The Gulf of Guinea
Large Marine Ecosystem

Environmental Forcing & Sustainable Development of Marine Resources

Edited by

Jacqueline M. McGlade
Department of Mathematics & CoMPLEX
University College London
London, United Kingdom

Philippe Cury
Institut de recherche pour le developpement (IRD) Research Associate
University of Cape Town, X2,
Rondebosch 7700, South Africa

Kwame A. Koranteng
Marine Fisheries Research Division
Ministry of Food & Agriculture
Tema, Ghana

Plymouth, United Kingdom
### Contents

**Contributors**  
**Series Editor’s Introduction**  
**Preface**  
**Acknowledgements**  
**Colour plates**  

#### I Principles & Programmes

   3

   9

3. The Gulf of Guinea Large Marine Ecosystem Project: Turning Challenges into Achievements - *C. Ibe & K. Sherman*  
   27

4. Consilience in Oceanographic and Fishery Research: A Concept and Some Digressions - *D. Pauly*  
   41

#### II Environmental Forcing & Productivity

**Environmental Forcing**

   49

   67

   83

   93

9. Environmental Variability at a Coastal Station near Abidjan: Oceanic and Continental Influences - *R. Arfi, M. Bouvy & F. Ménard*  
   103
Productivity

12. Spatial and Temporal Variations in Benthic Fauna and Communities of the Tropical Atlantic Coast of Africa - P. Le Loeuff & G.S.F. Zabi 147

13. The Contribution of Coastal Lagoons to the Continental Shelf Ecosystem of Ghana - M. Entsua-Mensah 161

III Fish & Fisheries

Fish Ecology

14. Fish Species Assemblages on the Continental Shelf and Upper Slope off Ghana - K.A. Koranteng 173

15. Analysis of the Spatial and Temporal Variability of Demersal Communities of the Continental Shelf of Côte d’Ivoire - T. Joanny & F. Ménard 189

Fisheries

17. An Overview of Fishery Resources and Fishery Research in the Gulf of Guinea - M.A. Mensah & S.N.K. Quaatey 227

21. Spatial Modelling of Trophic Interactions and Fisheries Impacts in Coastal Ecosystems: A Case Study of Sakumo Lagoon, Ghana - D. Pauly 289
IV Ecosystem Health & the Human Dimension

Pollution

22. Environmental Pollution in the Gulf of Guinea: A Regional Approach – P.A.G.M. Scheren & A.C. Ibe 299

Socio-Economics

24. Fish Utilisation and Marketing in Ghana: State of the Art and Future Perspective - J.D. Akrofi 345

Institutions & Governance

25. How Can Collaborative Research be Most Useful to Fisheries Management in Developing Countries? - C. Nauen 357

26. Research and Extension Linkages in Ghana’s Agricultural Development: The Case of Marine Fisheries - S.N.K. Quaatey 365
