Excavations at Barnfield Pit, Swanscombe, 1968-72

Edited by Bernard Conway, John McNabb and Nick Ashton

Illustrations by Phil Dean

Department of Prehistoric and Romano-British Antiquities
1996
CONTENTS

1. Introduction
   Bernard Conway, John McNabb and Nick Ashton
   1

2. A history of quarrying in the Swanscombe area
   Bernard Conway
   3

3. An historical perspective on geological research at Barnfield Pit, Swanscombe
   Bernard Conway
   9

4. Through the looking-glass: an historical perspective on archaeological research at Barnfield Pit, Swanscombe, ca. 1900-1964
   John McNabb
   31

5. The description of the Waechter excavations, 1968-72
   Nick Ashton and John McNabb
   53

6. The geology outside the National Nature Reserve, 1968-72
   Bernard Conway
   67

7. The geology inside the National Nature Reserve, 1968-72
   Bernard Conway
   89

8. The stratigraphy and chronology of the Pleistocene deposits of Barnfield Pit, Swanscombe
   Bernard Conway
   117

9. The avifaunal remains
   Steven Parry
   137

10. The ichthyofauna from the Waechter excavations, Barnfield Pit, Swanscombe
    Brian Irving
    145

11. The mammalian fauna from the Waechter excavations, Barnfield Pit, Swanscombe
    Danielle Schreve
    149

12. Comments on the mammalian remains from Barnfield Pit, Swanscombe
    Andrew Currant
    163

13. The footprint surfaces at Barnfield Pit, Swanscombe, and The results of analysis of a potential footprint
    Peter Davies and Alan Walker
    169

14. The ostracod fauna from the Waechter excavations
    Eric Robinson
    187

15. The palynological studies from the Waechter excavations
    Richard Hubbard
    191

16. The flint industries from the Waechter excavations
    Nick Ashton and John McNabb
    201

17. Summary
    Bernard Conway, John McNabb and Nick Ashton
    237

Appendix I. Methodology of flint analysis
    Nick Ashton and John McNabb
    241

Appendix II. An additional note on the stratigraphy of the Barnfield deposits by A.T.Marston, Dec. 1937
    247
