Azadirachta indica A. Juss.

INTERNATIONAL NEEM CONFERENCE

Editors
R.P. Singh
R.C. Saxena
in close cooperation with Dr. Erol Hassan

Science Publishers Inc.
U.S.A.
CONTENTS

Preface iii

NEEM PLANTATION

1. Neem in Australia: History and Overview
   Joe A. Friend 3

2. Neem for Reforestation
   Karl Maramorosch 11

3. Pest and Diseases of Neem (Azadirachta indica A. Juss.) in Australia and Associated Biota
   Joe A. Friend 21

4. Azadirachtin Levels in Neem (Azadirachta indica A. Juss.) Seed Grown in Northern Australia
   Ian S. E. Bally, Lesley Ruddle and Bruce Simpson 35

FORMULATION

5. Adjuvants, Activators and Synergists. Do Additives Improve the Activity of Azadirachtin?
   James F. Walter 47

6. NEEMIX* and NEEMIX 4.5 for the Management of Fruit and Vegetable Pests on a Commercial Scale
   James F. Walter 57

7. Evaluation of Neem Dust Formulation Against Khapra Beetle, Trogoderma granarium Everts and Cigarette Beetle, Lasioderma Sericorne F.
   R.P. Singh, K.L. Doharey and Padmaja Saxena 67
8. Evaluation of Neem EC Formulations Containing Azadirachtin for Forest Insect Pest Management in Canada
   Blair Helson, Barry Lyons and Peter de Groot

EVALUATION OF EXTRACTS AGAINST INSECTS, SPIDER MITES, PATHOGENS AND THEIR NATURAL ENEMIES

9. The Contact and Systemic Action of Neem Seed Extract against Green Peach Aphid *Myzus persicae* Sulzer (Hemiptera: Aphididae)
   Mathew S. Holmes and Errol Hassan

10. Effects of Three Plant Extracts and Achook: A Commercial Neem Formulation on Growth and Development of Three Noctuid Pests
    B.N. Vyas, S. Ganesan, K. Raman, N.B. Godrej and K.B. Mistry

11. Laboratory and Field Evaluation of Neem (*Azadirachta indica* A. Juss.), Pongamia (*Pongamia pinnata* L.), Chinaberry (*Melia azedarach* L.) Extracts and Commercial Neem Formulations Against Tobacco Caterpillar, *Spodoptera litura* F.
    M.S. Chari, G. Ramaprasad, S. Sitaramaiah and P.S.N. Murthy

12. Evaluation of Some Plant Extracts for the Control of *Colletotrichum capsici* (Syd.) Butler & Bisby, the Causal Agent of Chilly Anthracnose
    Harbant Singh and Vichai Korpraditskul

13. Evaluation of Some Plant Extracts Against Aphids, Key Vectors of Chilly-Virus Complex
    Harbant Singh and Vichai Korpraditskul

14. Side Effects of Neem Products on Insect Pathogens and Natural Enemies of Spider Mites and Insects
    H. Schmutterer

NEEM IN IPM

15. Application of Neem Extract and Intercropping for the Control of Cabbage Pests in Mauritius
    S. Facknath

    G.P. Gupta and Kirti Sharma

17. Aqueous Neem Seed Kernel Extracts for Control of the Asian Corn Borer, *Ostrinia furnacalis* in Papua New Guinea
    J. Breithaupt and H. Schmutterer
18. Utilization of Natural Pesticides Derived from Neem and Custard Apple in Integrated Pest Management

H.C. Sharma, A.V.B. Sankaram, and K.F. Nwanze

EFFECTS ON NEMATODES

19. Nematicidal Efficacy of Neema-S1, an Experimental Formulation for Neem Seed Treatments against *Heterodera cajani* and *Meloidogyne incognita* in Cowpea and Chickpea Respectively

Vijayalakshmi Mojumder and Rajagopal Raman

20. Comparative Efficacy of Neem Based Nematicidal Products for Management of Nematode Pests of Pulse Crops

Vijayalakshmi Mojumder and Rajagopal Raman

21. Efficacy of Neem Products for the Management of Root-Knot Nematode on Tomato, in Soil Polluted with Heavy Metals, Cadmium and Lead

Ghazala Parveen and M. Mashkoor Alam

MECHANISM OF ACTION

22. Tritiated Dihydroazadirachtin Binding to *Schistocerca gregaria* Testes and *Spodoptera* Sf9 Cells Suggests a Similar Cellular Mechanism of Action for Azadirachtin

A. Jennifer Mordue (Luntz), Alasdair J. Nisbet, Lyn Jennens, Steven V. Ley and William Mordue

PRODUCTION OF AZADIRACHTIN AND CHEMICAL EXAMINATION OF EXUDATE

23. Production of Azadirachtin by Callus Cultures from *Azadirachta indica* A. Juss.

A. Wewetzer

24. Chemical Examination of the Resinous Exudate from Leaves and Shoots of *Azadirachta indica* A. Juss.

Sendiappan Thamarai Selvi, Chinnusamy Balasubramanian and Palathurai Subramaniam Mohan

EFFECT OF MOISTURE AND AGEING ON SEED QUALITY

25. Effect of Seed Moisture and Drying Methods on Seed Quality of Neem (*Azadirachta indica*, A. Juss.)

T.V. Karivaradaraju, A. Bharathi and R. Umarani
26. Effect of Accelerated Ageing on Viability and Vigour of Seeds of Neem (*Azadirachta indica* A. Juss.)
*T. V. Karivaradaraaju, A. Bharathi and R. Umarani*

**EFFECT ON FERTILIZER NITROGEN EFFICIENCY**

27. Effect of Neemcake on Nitrification Inhibition in an Oxisol of Mauritius
*B. Lalljee*

**PUBLIC HEALTH CARE**

28. Neem in Public Health Care — A Factual Database
*Raj D. Kak and K. Y. Kavathekar*

**SOCIOECONOMIC FACTORS**

29. Influence of Socioeconomic Factors on the Use of Neem Insecticides by Farmers
*C. Hellpap and W. Leupolz*
