Sustainable Development at Universities: New Horizons
Table of Contents

Foreword ............................................................................................................................................. 15

I. Implementing Sustainable Development in the Curriculum

Chapter 1
Building Sustainability Leaders: A Framework to Prepare Students to Thrive on Complexity and Lead Transformative Changes
Michael Shriberg ................................................................................................................................. 19

Chapter 2
Fostering Rapid Transitions to Education for Sustainable Development through a Whole-System Approach to Curriculum and Organizational Change
Cheryl J. Desha and Karlson 'Charlie' Hargroves ................................................................................ 29

Chapter 3
Promoting Education for Sustainable Development through Grassroots Action in Malta: An Example of NGO-University Collaboration
Paul Pace .................................................................................................................................................. 47

Chapter 4
Convergence and Confluence: A Systems Thinking Approach to Integrated Sustainability in Higher Education
Jennifer Thompson and Amelia Mayahi .................................................................................................. 59

Chapter 5
Bridging the Gaps to Develop Graduate Capabilities for Sustainability
Anne Sibbel .............................................................................................................................................. 71

Chapter 6
Experiencing Transformation in Sustainability: A Student Perspective
Jennie Winter, Debby Cotton and Vivien Grant ....................................................................................... 85

Chapter 7
Enabling University Leaders to Serve as Role Models for Sustainable Development
Chris Shiel .................................................................................................................................................. 97

Chapter 8
Making Education for Sustainability Work on Campus: The Proposals of the Roundtable on Environmental Systems and Sustainability
Chapter 9
Monitoring Changes in the Sustainability Attributes of Higher Education Students in a New Zealand University
Kerry Shephard, John Harraway, Brent Lovelock, Sheila Skeaff, Liz Slooten, Mick Strack and Tim Jowett ................................................................. 117

Chapter 10
Needs for Tailored Knowledge and Skill-Based Education for Sustainable Development: Balkan Environment Life Leadership Standards Courses
Andelka Mihajlov ........................................................................................................ 127

Chapter 11
Student Expectations on Content and Pedagogy for Sustainability within Textiles and Apparel Curricula
Anupama Pasricha ........................................................................................................ 135

Chapter 12
Inclusion of Environmental and Social Aspects of Sustainability in Industrial Design Education
Mariano Ramirez .......................................................................................................... 149

Chapter 13
Using Sustainability in the Integrative Training of Engineering Students in Canada
Tatiana Teslenko .......................................................................................................... 159

Chapter 14
The Value of Authentic Learning Spaces to Facilitate Education for Sustainable Development in Open and Distance Learning
Rudi Pretorius .............................................................................................................. 169

Chapter 15
Complexity of Campus Sustainability Discourse
Tamara Savelyeva and Jae Park .................................................................................. 183

Chapter 16
Faculty Enrichment Program for Infusing Sustainability Education across the University Curriculum
William M. Stigliani, Catherine Zeman and Gowri Betrabet Gulwadi ......................... 193

Chapter 17
Climate Justice Partnership Linking Universities and Community Organizations in Toronto, Durban, Maputo and Nairobi
Patricia E. Perkins and Ana Louise Tavares Leary ..................................................... 207

Chapter 18
Ecohumanities and Service Learning: New Directions in Pedagogy
Kelly A. Parker ........................................................................................................... 217
Chapter 19
The Development of a Multidisciplinary Sustainable Business Leadership Degree in a Post-Secondary Institute
Mark Giltrow ................................................................. 225

Chapter 20
The Sustainable Management and Promotion of Territory: A Strategic Operative Education Plan and Training as a Result of Collaboration between Perugia University, Todi's State Technical Agricultural College and the Local Municipality
Adriano Ciani ................................................................. 235

Chapter 21
International MSc Programme “Environmental Management and Cleaner Production”: A Success Story
Jurgis Kazimieras Staniskis .................................................. 247

Chapter 22
A Model for Enhancing Education for Sustainable Development with Management Systems: Experiences from the Nordic Countries
Tove Holm, Kaisu Sammalisto, Timo Vuorisalo, Thomas S. Grindsted .................................................. 261

Chapter 23
Developing People and Transforming the Curriculum: Action Research as a Method to Foster Professional and Curriculum Development in Education for Sustainable Development in Higher Education
Gisela Cebrián, Marcus Grace and Debra Humphris .................................................. 273

Chapter 24
Introducing the Methodology Background of the Lifestyle Index of Sustainability
Kira Giesecke ................................................................. 285

Chapter 25
Impacts of Sustainability Courses on the Behavior of Business School Students
Menno de Lind van Wijngaarden and Julia Planko .................................................. 303

Chapter 26
Sustainable Development in Higher Education in the Muslim World
Fayyaz Vellani and Naveed Nanjee .................................................. 311

Chapter 27
Incorporating Sustainability in Curricula while Meeting Entrenched Traditional Learning Outcomes
Matthew Rockall ................................................................. 319

Chapter 28
Teaching Sustainable Management to US Undergraduates: Learning to be Change Leaders
Diana C. Cooper ................................................................. 333
II. Implementing Sustainable Development in University Activities

Chapter 29
Implementing Sustainability at the Campus – Towards a better Understanding of Participation Processes within Sustainability Initiatives
Antje Disterheft, Sandra Sofia Ferreira da Silva Caeiro, Ulisses Manuel de Miranda Azeiteiro and Walter Leal Filho ................................................................. 345

Chapter 30
A National Programme to Support Education for Sustainable Development in the United Kingdom: University Experiences of the HEA Green Academy Programme
Simon Kemp, Stephen Scoffham, Peter Rands, Alastair Robertson, Zoe Robinson, Sarah Speight, Antonius Raghubansie and Heather Luna ................................................................. 363

Chapter 31
Greening the Campus: The Economic Advantages of Research and Dialogue
Eric Pallant, Kelly Boulton and David McNally ................................................................. 373

Chapter 32
"Don’t Think Twice – This is the Opportunity of a Lifetime!": Students’ [Passionate] Engagement with Processes of Greening the Campus
Beatriz Acevedo, Romas Malevicius, Sarah Johnson and Charlotte Bonner ................................................................. 383

Chapter 33
Change-Agents in Sustainability Governance: Institutional Transformation at Three Institutions of Higher Education
Valentin Tappeser and Arian Meyer ................................................................. 395

Chapter 34
Sustainable Development of Universities and the “University of Sustainable Development”: Experience from Russia
Natalia Tihomirova, Siarhei Zenchanka and Siarhei Malchenka ................................................................. 405

Chapter 35
Integrating Sustainability throughout an Institution: Eden Hall Campus and the School of Sustainability and the Environment
David M. Hassenzahl, Molly Mehling and Esther Barazzone ................................................................. 417

Chapter 36
Transformation to a Sustainable-Led University: Insights from the South-East Asia Region
Mostafa Nejati, Amirul Shah Md Shahbudin and Azlan Amran ................................................................. 427

Chapter 37
Exploring the Usefulness of Problem-Based Learning in Education for Sustainable Development: A Case Study
Lukas Paul Fesenfeld, Charlotte Filiz Merten, Christoph Michael Schulze, Felix Tilmann Vahle and Dennis Redeker ................................................................. 437
Chapter 38
Effective Structures for Sustainability Programs in Higher Education
Lauren C. Edmonds and John P. Swaddle ................................................................. 449

Chapter 39
Enhancing the Sustainability Element in Chemical and Biological Engineering Problem-Based Laboratories by Partnering with Community Groups
Royann Jean Petrell and Susan Anne Baldwin ......................................................... 461

Chapter 40
An University-Based Assessment of the Levels of Sustainability of Maritime Transport Systems in the Baltic Sea Region: Experiences from Warsaw University
Ljubov Kohutnicka ....................................................................................................... 471

Chapter 41
The Campus as a Teaching Tool: A Case Study of Macalester College’s EcoHouse
Suzanne Savanick Hansen and Christopher W. Wells .............................................. 479

Chapter 42
Teacher Preparation Programs: Integrating Sustainability Education Components Using a Social Justice Framework
Louise Gonsalvez ........................................................................................................ 493

Chapter 43
Developing a First-Time Sustainability Report for a Higher Education Institution
Natalia Moudrak and Amelia Clarke ........................................................................... 505

Chapter 44
Promoting Transparency of Sustainability Factors through Responsibility Reporting: A Case study
Arja Sinkko .................................................................................................................. 521

Chapter 45
The Ethical Dimension of Sustainability in Higher Education: Applying the Principles of the Earth Charter in Malaysia and Beyond
Brandon P. Hollingshead, Peter Blaze Corcoran, Adnan A. Hezri, Kanayathu Chacko Koshy, Joseph P. Weakland and Zakri Abdul Hamid .............................................. 529

Chapter 46
Evolving and Implementing Green Campus Strategies in Indian Higher Educational Institutions for Sustainable Development
Gopalsamy Poyyamoli, Arun Prasath Ramaswamy, Muthu Nandhivarman and Golda Arpudhalin Edwin ................................................................. 541
### III. Implementing Sustainable Development in Research and in Outreach Programmes

Chapter 57
Connecting Universities and Stakeholders through Integrated Climate Services at Local and Regional Level: The EU-FP7 ECLISE Project Experience
Mihaela Sima, Dan Bălteanu and Ines Grigorescu ................................................................. 681

Chapter 58
Water Management and Reuse Strategies at Pondicherry University: Sustainable Alternatives
Golda Arpudhalin Edwin, Gopalsamy Poyyamoli, Arun Prasath Ramaswamy and Muthu Nandhivarman ................................................................. 697

Chapter 59
Integrated Organic Kitchen Waste Management for Campus Sustainability: A Case Study of Pondicherry University, India
Muthu Nandhivarman, Golda Arpudhalin Edwin, Arun Prasath Ramaswamy and Gopalsamy Poyyamoli ................................................................. 709

Chapter 60
Studying Sustainability through Research with the Floating University Program
Lev Karlin, Mikhail Shilin, Tatjana Eremina, Alexandra Ershova and Alexey Suzyumov .... 723

Chapter 61
Change from Below: Student Initiatives for Universities in Sustainable Development
Moritz A. Drupp, Alejandro Esguerra, Lena Keul, David Löw Beer, Simon Meisch and Felix Roosen-Runge

Chapter 62
Community Leadership within Universities: A Guide to Sub-institutional Sustainability Planning
Melissa Goodall and Allison Potteiger ...................................................................................... 743

Chapter 63
Bridging Disciplinary and Professional Divides to Improve International Development Research at Universities
Emily Anderson, Kieran M. Findlater, Olivia E. Freeman, Jordan Levine, Cynthia Morinville, Megan Peloso, Lucy Rodina, Gerald Singh, Dawit Tesfamichael, Leila Harris and Hisham Zerriffi ................................................................. 753

Chapter 64
Putting Concepts of Sustainable Development into Practice at Higher Education Institutions: Experiences from the SKINT Project
Walter Leal Filho ...................................................................................................................... 771
IV. Latin America

Chapter 65  
Fostering Sustainable Development at the Post-Graduate Level: Experiences from LATEC’s Master’s Programme in Systems Management  
Osvaldo Luiz Gonçalves Quelhas, Marcelo Jasmim Meiriño, Sérgio Luiz Braga França, Valdir de Jesus Lameira and Leonardo Bezerra Pimentel ................................................................. 781

Chapter 66  
Towards Sustainable Electricity Generation in Latin America: The Footprint of the REGSA Project  
José Baltazar Salgueirinho Osório De Andrade Guerra, Youssef Ahmad Youssef and Veronika Schulte ................................................................. 795

Chapter 67  
Case Studies of University Contribution towards the Development of Renewable Energy in Chile  
Luis Vargas, Guillermo Jimenez and Manuel Díaz ................................................................. 811

Chapter 68  
The Institutionalization of Sustainability at the University of Sonora Mexico  
Munguía Nora, Javier Esquer Peralta, Zavala Andrea and Velazquez Luis ................................................................. 823

Chapter 69  
Practical Strategy for Sustainable Development in Education: The Green Office’s Case of the Federal University of Technology of Paraná, Curitiba, Brazil  
Eloy F. Casagrande Jr., Bruno V. Kobiski, João Gois and Libia Patricia P. Agudelo ............... 829

Chapter 70  
Towards a Sustainable Campus at Universidad de Chile: The Key Role of Students  
Francisco Bucchi, Martín Jacques-Coper and Pablo Sánchez ................................................................. 845

Chapter 71  
Sustainability as an Integration Proposal for Teaching: A Study of the Pedagogical Projects of the Management Courses at the Federal Institute of Education, Science and Technology of Rio Grande do Sul (IFRS)  
Lisiane Celia Palma and Daniela Rodrigues da Silva ................................................................. 857

Chapter 72  
Sustainable Coastal Management at the Public University in Uruguay: A Southern Cone Perspective  
Daniel Conde, Daniel de Álava, Denise Gorfinkiel, Rodrigo Menafra and Ingrid Roche ....... 871

Chapter 73  
Environmental Management on University Campuses in Southern Brazil  
Claudio Senna Venze, Luis Felipe Nascimento, Luciana Paulo Gomes and Darci Barnech Campani ................................................................. 885
Table of Contents

Chapter 74
A Development Model of Social Responsibility Competencies for Sustainable Development in the School of Economics and Business at the University of Chile
*Oscar Jerez Yañez, Freddy Coronado Martinez and Gabriela Valenzuela Arcuch* ................. 899

Chapter 75
Solar Power to the People: The Solar Energy Workshop at *Universidad de Chile*
*Martin Jacques-Coper, Pablo Sánchez, Ernesto Frodden, Francisco del Campo, José Ignacio Sánchez, Diego Oyarzo, Juan Macías, Francisco Bucchi and Ismael Aguilera* ...... 913

Chapter 76
Sustainable Campus Building in Complex Conditions
*Felipe Rodrigo Horta Jaques, Carolina Andrea Cares Inostroza and Guido Leonardo Olave Reyes* ................................................................. 929

Chapter 77
Learn How to Manage Sustainability through Designing an Eco-Taxes Proposal
*Gabriela Toledo Román and Oscar Jerez Yañez* ................................................................. 939
