Table of contents

Zusammenfassung	7
Summary	9
Chapter 1: General introduction and thesis outline.....	11
Chapter 2: Interaction between <i>Salmonella</i> and plants - potential hosts and vectors for human infection	44
Chapter 3: <i>Salmonella</i> persistence in soil enhanced through preadaptation mediated by lettuce medium	73
Chapter 4: Sewage sludge amendment and inoculation with plant-parasitic nematodes do not play any role in the internalization of <i>Salmonella</i> Typhimurium LT2 into lettuce plants.....	95
Chapter 5: Dynamic effects of sewage sludge treatment on soil bacterial community, mobilome and resistome.....	115
Chapter 6: General conclusion and future perspectives.....	183
Author Contributions.....	194
Danksagung.....	195
