Proceedings of
International Conference on
HYDROLOGY AND WATERSHED MANAGEMENT
With a Focal Theme on Water Quality and Conservation for Sustainable Development
(18\textsuperscript{th} - 20\textsuperscript{th} December, 2002)
Volume - I

Editor-in-chief : B. Venkateswara Rao
Editors : K. Ramamohan Reddy
          C. Sarala
          K. Raju

CENTRE FOR WATER RESOURCES
Institute of Postgraduate Studies and Research
Jawaharlal Nehru Technological University
Hyderabad, A.P., INDIA.

BS Publications
4-4-309, Giriraj Lane, Sultan Bazar,
Hyderabad - 500 095 A.P.
Phone : 040-24760080, 24758216
Fax : 040-24756271
TABLE OF CONTENTS — VOLUME - I

Key Note Papers of the Colloquium and Plenary Session

Hydrology and Watershed Management Education in the 21st Century
By V. P. Singh and S. K. Jain 1-14

Environmental Impacts of Water Resources Projects in India – A Critical Overview
By R. S. Goel 15-24

Estimation of Subsurface Water and Contamination Discharge from Coastal Watersheds to Sea Coast by Numerical Model
By A. Ghosh Bobba 25-34

Hydrological Modeling and Remote Sensing for Simulation of Water and Energy Balance Fluxes in the Upper Mississippi River Basin
By Venkat Lakshmi, P.E 35-42

Session 1 : Groundwater Exploration and Exploitation

Vertical Anisotropy of Hydraulic Conductivity in the Fissured Layer of Hard-rock Aquifers due to the Geological Structure of Weathering Profiles (Key Note Paper)
By J.C. Maréchal, R.Wyns, P. Lachassagne, K. Subrahmanyam 43-48

Strategies for Sustainable Development of Potential Deep Aquifers in Hyderabad Urban Environment of Ashoknagar and Sanathnagar Sub-Basins
By J. Siddhardha Kumar, K.Dwarakanath, V. Vinay Vidyadhar, and M. Veeranna 49-58

Yield of Bore Wells in Relation to Geomorphic Units and Lineaments, Madhur Halla Basin, Bidar District, Karnataka, India
By R.A. Gourshetty, S.C. Puranik and Ugyen Gyurme 59-63

Groundwater Exploration in Shaley Limestone Terrain
Delineation of sites for water harvesting structure through hydrogeological and geophysical investigations

By B. A. Prakash, V. S. Singh and S. C. Jain

72-77

Geomorphic Evolutionary Influence Of Deltas On Groundwater A Case Study In Godavari Delta, Andhra Pradesh

By P.N.Rao

78-86

Delineation of Aquifer Geometry in Sukinda Chromite Deposit Valley through Geophysical and Hydrogeological Investigation

By V. Ananda Rao, R. Dhakate, V.S. Singh and S.C. Jain

87-96

Economic Depth of Drilling in Construction of Production Borewells in Chittoor District, Andhra Pradesh

By M. Veeranna, A. Balachandran

97-102

Resistivity Investigations for Identifying Fractured Aquifers in a Granitic Terrain

By N.S. Krishnamurthy, Dewashish Kumar, B.C. Negi, S.C. Jain and Shakeel Ahmed

103-110

Geoelectrical Investigations for Groundwater in Quartzitic Sandstones and Granites of Sonbhadra District, UP

111-119

A Review of Groundwater Exploration in Andhra Pradesh

By S.S.Chauhan

120-127

By M. V. Swamy, K. V. N. Rajani, T.S.B. Chari

128-131

Comparative Study of Resistivity Soundings and Lithologs in a Khondalitic Terrain in an Area Around Vizianagaram, A.P., India

By B.Venkateswara Rao, D. Ramadurgaiah

132-143

Geo Electrical Investigations for Groundwater Potential Zones in Ramoji Film City, Hyderabad

By B.Venkateswara Rao, K.Srinivas Reddy

144-151
Session 2 : Hydrological Parameter Estimation and Modelling

Estimation of Model Parameters for two Sub-Catchments of Narmada River Basin

By M.M.Kshirsagar, K.V.Ramana Murthy 152-161

Confidence Interval Estimation for Runoff Curve Numbers

Rainfall – Runoff Model to an Ungauged Watershed using Spectral Analysis

By S.Poongothai, S.Thayumanavan 169-177

Cyclone Induced Storm Surge and Flood Forecasting in the Coastal Areas of Bangladesh

By Guna Paudyal, Fleming Jakobsen, Henrik Madsen 178-185

Analysis of Rainfall Data

By V. Ramaraju, B. Janardhan Reddy 186-189

Hydrology of the Nilwala Basin in Sri Lanka

By L.N.N. Jayasuriya, K.D.N. Weerasinghe 190-199

Integrated Water Resources Management

By Sk.Kaleshavali, GK Viswanadh 200-210

Effect of wind on Rainfall in Anantapur Dist.

By K.V.Murthy Rao 211-216

Estimation of Monthly Inflows into Osman Sagar Reservoir by Regression

By V.V.Nageswara Rao, K.Ramamohan Reddy 217-219

Rainfall - Runoff Pattern Mapping using Artificial Neural Networks

By Srinivasulu Sanaga, Ashu Jain 220-226

Session 3 : Watershed Management-Hydrological and Bio-Physical Models

Integrated Watershed Management for Sustaining natural Resources in the SAT (Key Note Paper)

By S.P.Wani, T. J. Rego, P. Pathak and Piara Singh 227-236
Problems of water balance and trend in the water level of Upper Bhopal Lake, M.P., India

By Vijay Kumar Dwivedi, A.K. Bhar 237-243

Water Harvesting Strategy in Drought Prone Areas - A case study in watershed Perspective

By P.K. Mishra, G. Raj Kumar, B. Venkateswara Rao and M. Sridhar 244-250

Research Needs in Watershed Hydrology for Sustainable Development

By R.K. Sharma, A. Singh 251-256

Groundwater Quality Considerations in Small Watershed Management of Semi-Arid Zone - A case study of Rampatna

By N.K. Joseph, V.P. Dinesan, A. Shahul Hameed and E.J. James 257-265

Ecosystem Analysis at a Watershed Scale

By B.K. Purandara, G.H. Belt 266-274

Improving Management of natural resources for Sustainable Rainfed Agriculture Following Watershed Management Approach - A case study

By R.A. Sharma 275-285

Functioning of a small experimental watershed in the Serra do Mar, Brazil the need of a multidisciplinary approach

By L. Barbiero, P. Curmi, S. Furian, F. C. S. Areova and V. Cicco 286-299

Impact of Watershed Management Programme on Selected Bio-physical Parameters in different AERS of India

By G. Sastry, Y.V.R. Reddy, Om Prakash and H.P. Singh 300-307

Global Prospective of Watershed Management

By Raj Vir Singh 308-317

Improved Sustainability of rainfed upland sub-humid Ecosystem of watershed based on probabilistic rainfall

By Gouranga Kar, H.N. Verma 318-329
Session 4: Groundwater Recharge and Modelling

Impact of Waste Disposal practices on groundwater Resources in Watersheds around Hyderabad (Key Note Paper)
   By V.V.S.Gurunadha Rao 330-335

Assessment of Groundwater Recharge from field data
   By VV Nageswara Rao, Deepthi Sri, Devi Kameswari and Snehalaltha 336-338

Design of Artificial Recharge Structures to improve the groundwater quality
   By KR Ramanuja Chary, NV Subbarao 339-349

Underflow Regulating within Transformation Measures of Soil water balance
   By Miomir Komatina, Snezana M.Komatina 350-352

Impact of Ground water Conservation structure in Hard Rock Area - A case study of Gaurelli Micro watershed, Yacharam Mandal, R.R. Dist. A.P.
   By G.Sudarshan 353-360

Flow Modelling of Upper Palar Basin, Tamilnadu
   By M.V.Molykutty, M. Jothilakshmi, S.Thayumanavan 361-368

DSTM & DBTM for Estimation of Static and Dynamic Groundwater Reserve in Hard Rock- A case study in Margajo watershed
   By Ashok Kumar, Lal Bihari Prasad 369-378

Laplace Transform based Coupled Ground Water Surface Water Model
   By Anand K Sinha, Srijib K.Kar 379-389

Mathematical Simulation of Subsurface Water Transport Model to Select Recharge areas in the watershed
   By A.Ghosh Bobba 390-398

Evaluation of Groundwater Pollution potential of Musi River Catchment using Drastic index Model
   By Md.Anwar, Ch.Prem Chand and Dr.B.Venkatewara Rao 399-408

Groundwater Flow Modelling of Vattigudipadu Watershed, Krishna District, Andhra Pradesh, India
   By Barkat Ali Khan, B. Venkateswara Rao and V. V. S. Gurunadha Rao 409-418
Session 5: Computational Methods in Hydrology

Estimation of Design Storm Raindepths for the Krishna Catchment above Srisailam Dam

By B.N. Mandal, N.R. Desh Pande, R.B. Sangam and B.D. Kulkarni 419-426

Numerical Solutions of Kinematic Wave Equations and runoff Computation in Kardeh Catchment

By Mohd. Reza Najafi 427-432

Analytical Probabilistic Approach for sizing Detention Ponds for Urban Stormwater Management

By Dr. K.V. Jayakumar, E. Venkatarathnam 433-439

Regional Flood Frequency Analysis using L-Moments

By B. Venkatesh, T. Chandramohan 440-446

Rainfall Prediction through Auto Regressive Model

By G.K. Vishwanadh, D. Sanjeeya 447-458

Hydraulic transient Flow Analysis for a Water Supply Transmission System

By M.S. Karthikeyan, P. Kasinatha Pandian and S. Thayumanavan 459-468

Drought Severity Analysis using Ephemeral Stream Flow Data

Solute Transport by surface and subsurface Water with Run-off on Spatially Variable Hillslopes

By N. Nahar and R.S. Govindraju 481-489

Estimation of Flood Peak by SCS TR –55 method for Urban drainage design and development of Constructed wetland for part of Warangal town

By Smt C. Sarala, Dr. K.V. Jaya Kumar 489(a)-489(l)
Session 6: Soil and Water Conservation Technologies

Major Issues Related to Soil and Water Conservation in Watersheds (Key Note Paper)
   By H.N. Verma 490-493

Rainwater Harvesting Through Farm Reservoirs: An Economic View
   By R. Subbaiah 494-502

Characterization and Conservation of Fresh Water Sources of Kollam, District Kerala
   By V.R. Prakasam, M.L. Joseph, M.K.P. Royee and V. Sulabha 503-508

Simulation Studies on the effect of Runoff retention in an Alfisol watershed using EPIC Model
   By M.V. Padmanabhan, B. Venkateswara Rao and U.S. Victor 509-515

Modeling root water extraction under variable water stress using Macroscopic reduction functions.
   By M. Homaeie 516-521

Variation of Soil Moisture Characteristics in a part of Malaprabha river Catchment
   By C.P. Kumar, B.K. Purandara and Venkatesh, B 522-526

Effect of grasses on Control of Erosion Losses From Sodic Vertisols
   By S.K. Verma 527-532

Effect of Different Land Configurations on Soil and Nutrient Management in a sodic vertisols
   By S.C. Tiwari 533-538

Effect of vegetative covers for resources conservation in simulated waterways using CRIDA tilting flume
   By P.K. Mishra, B. Narsimlu, B. Venkateswara Rao and K.V. Rao 539-545

A Semi Distributed Catchment yield Model for Water Resources Management
   By D. Mani, A.K. Gosain and Subhash Chander 546-555
Session 7: Ground Water Quality

Groundwater Quality
(Key Note Paper)

By U. Aswathanarayana 556-563

Hydrogeology and Hydrochemistry of Northwestern parts of Ranga Reddy District of Andhra Pradesh

By P. Madhusudhan Reddy, S. V. Rajasekhar Reddy 564-567

Mapping of Groundwater Quality Parameters in GIS Environment

By Dilip G. Durbude, N. Varadrajan and B. K. Purandara 568-577

Assessment of Groundwater Quality in Kodaganar River Basin, Tamilnadu, India

By N. C. Mondal, M. Thangarajan and V. S. Singh 578-586

The Origin and Distribution of Nitrate in Groundwater from Monitoring wells in India.

By S. R. Tamta 587-599

Groundwater Quality and its Exploitation in Haridwar Dist. of Uttaranchal

By Shiv Kumar, H. C. Sharma and Yogendra Kumar 600-608

Evidence of rise in Flouride Concentration in Groundwater with time in Marginal Alluvial area of Mid- Ganga Basin

By Dipankar Saha, C. B. Sharma 609-618

Evaluation of Groundwater Quality in Dug and Borewells of suburban areas of Hubli, Dharwad Municipal Corporation Area, Karnataka, India.

By S. N. Hegde, S. C. Puranik and D. V. Sarwade 619-628

Assessment of Drinking and Industrial Utility of Groundwater of the Rewa region, Central India.

By Yamuna Singh, DP Dubey and VK Saxena 629-637

Hydro Geochemistry of Pageru River Basin, Cuddapah District, AP

By P. D. Sreedevi 638-645
Incidence of Flouride in Groundwaters of Kocherla Vagu and Enumula Vagu sub-basins of Dindi River Basin, Mahaboonagar Dt., A.P. India

By Y.Sudhakar Reddy, A. Surender Reddy, T. Sirish Chandra 646-651

Groundwater Contamination in the Coastal Town - A case study

Session 8 : Water Logging, Salinization and Conjunctive Utilization

Problems of Irrigated Areas in India

By Vinod Kumar, R.K.Srivastava, J.P.Singh and A.K.Raina 660-667

A Soil MoistureSimulation Model for Irrigation Scheduling

By K.Thirupathi Rao, K.V.Jayakumar 668-674

Hydro-salinity model for water and salt balance analysis in Irrigation commands

By Pravendra Kumar, S.K.Gupta, Anil Kumar and JK Singh 675-683

A Conjunctive Use Model for Lower Gandak Basin and its Effect on Waterlogging

By Biswajit Chakravorty, Sanjay Kumar and N.C.Pandey 684-694

Subsurface drainage for the reclamation of water logged Saline lands in canal commands of Andhra Pradesh

By A.Srinivasulu, G.V.Lakshmi and M.Ratnam, T.V.Satyanarayana 695-703

Session 9 : Watershed Management-Socio Economic and Cultural Models

Perception of Sanitation in a South African Urban Township Informal Settlement

By Siyanda M Mwelase and Dr.Md. Jawed 704-708

Socio-Economic Aspects of Karkara Watershed, Chhotanagapur Plateau, Jharkhand, India

By G.P.Reddy and H.N.Verma 709-713
Impact of Watershed Development Programmes on Adoption of Crop Production Technologies under different Agro-Eco Systems

By Om Prakash, YVR Reddy, G.Sastry, P.Srinivas Rao and H.P.Singh. 714-720

Assessment of Different Water Sources NDEDO Village,

By Daudi Makamba 721-731

Dynamics of Watershed Interventions Impact

Watershed Evaluation : Problem and Perspectives

By B.K.Panigrahya 736-739

Krishna Water Disputes

By Rajasekhara Reddy, Yiza and Sivaji Attada 740-747

Impact Studies for Sustainable Development of Water Resources in Manchal Watershed of A.P.

By K.Rama Mohan Reddy, K.Vijay Kishore and D.Mallikarjun 748-756
