List of Figures

1.1 Global patterns of AIDS 10
2.1 Reported and estimated AIDS cases, September 1990 20
2.2 WHO Delphi projection of global AIDS 21
2.3 AIDS cases per million in Africa, 1990 24
2.4 Cumulative AIDS cases in Uganda up to May 1990 25
2.5 Year of death and number of parents of 'orphans' in Rakai and Hoima Districts, Uganda 28
2.6 Sub-counties, towns and roads, Rakai District, Uganda 30
2.7 Cumulative numbers of deaths of parents by sub-county, Rakai District, Uganda 31
2.8 AIDS cases by age and gender, Uganda 1989 34
4.1 Short, medium and long wave disasters 56
4.2 Access to resources and vulnerability in the face of AIDS 63
6.1 Incremental AIDS deaths within a household 89
6.2 Histogram of changes in production/consumption ratios over the last five years 101
6.3 Household coping mechanisms in the face of AIDS 106
8.1 Algorithm for classifying farming systems according to their vulnerability to labour loss as a result of AIDS 133
8.2 Vulnerability of farming systems to labour losses as a result of AIDS in Uganda 144
8.3 Cumulative rates of reported AIDS mortality, Uganda 146
8.4 Estimated district-wise seroprevalence, Uganda 147
8.5 Wet and dry seasons in the tropics 150
9.1 Drought, famine, refugees and warfare in Africa 154
