Preface .......................................................................................................................... 1
William Grosky, Wayne State University, Detroit,
Michigan, Ramesh Jain, University of California at
San Diego, and Rajiv Mehrotra, Eastman-Kodak Company,
Rochester, New York

Introduction .................................................................................................................... 5
William Grosky, Ramesh Jain, and Rajiv Mehrotra

Data Modeling

1. Modeling Time-Based Media ................................................................................. 13
Simon Gibbs, Christian Breiteneder and Dennis Tsichritzis,
GMD, Sankt Augustin, Germany
2. Document Model Issues for Hypermedia .................. 39
   Lynda Hardman and Dick C.A. Bulterman,
   CWI, Amsterdam, The Netherlands

Information Retrieval Techniques

3. Content-Based Indexing and Retrieval ................. 69
   H.V. Jagadish, AT&T Research, Murray Hill, New Jersey

4. Video and Image Content Representation
   and Retrieval ........................................ 95
   Nevenka Dimitrova, Philips Research, Briarcliff Manor,
   New York, and Forouzan Golshani, Arizona State
   University, Tempe

5. Video Segmentation for Video Data Management ... 139
   Nilesh V. Patel and Ishwar Sethi, Wayne State University,
   Detroit, Michigan

Multimedia Interfaces

   S.K. Chang, University of Pittsburgh, Pennsylvania, and
   M.F. Costabile, Università di Bari, Italy
7. Multimedia Interfaces—Multimedia Content Indication........................................................................189
Yoshinobu Tonomura, NTT Human Interface Laboratories, Kanagawa, Japan

Multimedia Presentation

8. Composite Models................................................................................................................211
R. Hamakawa and A. Atarashi, NEC, Kanagawa, Japan

Memory Management

9. Memory Management: Codecs..................................................................................237
Bhaskaran Vasudev, Hewlett-Packard Laboratories, Palo Alto, California, and Wei Li, FutureTel, Inc., Sunnyvale, California

10. Design of Large-Scale Multimedia-on-Demand Storage Servers and Storage Hierarchies........279
Milind M. Buddhikot, Guru M. Parulkar, Srihari Sampath Kumar, Washington University, St. Louis, Missouri, and P. Venkat Rangan, University of California at San Diego
Multimedia Communications

11. Multimedia Communications—Synchronization....335
Shahab Baqai, M. Farrukh Khan, and Arif Ghafoor,
Purdue University, West Lafayette, Indiana

Prototype Systems

12. Image Database Prototypes.........................365
Carole Goble, University of Manchester, UK

13. Video Database Systems—Recent Trends
    in Research and Development Activities........405
Eitetsu Oomoto, Kyoto Sangyo University, Japan, and
Katsumi Tanaka, Kobe University, Japan

14. Third-Generation Distributed Hypermedia
    Systems...............................................449
John F. Buford and Lloyd Rutledge, University of
    Massachusetts, Lowell

About the Contributors.....................................475

Index..........................................................487
