CUMULATIVE ENVIRONMENTAL EFFECTS OF OIL AND GAS ACTIVITIES ON ALASKA'S NORTH SLOPE

Committee on Cumulative Environmental Effects of Oil and Gas Activities on Alaska's North Slope

Board on Environmental Studies and Toxicology

Polar Research Board

Division on Earth and Life Studies

NATIONAL RESEARCH COUNCIL OF THE NATIONAL ACADEMIES

## Contents

### Summary
- The Present Study, 1
- Understanding and Assessing Cumulative Environmental Effects, 2
- Overview of the North Slope Environment, 2
- Findings, 5
- Filling Knowledge Gaps, 8
- The Essential Trade-off, 10

### 1 Introduction
- The Present Study, 13
- Understanding and Assessing Cumulative Environmental Effects, 13
- Sources of Knowledge, 16
- Report Organization, 18

### 2 The Human Environment
- Subsistence, 20
- North Slope Human Cultures in the Oil Era, 22

### 3 The Alaska North Slope Environment
- Terrestrial Environment, 24
- Freshwater Environments, 26
- Marine Environments, 26
- Biota, 28
- Aquatic Ecosystems, 30

### 4 History of Oil and Gas Activities
- Anatomy and Operation of North Slope Oil Fields, 35
- Current Structure of the North Slope Industry, 42
- North Slope Oil-Field Infrastructure, 42
- Recent Technology Developments, 46
- How Oil-Field Activities Can Affect the Environment, 47

### 5 Future Oil and Gas Activities
- Plausible Scenario, 51
- Projections of Direct Effects to the Year 2025: Infrastructure Analysis, 56
- Climate Change and Other Influences on Future Oil and Gas Development, 56
- Other Mineral Resources, 60
6 Effects on the Physical Environment
   Permafrost, 64
   Subsurface Environment: Possible Effects of the Withdrawal and Injection of
   Fluids and Other Materials, 69
   Escape of Injected Waste Fluids in the Marine Environment, 72
   Air Quality, 73
   Freshwater Environment, 73
   Marine Environment, 74

7 Effects on Vegetation
   Spills and Contaminants, 76
   Roads and Gravel Pads, 77
   Seismic Exploration, 81
   Air Quality, 88
   Areas of Special Importance, 88
   Facility Removal, Rehabilitation and Restoration of Gravel-Covered Areas, 90
   Findings, 95
   Recommendations, 96

8 Effects on Animals
   Population Dynamics, 98
   Marine Mammals, 99
   Caribou, 106
   Muskoxen, 117
   Arctic Foxes, 117
   Grizzly Bears, 117
   Birds, 118
   Fish, 123
   Other Marine Organisms, 130

9 Effects on the Human Environment
   Opportunity and Threat, 133
   Effects of Development, 136
   Adaptation Effects, 147
   Findings, 148
   Recommendations, 149

10 Filling Knowledge Gaps
   Need for Comprehensive Planning, 150
   Scientific Information Needs, 151

11 Major Effects and Their Accumulation
   Social Changes in North Slope Communities, 156
   Damage to Tundra from Off-Road Travel, 157
   Roads, 157
   Effects on Animal Populations, 157
   Oil Spills, 158
   Abandoned Infrastructure and Unrestored Landscapes, 158
   Response of North Slope Cultures to Declining Revenues, 158
   Trade-Offs Are Inevitable, 159
Appendixes

A Acknowledgements 163

B Abbreviations and Acronyms 165

C Petroleum Exploration and Development 167
   Petroleum Exploration and Development on the North Slope of Alaska, 167
   Industry Oil and Gas Exploration on the North Slope of Alaska and the
   Adjacent Beaufort Sea, 172

D Oil-Field Technology and the Environment 183
   Technology in Exploration, 183
   Drilling and Completion Technologies, 185
   Production Technologies, 187

E Aeromap Analyses and Data 190

F Oil Spills 208
   Oil Spills, 208
   Fate of Oil Likely To Be Spilled on the North Slope, 220
   Behavior of Oil in the Beaufort Sea, 220
   Scenarios of Oil Spills, 224

G Saline Spills 228
   Introduction, 228
   Spill Data, 228
   Effects of Saline Water Spills, 230

H Traditional Knowledge 232
   Why Share? 232
   How to Share? 233

I Legal Framework for Activities on State Lands on the North Slope 234

J A Method of Addressing Economic Irreversibility 242
   All or None? 242
   Two Scenarios, 243

K Biosketches of the Committee’s Members 246
   Committee on Cumulative Environmental Effects of Oil and Gas
   Activities on Alaska’s North Slope, 246
