Foreword
Introduction to Seminar
The Search For a Barefoot Silviculture: Too Little, Too Early

**Chapter 1: The State of Participatory Silviculture – Where are we coming from?**

Where’s the Forestry in Community Forestry?
Deanna Donovan

Trees on Farms and Farmers in Forests:
A Peek at the Agroforestry Agenda in Community Forestry
John Raintree

Foresters’ Reaction to Community Forestry Paradigms in Selected Countries
Ajit Banerjee

**Chapter 2: Managing for a Diversity of Objectives and Purposes**

Integrated Options for Forest Management in India
Prodyut Bhattaracharya and Ram Prasad

From Protection Towards Wise Management of Mangroves in Tanzania: A Case Study of Collaborative Management in Tanga
John Kamambaba and Mike Nurse

The Role of Indigenous Use of Fire in Forest Management and Conservation
Peter Moore and Bill Jackson

**Chapter 3: Local Systems of Forest Management**

Implication for Indigenous Knowledge: A Methodology based on Silvicultural Management by Local Farmers in Sichuan, China
Cao Guangxia

Local Knowledge and Manipulation of the Fruit Mata Kucing (Dimocarpus longan) in East Kalimantan
Rajendra Kumal Puri

Methods for Participatory Biodiversity Assessment and Monitoring in Lao PDR: a Starting Point for Collaborative Management of Protected Areas
Rob Steinmetz

Local Practices on harvesting of Yaang-resin and Sap of Aranga pinnata in Satun Province, Southern Thailand
Mr. Seree Juiprik and Nitaya Kitewachakul
Chapter 4: Creative Silviculture

Simple Participatory Inventory: A Key Factor for Sustainable Forest Management 141
Robin aus Der Beek

Silviculture by villagers? The use of Non-Timber Forest Products as a basis for community forest management in Lao PDR 153
Joost Foppes and Sounthone Keptanh

Creative Silviculture by the Community Forest User Groups in the Hills of Nepal 163
R.M. Dhital, M.P. Pokhrel, L.R. Poudel and S.P. Dahal

Designing Technical Interventions in Community Forest Management: Experiences from the Social Forestry Development Project 174
Song Da, North-West Vietnam
Urlich Apel

Multi-storied Tree Cropping Systems: A Sustainable Land Use System 184
M.A. Rahim

Yield Regulation Techniques for Community Forestry Management in Nepal: Some Constraints and Opportunities 189
M.R. Maharjan

Cultivating Exotic Trees: Examples from the Royal Project Foundation in Angkhang Highland, Thailand 201
Bunvong Thaiutsa

Chapter 5: Big Trees for Small People – Community-based Commercial Logging

Participatory Planning and Management in Philippines Community-based Forestry 209
Ernesto S. Guiang and Bruce R. Harker

Managing the Forest with Villagers: An Experience from Dong Kapho State Production Forest in Savannakhet, Lao PDR 221
Kamphay Manivong and Bernice Muraille

Big Trees for Small People: Opportunities for Community management of Nepal’s Terai Forests 238
Shyam Kaji Shrestha

Closer to Nature: Village Forest Management based on Low-intensity Logging 245
Manuel Bonita and Phoutone Sophathilath
