
GEORGE GAYLORD SIMPSON
PALEONTOLOGIST AND EVOLUTIONIST

Léo F. Laporte

COLUMBIA UNIVERSITY PRESS
NEW YORK

CONTENTS

Preface xi

Acknowledgments xv

1. Biographical Introduction 1

2. Paleontology and the Expansion of Biology 17
 - Biology and Fossils at Yale 19
 - Biology and Fossils at the American Museum 21
 - Simpson's Biological Insights of the 1930s 25
 - Tempo and Mode in Evolution* 29
 - Response to Tempo and Mode* 31
 - Adoption of the Population Concept of Species 34
 - Disciplinary Independence for Paleontology 37

3. The Summer of 1924 41
 - "A Very Promising Graduate Student" 41
 - "Digressing All Over the Landscape" 45

“Some Discovery to Rival the Boss’s”	47
“A Considerable Piece of Work”	50
“Bone is Abundant”	56
“Busy Collecting Other Men’s Prospects”	57
“First Paper I Ever Wrote”	61
“Beginning a Series of Raids”	62
4. Darwin’s World	67
Prologue	67
Presbyterianism and Apostasy	70
Evolution and Darwin	72
Six Darwinian Themes	73
Selected Simpson Commentaries on Darwin	78
5. Paleocene Mammals of Montana	80
The Invitation	81
First Field Season — 1932	83
South American Interlude	84
Second Field Season — 1935	86
“New Ways of Going at Things”	87
6. On Species	96
From Types to Statistical Inferences	98
From Statistics to Ecology	105
From Species to Higher Categories	107
Species as an Evolutionary Concept	109
7. <i>Tempo and Mode in Evolution</i>	112
Two Door-Openers	113
The New Genetics	115

Genetics and the Origin of Species	117
The Contemporary Paleontology	120
<i>Tempo and Mode in Evolution</i>	126
Micro-, Macro-, and Mega-Evolution	139
Low-Rate and High-Rate Lines	144
Inertia, Trend, and Momentum	147
Organism and Environment	151
Modes of Evolution	155
Reception and Impact	162
Final Perspective	171
8. Mentor for Paleoanthropology	174
The Evolutionary Synthesis	175
Simpson's Credentials	176
Simpson as Mentor	178
Simpson as Critic	182
Simpson as Apologist	189
9. Wrong for the Right Reasons	195
Background	196
Wegener and Fossils	197
Simpson's Response to Drift	198
Structure of Simpson's Rebuttal	200
The Plate Tectonics Revolution	213
Simpson's Conversion	215
Summing Up	217
10. The Mind's Eye	221
Showing What Is Observed	223
Visual Induction	223

Visual Deduction	227
The Visual as Effect and Affect	236
11. The Awkward Embrace	240
Prelude to the American Museum Appointment	241
Simpson Joins the American Museum	241
American Museum Research and Expeditions	243
New Directions with a New Director	245
Simpson as Administrator	247
Accident in Brazil	249
“Plus Ça Change . . .”	251
12. Concession to the Ineluctable	256
Magruder’s Misadventure	257
The Nature of Time	259
Past Life’s Lessons	261
Melancholia	263
Simpson as Sam Magruder	264
Notes	267
Bibliography	305
Index	319
