**Preface** xvii

**PART ONE**  Drugs in Society/Drugs in Our Lives  1

**CHAPTER 1**

Drugs and Behavior Today  1

- By the Numbers . . .  2
- Social Messages about Drug Use  3
- Two Ways of Looking at Drugs and Behavior  4
  - A Matter of Definition: What Is a Drug?  4
  - Instrumental and Recreational Use of Drugs  5

**HEALTH LINE:** Defining Drugs: Olive Oil, Curry Powder, and a Little Grapefruit?  6

- Misuse and Abuse of Drugs  7

**DRUGS IN FOCUS:** Drug Abuse and the College Student: An Assessment Tool  8

- Drugs in Early Times  9
- Drugs in the Nineteenth Century  10
- Drugs and Behavior in the Twentieth Century  11
  - Drugs and Behavior from 1945 to 1960  12
  - Drugs and Behavior after 1960  12

- Present-Day Attitudes toward Drugs  14
- Patterns of Drug Use in the United States  14
  - Illicit Drug Use among High School Seniors  15
  - Illicit Drug Use among Eighth Graders and Tenth Graders  16
  - Illicit Drug Use among Adolescents, 1975–2009  16
  - Drug Use among College Students and Young Adults  16
  - Patterns of Alcohol Use  16
  - Patterns of Tobacco Use  17
  - Drug Attitudes and Drug Use  17
  - Patterns of Illicit Drug Use in Adults Aged Twenty-Six and Older  18

- Understanding Present-Day Drug Use in the United States  19

**CHAPTER 2**

Drug-Taking Behavior: The Personal and Social Concerns  29

- By the Numbers . . .  30
- Drug Toxicity  31

**DRUGS IN FOCUS:** Acute Toxicity in the News: Drug-Related Deaths  33

- Understanding Dose-Response Curves  34
- The DAWN Reports  34
  - Emergencies Related to Illicit Drugs  35
  - Drug-Related Deaths  35
  - Judging Drug Toxicity from Drug-Related Deaths  36
  - Demographics and Trends  36
  - From Acute Toxicity to Chronic Toxicity  36
  - Behavioral Tolerance and Drug Overdose  37

- Understanding Behavioral Tolerance through Conditioning  39
- Physical and Psychological Dependence  39
  - Physical Dependence  39
  - Psychological Dependence  40
CHAPTER 3

How Drugs Work in the Body and on the Mind 60

By the Numbers . . . 61
How Drugs Enter the Body 61
  Oral Administration 61
  Injection 62
  Inhalation 63
  Absorption through the Skin or Membranes 63
How Drugs Exit the Body 64

DRUGS ... IN FOCUS: Ways to Take Drugs: Routes of Administration 65
Factors Determining the Behavioral Impact of Drugs 66
  Timing 66
  Drug Interactions 67

Understanding Drug Interactions 67
  Cross-Tolerance and Cross-Dependence 67

PART TWO Legally Restricted Drugs in Our Society 89

CHAPTER 4

The Major Stimulants: Cocaine and Amphetamines 89

By the Numbers . . . 90
The History of Cocaine 90
  Cocaine in Nineteenth-Century Life 91
CHAPTER 6
LSD and Other Hallucinogens 143

By the Numbers . . . 144
A Matter of Definition 144
Classifying Hallucinogens 145
Lysergic Acid Diethylamide (LSD) 146

DRUGS . . . IN FOCUS: Strange Days in Salem: Witchcraft or Hallucinogens? 147
The Beginning of the Psychedelic Era 147

PORTRAIT: Timothy Leary—Whatever Happened to Him? 149
Acute Effects of LSD 149
Effects of LSD on the Brain 151
Patterns of LSD Use 151

Facts and Fiction about LSD 151
Will LSD Produce Substance Dependence? 151
Will LSD Produce a Panic Attack or Psychotic Behavior? 151
Will LSD Increase Your Creativity? 152
Will LSD Damage Your Chromosomes? 152

Emergency Guidelines for a Bad Trip on LSD 152
Will LSD Have Residual (Flashback) Effects? 153
Will LSD Increase Criminal or Violent Behavior? 153

Psilocybin and Other Hallucinogens Related to Serotonin 154

HEALTH LINE: Bufotenine and the Bufo Toad 155
Lysergic Acid Amide (LAA) 155
Dimethyltryptamine (DMT) 155
Harmine 156

Hallucinogens Related to Norepinephrine 156
Mescaline 156

CHAPTER 7
Marijuana 168

By the Numbers . . . 169
A Matter of Terminology 169
The History of Marijuana and Hashish 171
Hashish in the Nineteenth Century 171
Marijuana and Hashish in the Twentieth Century 171
The Anti-marijuana Crusade 172
Challenging Old Ideas about Marijuana 173

Acute Effects of Marijuana 173
Acute Physiological Effects 174
Acute Psychological and Behavioral Effects 174

QUICK CONCEPT CHECK 7.1: Understanding the Effects of Marijuana 176
Effects of Marijuana on the Brain 176
Chronic Effects of Marijuana 176
Tolerance 176
Withdrawal and Dependence 177
Cardiovascular Effects 177
Respiratory Effects and the Risk of Cancer 177
Effects on the Immune System 178
Effects on Sexual Functioning and Reproduction 178
Long-Term Cognitive Effects and the Amotivational Syndrome 179

The Gateway Hypothesis 180
The Sequencing Question 180
The Association Question 180
The Causation Question 181

QUICK CONCEPT CHECK 7.2:
Understanding the Adverse Effects of Chronic Marijuana Abuse 181

Patterns of Marijuana Smoking 182
Current Trends as Causes for Concern 182

DRUGS . . . IN FOCUS: Street Language for Marijuana 183
Medical Marijuana 183
Nausea and Weight Loss 183

PORTRAIT: Angel McClary Raich, Medical Marijuana, and the Raich v. Ashcroft Decision 184
The Medical Marijuana Controversy 184
The Issues of Decriminalization and Legalization 186
Summary 187 / Key Terms 188 / Endnotes 188

PART THREE Legal Drugs in Our Society 191

CHAPTER 8
Alcohol: Social Beverage/Social Drug 191

By the Numbers . . . 192
What Makes an Alcoholic Beverage? 192
Alcohol Use through History 194
Alcohol in Nineteenth-Century America 195
The Rise of the Temperance Movement 195
The Road to National Prohibition 196
The Beginning and Ending of a “Noble Experiment” 196
Present-Day Alcohol Regulation by Taxation 196
Patterns of Alcohol Consumption Today 197
Overall Patterns of Alcohol Consumption 197
The Demographics of Alcohol Consumption 198

HEALTH LINE: Multiple Ways of Getting a Standard Drink 199

DRUGS . . . IN FOCUS: Visualizing the Pattern of Alcohol Consumption in the United States 200

QUICK CONCEPT CHECK 8.1:
Understanding Alcoholic Beverages 201
The Pharmacology of Alcohol 201
The Breakdown and Elimination of Alcohol 202
Measuring Alcohol in the Blood 202

HEALTH LINE: Gender, Race, and Medication: Factors in Alcohol Metabolism 203
Effects of Alcohol on the Brain 204
Acute Physiological Effects 205
Toxic Reactions 205

Emergency Signs and Procedures in Acute Alcohol Intoxication 205
Heat Loss and the Saint Bernard Myth 205
Diuretic Effects 206
Effects on Sleep 206
Effects on Pregnancy 206
Interactions with Other Drugs 206
Hangovers 206

Acute Behavioral Effects 208
Blackouts 208
Driving Skills 208
Preventing Alcohol-Related Traffic Fatalities 209

PORTRAIT: Candace Lightner—Founder of MADD 209
Alcohol, Violence, and Aggression 210

DRUGS . . . IN FOCUS: Alcohol, Security, and Spectator Sports 211
Sex and Sexual Desire 211

DRUGS . . . IN FOCUS: Caffeine, Alcohol, and the Dangers of Caffeinated Alcoholic Drinks 212
Alcohol and Health Benefits 212

QUICK CONCEPT CHECK 8.2:
Understanding the Data from Balanced Placebo Designs 213
Strategies for Responsible Drinking 213

Guidelines for Responsible Drinking 214
Summary 215 / Key Terms 216 / Endnotes 216
CHAPTER 9
Chronic Alcohol Abuse and Alcoholism 220

Alcoholism: Stereotypes, Definitions, and Criteria 221
By the Numbers . . . 221
Problems Associated with a Preoccupation with Drinking 221
Emotional Problems 223
Vocational, Social, and Family Problems 223
Physical Problems 223

HEALTH LINE: A Self-Administered Short Michigan Alcoholism Screening Test (SMAST) 224

QUICK CONCEPT CHECK 9.1: Understanding the Psychology of Alcoholism 225

Alcohol Abuse and Alcohol Dependence: The Health Professional's Perspective 225
Physiological Effects of Chronic Alcohol Use 226
Tolerance and Withdrawal 226
Liver Disease 226
Cardiovascular Problems 227
Cancer 227
Dementia and Wernicke-Korsakoff Syndrome 228
Fetal Alcohol Syndrome (FAS) 228

HEALTH LINE: The TWEAK Alcoholism Screening Instrument for Pregnant Women 230

Patterns of Chronic Alcohol Abuse 230
The Demographics of Alcoholism 231
Alcohol Abuse among the Elderly 231
The Family Dynamics of Alcoholism: A Systems Approach 232
Children of an Alcoholic Parent or Parents 232

The Genetics of Alcoholism 233
The Concept of Alcoholism as a Disease 234
Approaches to Treatment for Alcoholism 234
Biologically Based Treatments 234

PORTRAIT: Bill W. and Dr. Bob—Founders of Alcoholics Anonymous 236
Alcoholics Anonymous 236

HEALTH LINE: Is Controlled Drinking Possible for Alcoholics? 237

DRUGS . . . IN FOCUS: The Non-Disease Model of Alcoholism and Other Patterns of Drug Abuse 238

CHAPTER 10
Nicotine and Tobacco Use 246

By the Numbers . . . 247
Tobacco Use through History 247
Politics, Economics, and Tobacco 248
Snuffing and Chewing 248
Cigars and Cigarettes 248
Tobacco in the Twentieth Century 249
Health Concerns and Smoking Behavior 250

HEALTH LINE: African Americans, Smoking, and Mentholated Cigarettes 251

Tobacco Today: An Industry on the Defensive 251
The Tobacco Settlement of 1998 252
The Tobacco Control Act of 2009 252
Tobacco Regulation and Global Economics 253
What's in Tobacco? 253
Carbon Monoxide 253
Tar 254
Nicotine 254

The Dependence Potential of Nicotine 255
The Titration Hypothesis of Nicotine Dependence 255
Tolerance and Withdrawal 255
Health Consequences of Tobacco Use 255

HEALTH LINE: Annual Tobacco-Related Deaths 256
Cardiovascular Disease 256
Respiratory Diseases 257
Lung Cancer 257
Other Cancers 258
Special Health Concerns for Women 259

Signs of Trouble from Smokeless Tobacco 259
The Hazards of Environmental Smoke 259

QUICK CONCEPT CHECK 10.1: Understanding the Effects of Tobacco Smoking 260
CHAPTER 13
Depressants and Inhalants 314

By the Numbers . . . 315
Barbiturates 315
   Categories of Barbiturates 316
   Acute Effects of Barbiturates 316

DRUGS . . . IN FOCUS: Is There Any Truth in "Truth Serum"? 317
   Chronic Effects of Barbiturates 318
   Current Medical Uses of Barbiturates 318
   Patterns of Barbiturate Abuse 319
Nonbarbiturate Sedative-Hypnotics 319

The Development of Antianxiety Drugs 320
Benzodiazepines 320
   Medical Uses of Benzodiazepines 321
   Acute Effects of Benzodiazepines 321
   Chronic Effects of Benzodiazepines 322
   How Benzodiazepines Work in the Brain 322
   Patterns of Benzodiazepine Misuse and Abuse 323

DRUGS . . . IN FOCUS: The Dangers of Rohypnol as a Date-Rape Drug 324
Nonbenzodiazepine Depressants 324
   Zolpidem and Eszopiclone 324
   Buspirone 325
   Beta Blockers 325
   Antidepressants 325
A Special Alert: The Risks of GHB 325
   Acute Effects 326

PORTRAIT: Patricia White, GHB, and the "Perfect" Crime 326

QUICK CONCEPT CHECK 13.1: Understanding the Abuse Potential in Drugs 326
   Protective Strategies for Women 327
Inhalants through History 327
   Nitrous Oxide 327
   Ether 328
Glue, Solvent, and Aerosol Inhalation 328
   The Abuse Potential of Inhalants 329
   Acute Effects of Glues, Solvents, and Aerosols 329
   The Dangers of Inhalant Abuse 329

DRUGS . . . IN FOCUS: Resistol and Resistoleros in Latin America 332
   The Dependence Potential of Chronic Inhalant Abuse 332
   A Gateway for Future Substance Abuse? 333
Responses of Society to Inhalant Abuse 333

QUICK CONCEPT CHECK 13.2: Understanding the History of Inhalants 334
   Patterns of Inhalant Abuse 331

Summary 334 / Key Terms 336 / Endnotes 336

Contents xiii
PART FIVE  Medicinal Drugs  339

CHAPTER 14
Prescription Drugs,
Over-the-Counter Drugs, and
Dietary Supplements  339

By the Numbers . . .  340
The History of Prescription Drug Regulations  341
Procedures for Approving Prescription Drugs  342
Phases of Clinical Testing for Prescription Drugs  342
Patents and Generic Forms of Prescription Drugs  344
Speeding Up the FDA Approval Process  344
Procedures for Approving OTC Drugs  344

■ HEALTH LINE:  Bioequivalence, Bioavailability, and Generic Drugs  345

■ QUICK CONCEPT CHECK 14.1:
Understanding the FDA Approval Process  346
Are FDA-Approved Drugs Safe?  346
The Issue of Speed versus Caution  347
Patterns of Prescription Drug Misuse  347

■ HEALTH LINE:  The Potential for Death by
Prescription Error  348
Unintentional Drug Misuse through Prescription Errors  349
Patterns of Prescription Drug Abuse  349

Major OTC Analgesic Drugs  349
Aspirin  350
Acetaminophen  350
Ibuprofen  351
Naproxen  352
OTC Analgesic Drugs and Attempted Suicide  352

■ QUICK CONCEPT CHECK 14.2:
Understanding OTC Analgesic Drugs  352
Other Major Classes of OTC Drugs  352
Sleep Aids  352
Cough-and-Cold Remedies  353
The Pharmaceutical Industry Today  353
Dietary Supplements  354

■ PORTRAIT:  Ryan Haight and the Ryan Haight Act of 2008  355

■ DRUGS . . . IN FOCUS:  What We Know about Nine Herbal Supplements  356
Summary  357 / Key Terms  358 / Endnotes  358

CHAPTER 15
Drugs for Treating Schizophrenia and Mood Disorders  362

By the Numbers . . .  363
The Biomedical Model  363
Antipsychotic Drugs and Schizophrenia  364
The Symptoms of Schizophrenia  364
The Early Days of Antipsychotic Drug Treatment  364

■ HEALTH LINE:  Mercury Poisoning: On Being Mad as a Hatter  365
Antipsychotic Drug Treatment  365
First-Generation Antipsychotic Drugs  365
Second-Generation Antipsychotic Drugs  367
Third-Generation Antipsychotic Drugs  367
Effects of Antipsychotic Drugs on the Brain  367

Drugs Used to Treat Depression  368

■ PORTRAIT:  The Melancholy President—
Abraham Lincoln, Depression, and Those “Little Blue Pills”  369
First-Generation Antidepressant Drugs  369
Second-Generation Antidepressant Drugs  370
Third-Generation Antidepressant Drugs  370

SSRI Antidepressants and Elevated Risk of Suicide among Children and Adolescents  371
Effects of Antidepressant Drugs on the Brain  371
The Effectiveness of Specific Antidepressant Drugs  372

Drugs for Other Types of Mental Disorders  372
Mania and Bipolar Disorder  372

■ QUICK CONCEPT CHECK 15.1:
Understanding the Biochemistry of Mental Illness  373
Autism  373
Off-Label Usage of Psychotropic Medications  374
Psychiatric Drugs, Social Policy, and Deinstitutionalization  374

■ DRUGS . . . IN FOCUS:  Psychiatric Drugs and the Civil Liberties Debate  375
Summary  375 / Key Terms  376 / Endnotes  376
CHAPTER 16

Substance-Abuse Prevention 379

By the Numbers . . . 380
Levels of Intervention in Substance-Abuse Prevention 380

■ QUICK CONCEPT CHECK 16.1: Understanding Levels of Intervention in Substance-Abuse Prevention Programs 381

Strategies for Substance-Abuse Prevention 381
Resilience and Primary Prevention Efforts 382
Measuring Success in a Substance-Abuse Prevention Program 382
A Matter of Public Health 382

■ HEALTH LINE: The Public Health Model and the Analogy of Infectious Disease Control 383

■ PORTRAIT: Dr. A. Thomas McLellan—Reframing National Drug Policy 384

Lessons from the Past: Prevention Approaches That Have Failed 384
Reducing the Availability of Drugs 384
Punitive Measures 385
Scare Tactics and Negative Education 385
Objective Information Approaches 386
Magic Bullets and Promotional Campaigns 386
Self-Esteem Enhancement and Affective Education 386

Hope and Promise: Components of Effective School-Based Prevention Programs 387
Peer-Refusal Skills 387
Anxiety and Stress Reduction 387
Social Skills and Personal Decision Making 387
An Example of an Effective School-Based Prevention Program 387

■ HEALTH LINE: Peer-Refusal Skills: Ten Ways to Make It Easier to Say No 388
Drug Abuse Resistance Education (DARE) 389

■ QUICK CONCEPT CHECK 16.2: Understanding Primary Prevention and Education 390
Community-Based Prevention Programs 390
Components of an Effective Community-Based Program 390
Alternative-Behavior Programming 390

The Influence of Media 391
An Example of an Effective Community-Based Prevention Program 391
Family Systems in Primary and Secondary Prevention 392
Special Role Models in Substance-Abuse Prevention 392
Parental Communication in Substance-Abuse Prevention 393
The Triple Threat: Stress, Boredom, and Spending Money 393

Multicultural Issues in Primary and Secondary Prevention 394
Prevention Approaches in Latino Communities 394
Prevention Approaches in African American Communities 395

Substance-Abuse Prevention in the Workplace 395
The Economic Costs of Substance Abuse in the Workplace 395
Drug Testing in the Workplace 396
The Impact of Drug-Free Workplace Policies 397

Yes, You: Substance-Abuse Prevention and the College Student 397
Changing the Culture of Alcohol and Other Drug Use in College 397
Substance-Abuse Prevention on College Campuses 398

■ HEALTH LINE: Alcohol 101 on College Campuses 398

Substance-Abuse Prevention Information 399
Summary 400 / Key Terms 401 / Endnotes 401

■ POINT/COUNTERPOINT V: Should We DARE or Shouldn’t We? 404

CHAPTER 17

Substance-Abuse Treatment: Strategies for Change 406

By the Numbers . . . 407
Designing Effective Substance-Abuse Treatment Programs 407
The Biopsychosocial Model for Substance-Abuse Treatment 408

Intervention through Incarceration and Other Punitive Measures 409
Substance-Abuse Treatment and Law Enforcement 409

■ DRUGS . . . IN FOCUS: Penalties for Crack versus Penalties for Powder Cocaine: Correcting an Injustice 412
Prison-Alternative Treatment Programs 413
Prison-Based Treatment Programs 413
Drug Courts 413

PORTRAIT: Monsignor William O'Brien — Founder of Daytop Village 414

Substance-Abuse Treatment in the Workplace 415
The Personal Journey to Treatment and Recovery 416
Rehabilitation and the Stages of Change 416

QUICK CONCEPT CHECK 17.1: Understanding the Stages of Change in Substance-Abuse Treatment 417
Stages of Change and Other Problems in Life 418
The Impact of Family Systems on Treatment and Recovery 418
Family Dynamics in Drug Abuse 419

Coping with a Child's Abuse of Alcohol or Other Drugs: What Parents Should and Should Not Do 419
Enabling Behaviors as Obstacles to Rehabilitation 420
Survival Roles and Coping Mechanisms 420
Resistance at the Beginning, Support along the Way 421
Finding the Right Substance-Abuse Treatment Program 421
Judging the Quality of the Treatment Facility 421
Principles to Maximize the Chances of Successful Treatment 423
Needing versus Receiving Substance-Abuse Treatment 423
A Final Note: For Those Who Need Help . . . 424
Summary 425 / Key Terms 426 / Endnotes 426

Index 429
