Contents

Preface ................................................................................................................................. ix

Papers

A Classification of Interactions with Information......................................................... 1
  Colleen Cool and Nicholas J. Belkin

A Study of the Relationships Between Categories of Library
  Information As Typified by Young Children............................................................... 17
  Linda Cooper

Students’ Cognition and Information Searching While
  Preparing a Research Proposal .................................................................................. 33
  Mikko Pennanen and Pertti Vakkari

An Integrated Framework for Web Searching Research:
  Learning, Problem Solving, and Search Tasks......................................................... 49
  Rong Tang

An Analysis of Collaboration in Three Film Archives:
  A Case for Collaboratories ....................................................................................... 69
  Morten Hertzum, Annelise Mark Pejtersen, Bryan Cleal, and Hanne Albrechtsen

Empirical Work Analysis of Collaborative Film Indexing........................................... 85
  Hanne Albrechtsen, Annelise Mark Pejtersen, and Bryan Cleal

Principia Informatica: Foundational Theory of
  Information and Principles of Information Services................................................ 109
  Birger Hjørland

Structure-Based Interpretation of Scholarly Book Reviews:
  A New Research Technique....................................................................................... 123
  Jeppe Nicolaisen

Speculations on Browsing, Directed Searching, and
  Linking in Relation to the Bradford Distribution.................................................... 137
  Marcia J. Bates
Preliminary Study of the Potentiality of Bibliometric Methods for the Construction of Thesauri

Jesper W. Schneider and Pia Borland

Informetrics and the Use of Bibliographic Data in a Strategic Combination

Irene Wormell

Visualizing Library and Information Science Concept Spaces Through Keyword and Citation Based Maps and Clusters

Fredrik Åström

Ranking Expansion Terms with Partial and Ostensive Evidence

Ian Ruthven, Mounia Lalmas, and Keith van Rijsbergen

Information Access in Indigenous Languages: A Case Study in Zulu

Erica Cosijn, Ari Pirkola, Theo Bothma, and Kalervo Järvelin

Work Tasks As Units for Analysis in Information Seeking and Retrieval Studies

Kartriina Byström and Preben Hansen

Evaluating Information Retrieval Systems Under the Challenges of Interaction and Multidimensional Dynamic Relevance

Jaana Kekäläinen and Kalervo Järvelin

Discourse, Cognition and Reality: Toward a Social Constructionist Metatheory for Library and Information Science

Kimmo Tuominen, Sanna Talja, and Reijo Savolainen

Cognitive Perspectives of Document Representation

Peter Ingwersen

Abstracts of Posters

Where Does Reading Fit in Citation Theory and Information Seeking?

Operationalisation of Reading—The “Black Box” of Information Use

Mari Davis and Cristina Scott

Re-envisioning the Information Concept: Systematic Definitions

Ronald D. Houston and E. Glynn Harmon

WebTAPIR—Scientific Information Retrieval on the World Wide Web

Erik Thorlund Jepsen, Piet Seiden, Lennart Björneborn, Haakon Lund, and Peter Ingwersen
Information Behavior of the Informal Sector Entrepreneurs:  
A Ugandan Context .................................................................................................................. 313  
*Dennis N. Ocholla and Robert Ikoja-Odongo*

Human Information Behavior Research Clearinghouse:  
Interaction Framework for a New Digital Library .................................................................. 319  
*Linda Schamber*

A Communication Perspective on Meta-Search  
Engine Query Structure: A Pilot Study .................................................................................. 323  
*Edward V. Springer III and Ron Tang*

Bibliometric Analysis of Indexing and Abstracting Literature, 1977–2000 ..................... 327  
*Ming-yueh Tsay and Hui-min Yu*

Aspects of Learning in the Business Information Culture:  
A Qualitative Study of Finnish Insurance Businesses ....................................................... 333  
*Gunilla Widén-Wulff*
