FIGURES

3.1: Multidimensional Scaling Analysis of the Short Form of the Black Racial Identity Attitude Scale  39
4.1: Stages and Phases of White Racial Identity Development  56
4.2: A Workshop Activity on Self-Assessing White Racial Identity  63
6.1: A Psychodiagnostic Model of Racial Identity Development  85
8.1: Decision-Making Styles as a Function of Racial Identity Cluster Membership  129
10.1: Relationships among Counselor Intentions, Client Reactions, and Counselor and Client Racial Identity Attitudes for White Counselor/Black Client Dyad Types  154
10.2: Relationships among Counselor Intentions, Client Reactions, and Counselor and Client Racial Identity Attitudes for Black Counselor/White Client Dyad Types  158
10.3: Relationships among Counselor Intentions, Client Reactions, and Counselor and Client Racial Identity Attitudes for White Counselor/White Client Dyad Types  160
TABLES

2.1: Summary of Negrescence Models of Racial Identity

2.2: Summary of General Characteristics of the Black Racial Identity Stages

3.1: Summary of Grace's Intercorrelations among Black Racial Identity Attitude Scales

3.2: Items Comprising the Black Racial Identity Attitude Scale (RIAS-B)

4.1: Summary of White Racial Identity Models

5.1: Preliminary Means (M), Percentiles (%ile), and Standard Deviations (SD) for the White Racial Identity Attitude Scale

5.2: Summary of Studies of the Reliability of the White Racial Identity Attitude Scale

5.3: Summary of Matrix of Correlations among the White Racial Identity Attitude Scale

5.4: Summary of Factor Analysis of the White Racial Identity Attitude Scale Items

7.1: Kluckhohn and Strodtbeck's Value Orientations Model with Alternative Solutions

7.2: Summary of Multiple Regression Analyses for Value Orientations and White Racial Identity Attitudes

7.3: Summary of Means (M) and Standard Deviations (SD) for Men's and Women's Value Orientations

8.1: Summary of Means (M) and Standard Deviations (SD) of Decision-Making Styles and Demographic Variables

8.2: Summary of Regression Analyses Predicting Decision-Making Styles from Sex, Social Class, and Racial Identity Attitudes

8.3: Summary of Means (M) and Standard Deviations (SD) for Racial Identity Clusters

9.1: Examples of the Four Types of Counseling Relationships Based on Racial Identity Stages

11.1: Summary of Partial Correlations between Racial Identity Attitudes and Client Reactions Measures

12.1: Summary of Relationship Types Defined by Various Combinations of Racial Identity

12.2: Examples of Regressive Relationship Types Using Various Partner Interactions
13.1: Dimensions of Group Leader and Coalition Parallel Same-Race Relationships 202
14.1: Sample Workshop Interaction with Observer Ratings 215
