HUMAN ROOTS
AFRICA AND ASIA IN THE MIDDLE PLEISTOCENE

Edited by
Lawrence Barham and Kate Robson-Brown

Published for the Centre for Human Evolutionary Research at the University of Bristol, CHERUB, by the Western Academic & Specialist Press Limited, Bristol, England
Contents

List of figures vii
List of tables x
Notes on contributors xi
Foreword Chris Stringer xv
Preface Lawrence Barham xvii
Acknowledgements xxi

1 After ‘After the Australopithecines’ 1
Hilary J Deacon

2 Mid-Pleistocene environmental change and human evolution 5
Richard Potts

3 Mode 3, Homo helmei, and the pattern of human evolution in the Middle Pleistocene 23
Marta Mirazon Lahr and Robert Foley

4 Chronometric dating of the Middle Pleistocene 41
Henry P Schwarcz

5 Middle Pleistocene populations of southern Africa and the emergence of modern behaviour 55
Hilary J Deacon and Sarah Wurz

6 Central Africa and the emergence of regional identity in the Middle Pleistocene 65
Lawrence Barham

7 The Middle Pleistocene of east Africa 81
Sally McBrearty

8 Northwestern African Middle Pleistocene hominids and their bearing on the emergence of Homo sapiens 99
Jean-Jacques Hublin

9 Comparison of Middle Pleistocene hominids from Africa and Asia 123
G Philip Rightmire
CONTENTS

10 Chinese Middle Pleistocene hominids and modern human origins in east Asia
Peter Brown 135

11 The Middle Pleistocene archaeology of the valley of the Yangtze River
Wang Youping 149

12 An examination of culture and evolution of Middle Pleistocene Chinese hominids
Susan G Keates 159

13 The Middle Pleistocene record of mainland southeast Asia
Kate Robson-Brown 187

14 An environmental approach to the fate of Homo erectus in Australasia
Paul Storm 203

15 The Lower Palaeolithic of India and its behavioural significance
Michael D Petraglia 217

16 The Acheulian Culture Project of the Hunsgi and Baichbal Valleys, peninsular India
Katragadda Paddayya 235
