Contents

<i>Preface</i>	<i>vi</i>
<i>Volcanism in Italy</i>	<i>1</i>
Italy's volcanoes and tectonics 2; The nature of Italian magmas 5; Styles of eruption 7; Eruptive style and chemistry 14; Surviving active volcanoes: a safety guide 15; Further reading 20	
<i>Somma–Vesuvius</i>	<i>23</i>
The growth of Somma–Vesuvius 24; Historical activity 26; Three classic eruptions: AD 79, 1631 and 1944 29; Rock chemistry and petrography 36; The magmatic system of Somma–Vesuvius 37; The future 38; Monitoring the volcano 39; Excursions to Somma–Vesuvius 39; From the sea to the summit 41; Other sites to visit 56; Further reading 56	
<i>Campi Flegrei (Phlegraean Fields)</i>	<i>57</i>
Evolution of Campi Flegrei 57; Campi Flegrei and the Campanian Ignimbrite 62; The eruption of Monte Nuovo, 1538 63; The next eruption in Campi Flegrei 64; Rock chemistry and petrography 67; Excursions to Campi Flegrei 67; Hydromagmatism in Campi Flegrei 68; Pozzuoli and Solfatara: riding the caldera 74; Other sites to visit 79; Further reading 82	
<i>The Aeolian Islands</i>	<i>85</i>
Rock chemistry and petrography 85; Vulcano 87; Vulcano: the 1888–90 eruption 89; Vulcano: the volcano today 90; Vulcano: the Fossa cone 90; Vulcano: from the sea to the interior 95; Vulcano: other sites to visit 98; Vulcano: further reading 99; Stromboli 99; Stromboli: the 1930 eruption 102; Stromboli: the volcano today 104; Stromboli: excursions 105; Stromboli: other sites to visit 106; Stromboli: further reading 106; Lipari 107; Lipari: other sites to visit 110; Lipari: further reading 110; Panarea 111; Panarea: further reading 113; Other islands 114	
<i>Mount Etna</i>	<i>115</i>
The growth of Mount Etna 115; The first lava diversion: 1669 121; Rock chemistry and petrography 122; The present magmatic system feeding Etna 123; Excursions to Etna 123; The upper flanks and the summit 123; The Valle del Bove 133; The lower flanks and the coast 144; Other sites to visit 152; Further reading 152	
<i>Glossary</i>	<i>155</i>
<i>Index</i>	<i>161</i>
