table) ........................................... 647-656

Lappalainen, J. & Lehtonen, H.: Spatial covariations in year-class strengths of European whitefish, Eurasian perch and pikeperch in the Baltic Sea during the 1970’s and 1980’s (with 4 figures and 4 tables) ........................................... 657-668

Lehtonen, H. & Jokikokko, E.: Responses of anadromous European whitefish, Coregonus lavaretus (L.) to fishing in the Gulf of Bothnia (with 6 figures and 2 tables) ........................................... 669-676

Valkeajärvi, P., Auvinen, H., Riikonen, R. & Salmi, P.: Monitoring of vendace stocks in Finland (with 3 figures and 1 table) ........................................... 677-685

List of Referees .......................................................... 687-689
