Foreword xvii
Preface xix
About the Editors xxiii

Part One
Aging and Time

1. Aging and the Life Course
   Richard A. Settersten, Jr.
   I. Why Gerontology Needs the Life Course 3
   II. Clarifying the Distinctiveness of Old Age 8
   III. Exploring Connections Between Old Age and Prior Life Periods 10
   IV. The End of Gerontology? 13
   V. Conclusion 14
   References 16

2. Modeling the Effects of Time: Integrating Demographic and Developmental Perspectives
   Duane F. Alwin, Scott M. Hofer, and Ryan J. McCammon
   I. Conceptions of Time 20
   II. Population Concepts 23
   III. Analysis Issues 24
   IV. Modeling the Effects of Time 28
   V. Conclusions 34
   References 35

vii
Contents

Part Two
Aging and Social Structure

3. Morbidity, Disability, and Mortality
   Kenneth C. Land and Yang Yang
   I. Epidemiologic Transition Theory and Recent Trends in Adult Mortality 42
   II. The Dynamics of Morbidity, Disability, and Mortality 45
   III. Demographic, Social, and Behavioral Differentials in Morbidity, Disability, and Mortality 48
   IV. Conclusions and Future Research Directions 54
      References 55

4. Old Age Through the Lens of Family History
   Carole Haber
   I. The Initial Interpretative Phase: Modernization and the Families of the Old 60
   II. The Second Phase: The Cambridge Group and Its Followers 61
   III. A Research Agenda 72
      References 73

5. Internal and International Migration
   Charles F. Longino, Jr., and Don E. Bradley
   I. Internal Migration 76
   II. Late-Life International Migration 84
   III. Future Research Priorities 89
      References 89

6. Diversity and Aging in the United States
   Ronald J. Angel and Jacqueline L. Angel
   I. Population Diversity and the Pact Between the Generations 94
   II. The Ethnic Age Grading of the Population 95
   III. Culture and Diversity 97
   IV. Health of the Elderly Minority Population 98
   V. Income and Wealth: The Sources of Retirement Security 101
   VI. Age at Immigration 102
   VII. Medical Care, Living Arrangements, and Long-Term Care 103
   VIII. Conclusion 104
      References 106

7. Social Networks and Health
   Jennifer L. Moren-Cross and Nan Lin
   I. Social Structure and Health 111
   II. The Network Approach 112
   III. Review of Social Network Properties and Health 115
   IV. Conclusions and Directions for Future Research 121
      References 124
8. Converging Divergences in Age, Gender, Health, and Well-Being: Strategic Selection in the Third Age
Phyllis Moen and Donna Spencer

I. Age- and Gender-Graded Role Constellations 129
II. The Third Age and Retirement: Institutions and Role Constellations in Flux 131
III. Converging Divergences in the Third Age: Consequences of Obsolete Age- and Gender-Graded Constellations 134
IV. A Converging Divergence? 138
V. Summary 139
References 140

Angela M. O'Rand

I. Life Course Capital: Evolutionary and Social Origins 146
II. Forms of Life Course Capital: A Brief Review 148
III. Childhood: The First Life Course Risks in the Development of Life Course Capital 149
IV. Challenges to Linking Childhood Origins to Adult Outcomes 152
V. Life Course Risks After Childhood: Variant Opportunities and Deviant Setbacks 153
VI. Variant Adult Pathways to Inequality: Patterns of Disadvantage and Advantage 154
VII. Deviant Setbacks in the Life Course: Criminal Records 156
VIII. Conclusions: The Retrenchment of Equalizing Institutions and Life Course Stratification 157
References 158

Part Three
Social Factors and Social Institutions

10. Intergenerational Family Transfers in Social Context
Merrill Silverstein

I. Altruism, Power, and Reciprocity in Family Systems 166
II. Public-Private Interfaces 170
III. Corporate and Mutual Aid Models 172
IV. Normative-Moral Perspectives on Transfers 174
V. Conclusion 175
References 176

11. Social Relationships in Late Life
Neal Kiause

I. What Are Social Relationships? 182
II. Exploring the Genesis of Social Relationships 182
III. Social Relationships and Health 188
IV. Variations by Race 193
V. The Current State of Theory on Social Relationships 196
VI. Conclusions 197
References 198
12. Older Workers
Melissa Hardy

I. Who Are "Older" Workers in Today's Economy? 202
II. The Demographic Context of an Aging Labor Force 203
III. Age Discrimination in the Workplace 204
IV. Experiences of Older Workers in the Labor Market 205
V. Employment Opportunities for Older Workers 207
VI. Improving the Fit Between Human Resources and Jobs 208
VII. Older Worker Policies in Comparative Perspective 209
VIII. Conclusions 214
References 215

13. Economic Status of the Aged
Karen Holden and Charles Hatcher

I. Income and Asset Status of Older Adults 220
II. Measures of Economic Well-Being 230
III. Conclusions and Directions for Future Research 234
References 235

14. Health and Aging
Kenneth F. Ferraro

I. Fifty Years of Research on Health and Aging 238
II. Life Course Epidemiology 241
III. Health and Illness Behavior 245
IV. Future Research Directions 248
V. Social Forces and Health Across the Life Course 250
References 250

15. Technological Change and Aging
Stephen J. Cutler

I. Theoretical Perspectives 258
II. Overview of Applications 259
III. Factors in the Use of Technology by Older Persons 265
IV. Conclusions 269
References 270

16. Religion and Aging
Ellen Idler

I. Background 277
II. Views of Aging in the World Religions 281
III. Religious Involvement and Aging Across the Life Course 283
IV. Cohort Differences in Religious Involvement 286
V. Societal Aging and Its Impact on Religious Institutions 287
VI. Impact of Religious Involvement on Health in Late Life 289
VII. Congregation and Clergy Care for Older Adults 293
VIII. Communities of Memory: Ethnographies of Old Age in Religious Communities 294
IX. Conclusion 295
References 295
Contents

17. Lifestyle and Aging
   Jon Hendricks and Laurie Russell Hatch
   I. Defining Lifestyle 303
   II. "Successful Aging" as Code for Lifestyle 308
   III. An Agenda to (Re)Unite Structure and Agency as Constitutive of Lifestyle 309
   IV. Conclusion 316
   References 316

18. Perceived Quality of Life
   Linda K. George
   I. Conceptualizing and Defining Quality of Life 321
   II. Is Quality of Life an Objective or Subjective Phenomenon? 321
   III. Is "Successful Aging" the Same as Quality of Life? 322
   IV. Is Quality of Life Responsive to Changing Internal and External Circumstances? 322
   V. Determinants of Subjective Well-Being 323
   VI. Demographic Characteristics 324
   VII. Socioeconomic Status 325
   VIII. Health 325
   IX. Activities 325
   X. Social Integration 326
   XI. Social Ties and Social Support 327
   XII. Psychosocial Mediators of the Determinants of SWB 327
   XIII. Sense of Control and Related Constructs 327
   XIV. Sense of Meaning 328
   XV. Social Comparisons 328
   XVI. Discrepancy Theories 329
   XVII. Strategic Investments of Time and Resources 329
   XVIII. A Cautionary Note 329
   XIX. Cross-Cultural Comparisons 330
   XX. Priority Issues for Future Research 331
   References 333

Part Four
Aging and Society

19. Aging and Politics: An International Perspective
   Alan Walker
   I. The New Politics of Aging 339
   II. The New Macro Politics of Aging 342
   III. The New Meso and Micro Politics of Aging 344
   IV. Participation in Local Decision Making 346
   V. Participation in National Decision Making 347
   VI. Gray Power: Reality or Myth? 347
   VII. Barriers to Political Participation and Influence 350
   VIII. Prospects for the Politics of Aging: A Research Agenda 353
   References 356
20. Economic Security in Retirement: Reshaping the Public-Private Pension Mix
James H. Schulz and Allan Borowski
I. What Pension Mix? 360
II. Pensions in the Twentieth Century: Defined Benefit Plans Dominate 361
IV. Problems with Defined Contribution Plans 367
V. International Experience with New Pension Mixes 370
VI. Which Way Reform? 375
References 377

21. Organization and Financing of Health Care
Marilyn Moon
I. The Creation of Medicare and Medicaid 381
II. The Pressures on a Public System 383
III. How the Total System Has Evolved Over Time 385
IV. Issues Surrounding Reliance on the Private Market 388
V. Where Medicaid and Medicare Are Today 391
VI. Where Could We Go with the Organization and Financing of Care? 392
References 395

22. Emerging Issues in Long-Term Care
Robyn I. Stone
I. Defining Long-Term Care 397
II. The Triple Knot of Long-Term Care 400
III. Emerging Issues in Long-Term Care 408
References 414

23. Aging and the Law
Marshall B. Kapp
I. Law as a Social Tool 419
II. Law as a Source of Elder Rights 422
III. Legal Grounds for Government Interventions 424
IV. Legal Status of Older Persons 426
V. Does the Law Accomplish Its Goals? 431
VI. Elder Law as a Legal Specialty 432
VII. Looking to the Future 433
References 434

24. Anti-Aging Medicine and Science: Social Implications
Robert H. Binstock, Jennifer R. Fishman, and Thomas E. Johnson
I. The Contemporary Anti-Aging Movement 437
II. Boundary Work: Gerontologists versus Anti-Aging Medicine 441
III. Anti-Aging Frontiers in Biogerontology 443
IV. Issues for Future Research 448
References 451
## 25. Aging and Justice

*Martin Kohli*
