

# CONTENTS

*Giampio Bracchi, Umberto Filotto and Donato Masciandaro*

## INTRODUCTION: BANK INDUSTRY AND SUPERVISION IN THE BEHAVIOURAL FINANCE REVOLUTION

1. Micro view: behavioural money and banking	11
2. Macro view: bank industry performances	15
3. Regulatory view: bank supervision	17

## Part 1 - BEHAVIOURAL MONEY AND BANKING

*Davide Pietroni, Felice Giuliani and Riccardo Viale*

## BANK NUDGING. OPPORTUNITIES AND CHALLENGES FOR NUDGE STRATEGIES APPLIED TO THE CREDIT SYSTEM

1. Introduction	23
2. The most expensive cup of coffee	24
3. Nudging by default	25
4. Nudging vs. marketing	27
5. Nudging the nudge	30
6. Nudging and substantive law	32
7. Actual and potential nudging	34
8. Conclusions	36
References	37

*Giovanni Ferri, Matteo Ploner and Matteo Rizzolli*

## SLOW TRADING AND FINANCIAL MARKETS EFFICIENCY. SOME EXPERIMENTAL EVIDENCE

1. Introduction	41
2. Surveying the literature	42
3. Experimental design	44
4. Participants and procedures	45
5. Results	45
6. Conclusions	48
References	49

*Massimo Caratelli, Umberto Filotto, Gianluca Mattarocci and Riccardo Viale*

<b>EMPOWERING BORROWERS: IS THE APR THE MOST APPROPRIATE CHOICE INDICATOR? A BEHAVIOURAL AND EMPIRICAL ANALYSIS</b>	<b>51</b>
1. Introduction	51
2. Literature review	56
3. Why do we prefer raw figures to percentages?	61
4. Empirical analysis	64
4.1 Sample	64
4.2 Methodology	65
4.3 Results	67
5. Conclusions	69
Appendix – Survey on financial choices	71
References	72

*Barbara Alemanni*

<b>THE ROLE OF BEHAVIOURAL ECONOMICS IN FINANCIAL SYSTEM REGULATION: THE CASE OF ITALIAN OCCUPATIONAL PENSION SCHEMES</b>	<b>77</b>
1. Introduction	77
2. Behavioural based policy-making	78
3. Behavioural Economics regulation vs. nudges	80
4. Using behavioural findings for pension fund participation in Italy	84
4.1 The Italian pension system	84
4.2 The use of experiments	85
4.3 The experiments	86
5. Conclusions	89
Appendix – MEFOP experiments	90
References	95

*Federico Favaretto and Donato Masciandaro*

<b>BEHAVIOURAL ECONOMICS AND MONETARY POLICY</b>	<b>99</b>
1. Introduction	99
2. Behavioural Economics: principles	101
3. Aggregate supply and Behavioural Economics	102
4. Aggregate demand and Behavioural Economics	103
4.1 Behavioural Economics and savings	103
4.2 Behavioural Economics and credit	105
5. Macroeconomic equilibrium and Behavioural Economics	105
6. Behavioural Economics and monetary policy	108
7. Conclusions	109
References	112

*Daniele Previati, Giuseppe Galloppo and Andrea Salustri*

<b>CROWDFUNDERS APPRAISAL: ECONOMIC AND BEHAVIOURAL PROFILES</b>	<b>115</b>
1. Introduction	115
2. Crowdfunding on funders' side	116
3. An introduction to Behavioural Economics	119
4. A brief description of the sample	120
5. Empirical results	125
5.1 Crowdfunding and traditional asset classes	125
5.2 Crowdfunding and non traditional asset classes	128
5.3 Crowdfunding and SMES	130
5.4 Wealth level, gender and overconfidence	131
6. Conclusions and future research perspectives	134
References	135

*Paola Schwizer, Alessandro Carretta and Maria-Gaia Soana*

<b>CAN HIGH QUALITY INDEPENDENT DIRECTORS REDUCE CEO OVERCONFIDENCE?</b>	<b>139</b>
1. Introduction	139
2. Literature review and hypotheses	140
3. Sample and methodology	143
4. Results	148
5. Conclusions	151
References	152

## Part 2 - BANK INDUSTRY

*Mariarosa Borroni and Simone Rossi*

<b>MIND THE GAP: THE PROFITABILITY OF THE ITALIAN BANKING SYSTEM IN A CHANGING WORLD</b>	<b>159</b>
1. Introduction	159
2. Methodology, data and results	160
2.1 Panel regression (Euro Area)	161
2.2 Cluster and principal components analysis (Euro Area)	163
2.3 Cluster and principal components analysis (Italy)	168
3. Conclusions	172
References	173

*Matteo Alessi, Stefano Di Colli, Roberto Di Salvo and Juan Sergio Lopez*  
**LOAN LOSS PROVISIONING BEHAVIOUR OF ITALIAN BANKS: AN EMPIRICAL ANALYSIS**

1. Introduction	175
-----------------	-----

2. Literature review	179
3. Data and descriptive analysis	180
3.1 Data sources and definitions	180
3.2 Descriptive statistics	183
4. Econometric analysis	187
4.1 The baseline regression	187
4.2 Testing for other effects	189
4.3 Local banking	199
5. Conclusions	208
References	209

*Michele Fratianni and Francesco Marchionne*

DE-LEVERAGING, DE-RISKING AND MORAL SUASION  
IN THE BANKING SECTOR

	213
1. Introduction	213
2. Empirical specification	215
3. Data and descriptive statistics	218
4. Main empirical findings	221
5. The crisis period and EU banks	226
6. Conclusions	229
Appendix - Variable definition and sources	230
References	231

*Giovanni Foresti, Fabrizio Guelpa and Ilaria Sangalli*

NETWORK AGREEMENTS AND THE ITALIAN BANKING SYSTEM:  
PRELIMINARY EVIDENCE FROM FIRM PERFORMANCE

	233
1. Introduction	233
2. Italian legislation on network agreements	234
3. Networks and competitiveness in literature	235
4. The strategic profile of networked firms: a descriptive approach	236
5. Is there a link between network agreements and performance? An econometric approach	238
6. Conclusions and implications for the banking system	244
References	247

Part 3 - BANK SUPERVISION

*Luigi Donato and Fabio Recine*

THE SINGLE SUPERVISORY MECHANISM. FROM THE BUILDING  
STAGE TO THE RACE TRACK

	251
1. Introduction	251
2. The building of the SSM	252

2.1 Theory and project	252
2.2 Rationale and targets	253
2.3 The tasks of the Ssm	255
3. The principle of separation in the Ssm regulation	259
3.1 An overview	259
3.2 The ECB objectives	260
3.3 The relationship between the different tasks of the ECB	262
3.4 The decision-making procedure	263
3.5 The organisational arrangements and the treatment of information	266
3.6 The accountability requirements	267
4. The principle of integration in the Ssm regulation	267
4.1 A new form of integrated administration	267
4.2 Operational aspects	268
5. Legal regime: an overview of main issues	268
5.1 The separation between regulation and supervision	268
5.2 Legal regime and integration of the different legislations	269
5.3 Framework, organization and procedures	270
5.4 The Administrative Board of Review	271
6. Supervision and banking resolution: complementarity or conflict	272
7. Conclusions and prospects	273
References	275

*Giovanna Paladino and Zeno Rotondi*

**STRESSING THE EUROPEAN BANKS: AN EVALUATION  
OF THE COMPREHENSIVE ASSESSMENT**

	277
1. Introduction	277
2. The sample	279
2.1 Descriptive statistics	279
3. Methodology	283
3.1 Model specifications	283
3.2 Bank specific variables	285
3.3 Country specific variables	286
4. Main results	287
5. Conclusions	297
References	298

*Alessandro Carretta, Vincenzo Farina and Paola Schwizer*

**RISK CULTURE AND BANKING SUPERVISION**

	301
1. Introduction	301
2. Literature	302
3. Methods	305
4. Results	307
5. Conclusions	308
References	317

*Irma Malafronte, Claudio Porzio and Maria Grazia Starita*  
**CAPITAL BUFFERS, BUSINESS MODELS AND OWNERSHIP  
 STRUCTURE: NEW CHALLENGES FROM THE EUROPEAN  
 BANKING UNION**

	319
1. Introduction	319
2. Literature review	321
3. Sample and data	323
3.1 Sample characteristics	323
3.2 Capital buffer and explanatory variables	323
4. Regression model	325
5. Empirical results	326
6. Conclusions	328
References	329

*Marina Brogi, Valentina Lagasio and Rosaria Langone*  
**MONETARY POLICY AND CAPITAL ADEQUACY: THE IMPACT  
 ON CREDIT SUPPLY**

	331
1. Introduction	331
2. Literature review and presentation of the hypotheses	333
2.1 Literature review	333
2.2 Presentation of the hypotheses	336
3. Dataset and methodology	338
3.1 Dataset	338
3.2 Methodology	348
4. Findings	350
5. Conclusions	353
References	356
