List of Tables / xv

Preface / xix

Acknowledgments / xxiii

- 1** **The Genesis of Monetary Control and the First Bank of the United States / 1**
 - Institutions of Monetary Control / 1
 - Principles for the Operation of Metallic Standards / 2
 - The First Bank of the United States: Arguments of Alexander Hamilton / 4
 - Congressional Debate over the Bill for the First Bank / 7
 - The Operational Role of the First Bank / 9
 - The First Bank as a Central Bank / 10

- 2** **Treasury Policy, 1811–1820 / 13**
 - The Conventional View of Monetary Policy, 1811–1820 / 13
 - Government Financial Operations during the War of 1812 / 14
 - Incorporation of the Second Bank of the United States / 18
 - Preparations for the Resumption of Specie Payments / 20
 - The Recession of 1818–1819 / 23
 - Secretary Crawford's Norms for the Monetary System / 25

- 3** **Central-Banking Growth of the Second Bank of the United States / 28**
 - Origin of the Second Bank as a Public-Commercial Bank / 28
 - Emergence of the Second Bank as a Central Bank / 30
 - The Second Bank Investigated by a Congressional Committee / 33
 - The Second Inquiry by a Congressional Committee / 37
 - Biddle's Case before the Congressional Investigating Committee / 40
 - Jackson's Veto of the Recharter Bill / 41

- 4** Decline of the Second Bank and Rise of the Treasury / 43
 Political Conflict over the Second Bank of the United States / 43
 Devaluation of the Gold Dollar (1834) / 46
 Federal Regulation of the Deposit Banks / 47
 Secretary Woodbury's Policy toward the Deposit Banks / 49
- 5** The Specie Circular and the Distribution of the Surplus / 51
 The Effects of the Specie Circular on Public Land Sales / 51
 Events Leading to the Surplus Distribution / 53
 The Effect of the Surplus Distribution on the Banking System / 55
 General Bank-Credit Contraction, Suspension, and the Panic of 1837 / 56
 Secretary Levy Woodbury's Financial Policy / 59
 The Effects of Imports and Exports of Specie on the Banking Crisis / 61
- 6** The Independent Treasury System before the Civil War / 65
 Political Development of the Independent Treasury / 65
 Whig Attempts to Reincorporate a National Bank / 68
 Treasury Note Issues between 1812 and 1860 / 71
 Countercyclical Treasury Policy / 74
 Treasury Open-Market Operations / 77
 Summary of Central-Banking Development before 1860 / 82
- 7** Civil War Inflation and Postwar Monetary Policies / 84
 Civil War Effects on the Currency System / 84
 The National Bank Act / 86
 Alternative Possible Policies after the Civil War / 88
 The Policy of Currency Contraction / 89
 Treasury Gold Policy / 91
 Governmental Policies in Allocating National Bank Notes / 93
 Treasury Monetary Policy in the 1870s / 97
 Civil War Financial Policy in the South / 102
- 8** The Panic of 1873 and Resumption / 104
 Monetary Conditions Presaging the Panic of 1873 / 104
 Treasury Policy during the Panic of 1873 / 105
 Political Attitudes toward Resumption / 107
 The Act Providing for the Free Issue of National Bank Notes / 109
 Political Factors in Passing the Resumption Act / 110

Treasury Implementation of the Resumption Act / 113
 The Influence of Silver on the Economics of Resumption / 113
 Something for Silver: the Bland-Allison Act / 115
 Summary of Post-Civil War Monetary Policies / 116

9 Controversy over Currency Denominations / 118

Arguments over the Issue of Small-Denominational Paper Money / 118
 Small-Note Issues in England and the United States before 1820 / 120
 Private Issues of Small Notes before and after the Civil War / 121
 The Effect of Denominational Shortages on the Measured Velocity of Money / 124

10 The Political Origin and Judicial Sanction of the Greenbacks / 129

Legislative Evolution of the Greenbacks in 1861–1862 / 129
 The Question of the Greenbacks' Constitutionality / 133
 Practical Judicial Alternatives to the Supreme Court's Sanction of the Greenbacks / 138
 Juridical Review of the Legal Tender Decisions / 139
 Economic and Political Review of the Supreme Court Decisions / 141
 Review and Analysis of the Money Clauses in the Constitution / 143

11 The Golden Cloud with the Silver Lining / 146

Currencies in Circulation after the Civil War / 146
 Treasury Currency Policy / 149
 Congressional Disputes over Silver Policy / 152
 Congressional Controversy over the Size of the Treasury's Cash Balance / 154
 Deposit of Treasury Balances in National Banks / 160
 Summary of Monetary Events in the 1880s / 164

12 The Fall of Silver / 166

The Political Fortunes of the Silver Movement up to 1890 / 166
 The Treasury Note Act of 1890 / 167
 The Schism on Silver Policy between Congress and the Executive / 170
 Congressional Controversy over the Mint Price of Silver / 171
 Political Pressures from the Cleveland Administration / 174
 Filibuster in the Senate / 175

Democratic Attempts to Promote a Compromise Bill / 177
 Principles of Polity Revealed by the Repeal of the Silver-
 Purchase Clause / 179

13**Monetary Policy in the Golden Era / 183**

Treasury Policy under Secretary Gage: The Gold Standard
 Act / 183
 The Independent Treasury Becomes a Central Bank under
 Secretary Shaw / 186
 Popular and Professional Criticism of Shaw's Policies / 190
 Treasury Policy under Cortelyou in 1907 / 195
 Further Arguments on Treasury Policy / 196

14**The Central-Banking Role of Clearinghouse
 Associations / 198**

Institutional Origin of Clearinghouse Associations / 198
 Development of Clearinghouse Loan Certificates / 199
 Characteristics of Clearinghouse Policy / 200
 Extension of Clearinghouse Media / 202
 The Legality of Clearinghouse Issues / 202
 Some Contemporary Views of Clearinghouse Central
 Banking / 204
 Proposals for Legalizing the Clearinghouse System / 205
 Restriction and Suspension of Cash Payments during a
 Panic / 207
 Monetary Reform Legislation / 209
 Résumé of the Clearinghouse Episode / 210
 Critical Reassessment of the Private Clearinghouse "Central
 Bank" / 212

15**Advent of the Federal Reserve System / 214**

The Aldrich-Vreeland Act / 214
 The National Reserve Association / 217
 Issues in the Formation of the Federal Reserve Act / 219
 The Blind Men and the Elephant / 231

16**Summary of Central-Banking Development up to 1914 / 235**

Stages of Political Control over the Production of Money / 235
 Early English Experience with Paper-Money Issues under a Gold
 Standard / 237
 Henry Thornton's Norms for Bank of England Policy / 238
 Early Experience in the United States with Government Paper
 Money / 240
 Central-Banking Features of the Banks of the United
 States / 241

Monetary Policies of the Independent Treasury / 243
 Bank of England Policy after 1844 and Bagehot's
 Prescriptions / 245
 Pre-Federal Reserve Monetary Developments in the United
 States / 248
 The Formal Emergence of Central Banks as Lenders of Last
 Resort / 250

17

The Real-Bills Era of the Federal Reserve System / 254
 Institutional Predecessors of the Federal Reserve System / 254
 The Role of the Federal Reserve Board of Governors / 255
 Federal Reserve Support of Treasury Policy during World
 War I / 258
 The Gold Standard Act and the Real-Bills Doctrine as Criteria
 for Creating Money / 259
 Early Federal Reserve Experience with Open-Market
 Operations / 261
 Monetary Aggregates and Monetary Gold, 1917-1934 / 263
 The Fed as a Promoter of Monetary Elasticity / 266
 The Fed's Discount Policy during the Contraction / 269
 The Federal Reserve Banks' Gold Reserve Policy / 269
 The Role of Gold in Central-Bank Policy / 270
 The Effects of Reserve Requirements on Monetary
 Adjustment / 272

18

The Appearance of the Political Federal Reserve
 System / 274
 New Deal Institutions and Banking Legislation / 274
 Gold and Silver Legislation in the Mid-Thirties / 278
 The Most Important Variable: Federal Government
 Revenues / 279
 U.S. Treasury Monetary Policies in the Mid-Thirties / 279
 The Banking Act of 1935: The Rule of Men in Policy / 282

19

The Reserve Requirement Experiment of the
 Mid-Thirties / 288
 Effects of Gold Inflows on Bank Reserves after 1935 / 288
 The Move to Increase Member Bank Reserve
 Requirements / 289
 Possible Monetary Effects from Reserve Requirement
 Increases / 291
 Effects of Reserve Requirement Changes / 294
 U.S. Treasury Gold Policy / 295
 Professional Reaction to Treasury and Federal Reserve
 Policies / 296

- 20** **The Disequilibrium Era: 1940–1951 / 300**
 Money Stock Growth during World War II / 300
 Treasury Federal Reserve Interest-Rate Policy / 304
 The Federal Government's Price-Wage Control Program / 305
 The Validity of the Accounted Price Level Data for the War
 Years / 306
 Reaction of Professional Economists to the Fed's Wartime
 Policies / 309
 Economists' Guidelines for Federal Reserve Policy / 311
 The Treasury's Further Attempts to Subjugate the Fed after
 1950 / 312
- 21** **The Post-Accord Era of the Fed: 1951–1967 / 316**
 Treasury Federal Reserve Relationships / 316
 Congressional Subcommittees Review the Federal Reserve's
 Role / 318
 Congressional Subcommittee Views on the Gold Standard: The
 Debate with Walter Spahr / 320
 Monetary Principles of Senator Paul Douglas / 325
 The Fed's Reserve Requirement Policy from 1948 to 1958 / 327
 Fed Banks' Balance-Sheet Changes after 1958 / 328
- 22** **Destabilizing Factors in Federal Reserve Policy,
 1967–1980 / 332**
 Federal Reserve Policy Generates Seigniorage / 332
 Interactions between Money and Prices: The Real Money
 Stock / 332
 The Fed's Accommodation–Interest-Rate Policy / 334
 The Effect of the Treasury's Fiscal "Needs" on Fed Policy / 338
 The Monetary Aggregates Come into Fed Policy / 339
 Nixon's "New Economic Policy"—Four Thousand Years Old /
 340
 "Stimulation" and "Accommodation": A Recipe for Sustained
 Inflation / 341
 Federal Reserve Rationalization of Its Inflationary Policies / 342
 Chairman Burns's Valedictory on Fed Monetary Policy / 345
- 23** **Monetarism and the Pseudo-Monetarism of Federal Reserve
 Policy, 1979–1983 / 348**
 The Development of Pseudo-Monetarism in FOMC Policy / 348
 Inflation under "Monetarism" / 350
 The FOMC Reversal to a Policy of Monetary Stringency / 353
 Chairman Volcker's Case for Fed Policy / 354
 Election Results in 1980 as an Influence on Monetary
 Policy / 356

- Comparison of Fed “Monetarism” with Authentic Monetarism / 358
 - The End of Fed “Monetarism” / 360
- 24** The Monetary Control Act of 1980 / 362
 - The Legislative Ancestry of the Monetary Control Act / 362
 - The “Problem” of Commercial Bank Membership / 363
 - The Discount Window Anachronism / 365
 - The Mystery of Collateral Provisions for Federal Reserve Notes in Title I / 366
 - The Impossibility of Inadequate Collateral for Federal Reserve Notes / 369
 - Chairman Volcker’s Financial Connections Suggest a Conflict of Interest / 370
 - The “Problem” of Paying Interest on Member Bank Accounts at Fed Banks / 372
- 25** The Federal Reserve Approach to Price Level Stability (I) / 375
 - Results of Abolishing Interest-Rate Restrictions / 375
 - Interest-Rate Deregulation and the Velocity of Money / 376
 - Foreign Holdings of Federal Reserve Notes / 377
 - Economic Implications of Foreign Holdings of U.S. Currency / 377
 - Chairman Volcker’s Eclectic Stance on Monetary Policy / 379
 - First Tendencies toward Price Level Stability / 380
 - Chairman Volcker’s Views on Price Level Stability / 383
 - Fed Policy in the Presence of Price Level Stability / 385
 - Price Level Stability: The Road Not Taken / 389
- 26** The Federal Reserve Approach to Price Level Stability (II) / 390
 - Federal Reserve Pursuit of Price Level Stability under Chairman Alan Greenspan / 390
 - Congressional Support for the Fed’s Stable Price Level Policy / 393
 - A New Norm in the FOMC Policy Directive / 394
 - Support from Fed Bank Presidents / 395
 - The “Contribution” of the Executive Branch to the Stable Price Level Initiative / 399
- 27** What the Fed Cannot Do; What the Fed Can Do; What the Fed Should Do / 402
 - Federal Reserve Stewardship over the Real Stock of Money / 402

Academic Treatment of Price Level Stability as a Norm for Fed Policy /	407
The Current Initiative for Price Level Stability /	409
Are Central Banks either Necessary or Desirable? /	411
Legal Restrictions on Banking Aggravate Monetary Instability /	413
The Money Clauses in the Constitution and Government Production of Money /	414
Constructing a Constitutional Monetary System from Present-day Institutions /	416
Privatizing the Government's Gold Stock /	418
<i>Notes</i> /	421
<i>Bibliography</i> /	475
<i>Name Index</i> /	485
<i>Subject Index</i> /	490

Tables

- 2.1 Authorizations and outstanding issues of treasury notes, 1812–1817 / 15
- 2.2 Principal assets, liabilities, and number of reporting incorporated banks in the United States, and total treasury notes outstanding, 1809–1818 / 16
- 2.3 Federal fiscal expenditures and receipts and cash balance position of the Treasury, 1812–1821 / 22
- 3.1 Selected assets and liabilities, and reserve ratios of the Second Bank of the United States, 1817–1840 / 30
- 3.2 Principal items in the balance sheet of the Bank of the United States / 39
- 5.1 Land sales in the United States by quarters, 1836–1838 / 53
- 5.2 Sales and prices of public lands, 1833–1837 / 54
- 5.3 Specie reserves and demand liabilities of all banks, and reserve ratios / 55
- 5.4 Specie reserves and demand liabilities of deposit banks, and reserve ratios / 56
- 5.5 Statistics of Treasury balances in the state banks and distributional shares due each state and each region / 57
- 5.6 Interstate transfers ordered by Treasury for first *two* installments of the surplus / 59
- 5.7 Net specie flows to or from the United States, 1832–1843 / 62
- 6.1 Stock of money, prices, and specie flows, 1833–1860 / 66
- 6.2 Governmental expenditures, receipts, cash balances, and changes, 1832–1861 / 75
- 7.1 Stock of money and components, 1860–1868 / 90
- 7.2 Bank-note circulation in 1862 and 1873 / 97
- 7.3 Selected statistics for all national banks, March 1870 to October 1878 / 98
- 8.1 Current assets and liabilities of the Treasury / 105
- 8.2 Ratio of reserves to liabilities on selected dates for national banks in states, redemption cities, and New York City / 105

- 8.3 Average weekly liabilities and reserves of national banks in New York City for September and October 1873 / 106
- 9.1 Number of pieces of standard currency denominations in the United States, wholesale prices, and average denominations, 1868–1891 / 126
- 9.2 Total denominations, average money and real denominations, and corresponding rates of growth, 1868–1879 and 1879–1891 / 127
- 10.1 Characteristics of federal government note issues, 1812–1861 and 1862–1865 / 130
- 11.1 Gold and silver coin and bullion in the United States Treasury, treasury paper currency in circulation, and ratios of gold and silver to currency, and gold to currency, 1880–1900 / 150
- 11.2 Values for currencies in circulation, excluding gold coin, and absolute changes between March and September, 1880–1900 / 158
- 11.3 Treasury deposits in national banks, 1880–1900 / 162
- 13.1 Selected items in balance sheets of all national banks and Treasury balances, 1901–1907 / 191
- 14.1 Loan certificate issues and reserves of the New York Clearinghouse banks for selected dates / 204
- 17.1 Monetary base, M_1 , real M_1 , Federal Reserve gold reserves and demand liabilities, prices, and year-to-year growth in these series, 1917–1934 / 264
- 17.2 Nominal and real components of the money stock, 1925–1935 / 267
- 17.3 Federal Reserve banks' outstanding monetary obligations, gold reserves, and the reserve ratio of gold to total gold obligations, February and August, 1928–1938 / 271
- 18.1 Gold and silver stocks in U.S. Treasury, 1918–1942 / 281
- 19.1 Selected data of all member banks, unemployment, prices, actual and potential money supply, and a computed "full employment" money supply, 1935–1942 / 293
- 20.1 Federal Reserve banks' Consolidated Statement of Condition, December 31, 1941 / 301
- 20.2 Federal Reserve monetary liabilities, M_1 , private creation of money, prices, and nominal and real values with annual changes, 1934–1951 / 302
- 20.3 Gross National Product in nominal and real terms, prices, civilian labor force, GNP per worker, 1941–1954 / 307
- 21.1 Federal Reserve monetary liabilities, M_1 , private creation of money, nominal and real values with annual changes, and prices (CPI), 1951–1966 / 328
- 21.2 Reserve requirements of member banks / 330
- 21.3 Balance sheet for all Reserve banks, December 1948 / 330
- 21.4 Balance sheet for all Reserve banks, June 1958 / 330

- 21.5 Balance sheet for all Reserve banks, January 1967 / 330
- 22.1 Federal Reserve monetary liabilities, M_1 , private creation of money, nominal and real values with annual changes, and prices, 1966–1981 / 334
- 22.2 Annual rates of change in money stocks, and in velocities of money, 1966–1981 / 336
- 23.1 Actual changes in the monetary base and simulated monetarist changes, October 1979 to January 1983 / 359
- 25.1 Annual rates of change in money stocks and in velocities, 1981–1990 / 376
- 25.2 Federal Reserve monetary liabilities, M_1 , private creation of money, nominal and real values with annual changes, and prices, 1981–1990 / 380
- 27.1 Dividend income from and real appreciation or depreciation of monetary capital, 1951–1990 / 404
- 27.2 Rates of price level change and ratios of annual percentage changes in real dollars to annual percentage changes in nominal dollars, 1951–1990 / 406
