AUSTRALIA BURNING
FIRE ECOLOGY, POLICY AND MANAGEMENT ISSUES

Geoffrey Cary, David Lindenmayer and Stephen Dovers (Editors)
Contents

Preface ix
Contributors xi

Part I Ecology and environment

1. Bushfires: a Darwinian perspective David Bowman 3
2. Fire regimes and biodiversity: a set of postulates A. Malcolm Gill & Ross Bradstock 15
3. Making the invisible visible Jann Williams 26
4. Fire and climate in Australia Janette A. Lindesay 32
5. Uncertainty, environment and fire: research and policy issues Stephen Dovers 41
6. Ecology and environment: a discussion summary Compiled by David Lindenmayer 51

Part II Fire behaviour and fire regime science

7. Fire behaviour: integrating science and management Jim Gould 55
8. Sensitivity of fire regimes to management Geoffrey Cary & Ross Bradstock 65
9. Fire behaviour, forest management, and biodiversity conservation David Lindenmayer 82
10. The role of fuel moisture dynamics in determining bushfire behaviour Rodney Weber 89
11. The role of fire behaviour and fire regime science – a practitioner's perspective Tony Bartlett 92
12. Fire behaviour and fire regime science: a discussion summary Compiled by Geoffrey Cary 97
Part III People and property

13 People and property: a researcher's perspective  Justin Leonard  103
14 Bushfire preparedness of residents: insights from socio-psychological research Bernd Rohrmann  113
15 Protection of people and property: towards an integrated risk management model Ross Bradstock  119
16 Fire policy making: a social scientist's perspective Paul Wilson  124
17 Risk management, communication and research Grahame Douglas  129
18 People and property: a discussion summary Compiled by Stephen Dovers  133

Part IV Policy, institutional arrangements and the legal framework

19 Institutions and bushfires: fragmentation, reliance and ambiguity John Handmer  139
20 Economic rationalism, fear of litigation and the perpetuation of disaster fires Phil Cheney  150
21 Policy, institutions and the law Michael Tarrant  156
22 Fire policy: an insurance perspective Christopher Henri  162
23 Connectivity Robert J. Wasson  166
24 Policy, institutional arrangements and the legal framework: a discussion summary Compiled by Stephen Dovers  170

Part V Indigenous land and fire management

25 Frameworks to support Indigenous managers: the key to fire futures Rosemary Hill  175
26 Fire in a jointly managed landscape: fire at Uluru Kata-Tjuta National Park Lynette Liddle  187
